OUR HISTORY

North 49 Heating and Air Conditioning was founded on the idea of an HVAC company that can offer better customer service and deliver on what is promised with no questions asked.

As a certified and licensed Gas Fitter and HVAC Technician, Nathan Yerex started the company with one service vehicle and a goal to be a different and better HVAC company. Today North 49 Heating and Air Conditioning has grown to include a fleet of service vehicles all operated by qualified service technicians, a working showroom and an ever present desire to be a better HVAC company. North 49 is an award winning company, and an A+ accredited member of the Better Business Bureau.

As we have grown through the years, we have strived to stay at the forefront of the technological wave that is sweeping our industry. We have invested in training for all of our technicians along with the latest equipment and tools to make sure you are always getting the highest quality products and installations available.

With over 20 years of experience in the HVAC industry Nathan Yerex is always available to you if you have any questions, concerns or comments. Please call Nathan at 204-256-6784.
