

R-32 MODELS

Split System Heat Pumps

Enjoy year-round indoor comfort with Amana Brand heat pumps. These units provide both cooling and heating comfort from a single system. High-efficiency heat pumps can lower the cost of keeping a home completely comfortable all year compared to lower SEER2/HSPF2 units. The Amana Brand offers a full line of heat pump systems, so you are certain to find the perfect system to fit any budget. For the greatest energy-efficiency savings, select a heat pump system with the highest SEER2 and HSPF2 ratings.

[†] Complete warranty available from your local dealer or at www.amana-hac.com. Limited Warranties vary by product model. To receive 10-Year Unit Replacement Limited Warranty and/or 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. The duration of warranty coverage may depend on the state in which you reside. Some states and provinces do not allow warranty coverage to be conditioned on registration. For a list of states and provinces that do not allow warranty coverage to be conditioned on registration, please visit www.amana-hac.com/warranty-information or, to request a paper copy of this information, please call us at 1-855-502-3903. Changes in law, regulations, or technology may result in an equivalent unit not being available. Other limitations and exclusions apply, refer to complete warranty details for full list of limitations and exclusions, as well as rights and obligations should an equivalent unit not be available.

[†] One-time Unit Replacement coverage and One-time Compressor Replacement coverage is available to the original homeowner for years 11-99 after the installation date through an ASURE Extended Service Plan. Complete details about the Extended Service Plan options available from your ASURE dealer.

** Proper sizing and installation of equipment is critical to achieve optimal performance. Split system air conditioners and heat pumps must be matched with appropriate coil components to meet **ENERGY STAR**® criteria. Ask your contractor for details or visit www.energystar.gov.

¹ Products that are recognized as the Most Efficient of **ENERGY STAR**® in 2025 prevent greenhouse gas emissions by meeting rigorous energy efficiency performance levels set by the U.S. Environmental Protection Agency. EPA has not changed the requirement for **ENERGY STAR**® Most Efficient for 2026 and hence do not have a mark of **ENERGY STAR**® Most Efficient 2026. However, products noted as Most Efficient 2025 comply with EPA requirements in 2026.

Additional information

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

WARNINGS:

Always use a licensed installer or contractor to install this product. Do not try to install the product yourself. Improper installation can result in water or refrigerant leakage, electrical shock, fire, or explosion.

Use only those parts and accessories supplied or specified by Amana Brand. Ask a licensed contractor to install those parts and accessories. Use of unauthorized parts and accessories or improper installation of parts and accessories can result in water or refrigerant leakage, electrical shock, fire, or explosion.

Read the Product Manual carefully before using this product. The Product Manuals provide important safety instructions and warnings. Be sure to follow these instructions and warnings.
