## A word from the Owners

## Thank You to our Loyal Customers

Thank you to our loyal customers who have depended on us to meet your home comfort needs in the past. We know that in today's competitive market you have a variety of company choices. We appreciate all the new customer referrals we received. A referral is the highest honor and compliment. We will continue to offer the highest quality products available, on-going training for our staff, and prompt, courteous service. If we can ever make your experience with us better, please contact our office.

### *Spring* Has Sprung!!!

Spring brings so many new and fresh things to our brown, boring, end-of-winter world!! Pretty soon the trees will sprout leaves and splashes of color will overwhelm our senses.

With this renewal of foliage comes allergens invading our homes from all directions. Your air conditioner will come in handy to help you breathe easier indoors, especially if you have allergies, and it also will provide you with comfort during the hot, muggy days keeping your air conditioner running smoothly requires annual maintenance.

Did you know that cleaning your air conditioner improves its efficiency and helps you avoid costly breakdowns? Our certified technicians provide precision inspections to keep your air conditioner in tip top shape. Think of it as giving your home comfort system a deep spring-cleaning, just like you give your home.

If you are looking to add air conditioning to your home we have multiple options for you. We will do **WHATEVER IT TAKES TO KEEP YOU COMFORTABLE IN YOUR HOME!!!**

*Enjoy spring to its fullest!! Let Redmonds Complete Comfort, LLC help you have a non-stressful summer while you are enjoying your cool, clean and refreshing indoor air.*

## About RCC

(Redmond's Complete Comfort)

New to our company? This Section is for those not familiar with our company or just want to know more about us. Please check out [www.rcchvac.com](http://www.rcchvac.com) for customer reviews!

### Mission Statement

*To Be The Best Heating, Ventilation, Air Conditioning Company Who Creates Life Long Relationships with Our Customers and Employees, by doing it all for HIS Glory!!!*

**Whatever you do, work at it with all your heart, as working for the lord and not for human masters. Colossians 3:23**

### Vision Statement

Support Our Community, build Strong Relationships, Be the Leader in the Heating, Ventilation, Air Conditioning Industry, Performing the Highest Standards for our customers while educating and helping homeowners understand their home mechanical systems.

### A little about the Redmond Family

RCC is a family owned and operated company located in Beech Creek, PA. Brian & Tera both grew up in Clinton County. We are proud to have our Company and family in the same community where we were raised. We have three children who attend Centre County Christian Academy in Bellefonte. Central Pennsylvania is our home and we strive to be the best for our community.

## The Importance of HVAC Maintenance

Many people make an investment in an HVAC system, yet fail to maintain proper upkeep. An HVAC system is similar to that of a car – it needs the proper care and maintenance to function properly. A properly functioning HVAC system is one that will keep your home cozy or cool for many years to come, which is why HVAC maintenance is important. Here are just a few reasons to maintain your HVAC system:

- Lower utility bills
- Keep your air healthy
- Efficiency of your equipment
- Less emergency repairs

## Energy Savings Agreements

**E**nergy Savings Agreements (ESAs) offer the best way to protect your Heating and Air Conditioning investment. Regularly scheduled maintenance of your heating and cooling system will prolong your system's life, maximize efficiency, and save time and money in the long run.

We have now enhanced our ESA plans to give you even more of an incentive to sign up for one. In the event you decide to invest in a new heating and air conditioning system, we now offer a discount off your new system that is equal to the value of the ESA that you purchased. For example, if you purchased an ESA at \$185 last month and next month decided to replace your equipment, Redmond's will discount your new system by \$185. This is just another way RCC gives our loyal customers added value for your relationship. We like to tailor our ESA's to your needs. We take the time to create the best Energy Savings Agreement according to your needs. Please contact our office for pricing.

## Spring Recipe Grape Salad

### Ingredients:

- 2 lbs green seedless grapes
- 2 lbs red seedless grapes
- 8 ounces sour cream
- 8 ounces cream cheese, softened
- 1/2 cup granulated sugar
- 1 teaspoon vanilla extract, to taste

### Topping

- 1 cup brown sugar
- 1 cup crushed pecans

### Directions:

1. Wash and stem grapes.
2. Set aside.
3. Mix sour cream, cream cheese, white sugar and vanilla by hand until blended.
4. Stir grapes into mixture, and pour in large serving bowl.
5. For topping: Combine brown sugar, and crushed pecans.
6. Sprinkle over top of grapes to cover completely.

## Mission Trip to Honduras

Because of our many wonderful customers we were able to sponsor two men to travel to Honduras in January. At Redmonds Complete Comfort it is very important to give back a portion of what has been given to us and to help those who are in need. We not only enjoy giving to our local community but across the world. On this particular trip to Honduras, the team helped build a Church, provided Vacation Bible School, and personal hygiene seminars. The group also visited local villages and delivered care packages of food to the surrounding villages.

## Funnies

At RCC we work hard but also we like to laugh and have fun!! Hope you enjoy the funnies!!!

## How's Your Indoor Air Quality?

As much as your heart and body need exercise, healthy food and rest, your home's indoor air needs consistent attention to keep you healthy. Optimum temperature, humidity and good indoor air quality are needed to support overall good health. Poor indoor air quality can trigger asthma, allergies and other respiratory systems including fatigue, nausea, headaches, scratchy throat and nasal irritation. Some substances can even lead to cancer. No worries!! All these body stressors can be fixed!! RCC are your healthy air specialist. *Contact our office to see how we can help you with the quality of your indoor air!*

# Geothermal

## Save Money on Heating & Cooling While Staying Comfortable

Homeowners have discovered the benefits of using the free energy in their own backyards to provide Heating, Cooling and Domestic Hot Water. Geothermal heating and cooling systems tap into the constant, moderate 55 degree temperature found just a few feet below the earth's surface to offer the finest in home comfort.

High efficient Geothermal systems use a small amount of energy to capture and move a large amount of energy. In a typical home 70% of the total energy bill comes from heating, cooling and hot water. The greatest opportunity to reduce energy cost is to improve the efficiency of their HVAC and hot water system by using this innovative technology. Geothermal energy is FREE, clean and environmentally friendly.

*To learn how you can save money with this system give our office a call. We will give you all the information you will need to make the right decision for your family. We are your local Accredited installer of Geothermal. We are accredited by the International Ground Source Heat Pump Association!!*

## Satisfaction Guaranteed!
