# OIL BURNER SERVICE CONTRACT

**COMPREHENSIVE MAINTENANCE PLAN \$159.00**

Professional preventive care is recommended annually on heating systems to help save over 10% on your fuel usage and to keep you system safely running. During the annual maintenance our professional service technician will perform an oil burner tune up which will include the nozzle, pump strainer, and an oil filter. Once this is complete we will adjust the equipment for maximum efficiency. There after Township Oil will provide the customer with 24 hour 7 days a week with emergency service. Parts included in this price is as follows: Direct drive and belt drive blower motors up to 1/2 HP, nozzle, fuel oil filter, fuel pump strainer, ignition transformer, one circulator motor B&G series and Taco 007, primary burner control, standard thermostat, burner motor, burner coupling, ignition electrodes, and fan belt.

**AIR CONDITIONING TUNE UP \$89.00**

This inspection will include the start-up of the system, inspection of the blower, rinsing of the condenser coils if necessary, inspection of the condenser fan motor, and a standard air filter replacement. We also will check for proper operating pressure and adjust if necessary. Attic system and 410A unit may have a slightly higher charge. This will be done during your Pre-Season tune up.

## AUTOMATIC DELIVERY:

As we know life can become very busy so why worry about watching your gauge. With our sophisticated software system and automatic delivery we can track your fuel needs.

WILL CALL ACCOUNTS PLEASE ALLOW A 1 to 3 DAY WINDOW

## BUDGET PROGRAM PLAN:

Our budget plan is a ten month program that can help budget your cost of fuel for the season. Firstly, we will estimate your usage along with the current pricing to set a monthly budget cost. This cost may be adjusted at any time due to weather conditions and or fuel cost. Customer must keep current on the payments to stay on this plan to avoid coming off of automatic delivery. If requesting the budget program, please respond no later than June 1st.

## TERMS AND CONDITIONS

This comprehensive maintenance plan is available to those who agree to purchase fuel exclusively from Township Oil, Inc. as an automatic delivery customer. This is an annual plan and will be renewed annually, unless terminated in writing by the customer or Township Oil. Plan will become void if fuel is not purchased through Township Oil and no refund will be given. If customer permits any persons other than our employees to render service or tamper with equipment will result in termination of plan. Township Oil will not cover cost of labor or parts to repair the heating system due to customers neglect including, but not limited to having sufficient oil in tank, power switches being turned off or blown fuses. Please refer to this checklist if oil burner fails to operate first:

Be sure the oil burner switch is on, thermostat should be set above room temperature, Make sure that there is fuel in the tank, Press the reset button on relay once only and check to see if the flame comes on. If burner does not run at all than check for a blown or loose fuse. Lastly, if burner still fails to operate PLEASE CALL FOR SERVICE.

This plan does not cover parts that are damaged by water, fire, tampering and or abuse or any acts or God. Our obligation to supply parts is subject to their availability through normal sources of supply. This agreement includes only repair and replacement of parts listed which become defective due to normal wear. Any parts of furnace being used for central air conditioning are not covered. This plan does not cover liability for injury, loss, or damage resulting from defects in the operation or non-operation of equipment beyond our control. If credit terms are not met and account becomes delinquent Township Oil can terminate this plan.

Annual tune up and servicing will be done Monday through Friday from 8:00 a.m. to 4:30 p.m. Any service requested on weekends or after 4:30 will result in an additional cost.

**\$25**
