Investment	\$160	\$210	\$280
Monthly investment	\$14	\$18	\$24
3 or more systems at one address receive an additional \$10 off per system per year!	✓	✓	✓

YOUR INVESTMENT IN OUR SERVICE AGREEMENT INCLUDES:

TWO PERFORMANCE TUNE-UPS PER YEAR

Having your system checked regularly enables us to keep your unit running as efficiently as possible, which saves you money on your utility bill month after month. These regular check-ups also enables us to catch problems such as loose or burnt wires, and freon leaks, before they lead to a larger problem such as motor failure.

FREE 24 HOUR PRIORITY SERVICE, 365 DAYS/YR

When you have an emergency, you can rest assured Sun Services Inc. WILL BE THERE! Our commitment to program customers means we will have a technician to your door within 24 hours of calling our office.

10% OFF REPLACEMENT PARTS

Example of savings: if the cost of a blower motor replacement was \$400, you would save \$40 on the repair.

LABOR WARRANTY

All of our labor services are warranted for 30 days. If you have a problem within 30 days of service, there will be no charge to come back out and diagnose the problem. We stand behind our work.

NO TRIP CHARGES OR SERVICE CALL CHARGES

With most service companies you can expect to pay a trip charge up to \$100.00. Our gold and titanium customers do not have this added expense when they have a service problem.

ENERGY SAVING COIL CLEANING

Dirty coils reduce efficiency and cause your unit to work harder, causing parts to wear out faster, and shorten the life expectancy of your unit. Your unit will cost you more month after month on your utility bill if the coils are not kept clean. Test performed by the EPA explain that as little as 1/10th of a centimeter of dirt or dust on a coil could reduce efficiency by 21%. Since the average homeowner's heating and cooling bill is \$1,500 per year, a 21% loss in efficiency means you could be wasting up to \$315 each year.

10% OFF REPAIR LABOR

Our discounted rates save you money with every service call. Our repair trucks are fully stocked so we are able to repair 99% of calls on the first visit.
