

# Ameren Missouri Heating and Cooling Program

## Rebate Chart for Replacement – Residential Electric Customers Only

Rebates valid for installs between January 1 and December 31, 2022.\*

Heating and Cooling Program Rebate Measures <sup>†</sup>	Single Family	Multifamily
<b>Air-Source Heat Pump Replacing Air-Source Heat Pump<sup>‡</sup> AHRI Rated</b>		
SEER 15 – Replace Air-Source Heat Pump	\$400	\$250
SEER 16 – Replace Air-Source Heat Pump	\$500	\$300
SEER 17 – Replace Air-Source Heat Pump	\$650	\$400
SEER 18+ – Replace Air-Source Heat Pump – Incentives vary by program and measure type. Ask your contractor about details and rebate opportunities.		
<b>Air-Source Heat Pump Replacing Central Air Conditioner and Electric Resistance<sup>‡</sup> AHRI Rated</b>		
SEER 15 – Replace Central Air Conditioner and Electric Resistance Furnace	\$600	\$400
SEER 16 – Replace Central Air Conditioner and Electric Resistance Furnace	\$750	\$450
SEER 17 – Replace Central Air Conditioner and Electric Resistance Furnace	\$900	\$550
SEER 18+ – Replace Central Air Conditioner and Electric Resistance Furnace – Incentives vary by program and measure type. Ask your contractor about details and rebate opportunities.		
<b>Air-Source Heat Pump Replacing Central Air Conditioner and Non-Electric Heat AHRI Rated</b>		
SEER 15 – Replace Central Air Conditioner and Non-Electric Heat	\$250	\$200
SEER 16 – Replace Central Air Conditioner and Non-Electric Heat	\$450	\$350
SEER 17 – Replace Central Air Conditioner and Non-Electric Heat	\$700	\$550
SEER 18+ – Replace Central Air Conditioner and Non-Electric Heat – Incentives vary by program and measure type. Ask your contractor about details and rebate opportunities.		
<b>Ground Source (Geothermal) Heat Pump<sup>‡</sup> AHRI Rated</b>		
EER 23+ – Replace Electric Resistance Furnace	\$1,800	Not Available
EER 23+ – Replace Ground Source (Geothermal) Heat Pump	\$700	Not Available
<b>EER requirements above are partial cooling load. Ground Source (Geothermal) Heat Pump rebates are only available when replacing a ground source heat pump or electric furnace, not when there is existing gas heat.</b>		
<b>Central Air Conditioner AHRI Rated</b>		
SEER 15 – Replace Central Air Conditioner	\$250	\$200
SEER 16 – Replace Central Air Conditioner	\$450	\$350
SEER 17 – Replace Central Air Conditioner	\$700	\$550
SEER 18+ – Replace Central Air Conditioner – Incentives vary by program and measure type. Ask your contractor about details and rebate opportunities.		
<b>Smart Thermostat</b>		
Qualifying Smart Thermostats – See website for current list.	\$100	

\*Replacement refers to removing an existing system and installing a new system. For projects that do not involve replacing systems, please refer to the new construction rebate chart for program details.

<sup>†</sup>Offer applies only to qualifying purchases. Visit [AmerenMissouriSavings.com/HVAC](http://AmerenMissouriSavings.com/HVAC) for full program details.

<sup>‡</sup>Ameren Missouri does not promote fuel switching or load building. The intent of these rebates is not to incentivize customers to use a different fuel source but to provide a portion of the cost for a more efficient unit once a fuel source has been chosen.

1/2022

## General Eligibility Information

- The equipment must meet the program’s eligibility requirements listed here to qualify for the rebate. Please confirm the eligibility of your system with a Participating Contractor.
- The dwelling must be associated with a current Ameren Missouri residential electric account.
- To be eligible for participation in the program, the dwelling unit must be one of the following:

### Single Family Eligibility

- Single family residence
- Building with four units or fewer, in any configuration
- Row house, which is defined as a single family dwelling unit that shares common vertical walls only with other single family dwelling units

### Multifamily Eligibility

- Multistory, multifamily dwelling units with greater than four units that also share a horizontal surface (floor or ceiling) with another dwelling unit
- A Participating Contractor must install qualifying equipment, and that contractor must be considered a Participating Contractor by the Heating and Cooling Program at the time of installation. Participating Contractors can be located by visiting [AmerenMissouriSavings.com/HVAC](http://AmerenMissouriSavings.com/HVAC) or calling 1.877.215.5752. When you call the Participating Contractor, mention that you are interested in Ameren Missouri rebates.
- All rebate applications and supporting documents must be submitted by a Participating Contractor within 30 days of installation and by December 15, 2022.

## New Equipment Rebate Eligibility

- Newly installed equipment must meet or exceed the Seasonal Energy Efficiency Ratio (SEER) or Energy Efficiency Ratio (EER) levels set forth by the program and documented by the Air Conditioning, Heating and Refrigeration Institute (AHRI).
- Existing operating CAC and ASHP being replaced must have a nameplate SEER rating below 14.0.
- Existing operating GSHP being replaced must have a nameplate EER rating of 12.0 or lower (partial cooling load).
- Existing failed CAC, ASHP or GSHP does not require maximum nameplate SEER/EER rating.
- Existing equipment that is operating must have an operational condenser to be classified as operating (early replacement).
- Rebate eligibility is dependent on the existing heating source. Please see the chart below for eligibility.

Does your house have a(n):	Then you may qualify for these program rebates <sup>5</sup> :		
	Air Conditioner	Air-Source Heat Pump	Ground Source Heat Pump
Air Conditioner With Gas Furnace?	Up to \$700	Up to \$700	No
Air Conditioner With Electric Furnace?	Up to \$700	Up to \$900	Up to \$1,800
Air-Source Heat Pump With Gas Furnace?	Up to \$700	Up to \$650	No
Air-Source Heat Pump With Electric Strip Back-Up Heat?	Up to \$700	Up to \$650	No
Ground Source Heat Pump?	No	No	Up to \$700

## Rebates for Higher Efficiency Systems

In addition to the incentives noted on this chart, Ameren Missouri works with HVAC distributors to promote the installation of higher efficiency equipment by providing rebates, education and training. For equipment such as 18+ SEER CAC and ASHP, and mini/multi-splits (ducted and/or ductless) systems, incentives vary by program and measure type. Ask your contractor about details and rebate opportunities.

<sup>5</sup>Some restrictions may apply. Valid for installations performed between January 1 and December 31, 2022. Visit [AmerenMissouriSavings.com/HVAC](http://AmerenMissouriSavings.com/HVAC) or call 1.877.215.5752 for full program details.
