PACKAGED SYSTEM

4YCL4

## HIGH EFFICIENCY, REDUCED EMISSIONS.

American Standard® Heating and Air Conditioning’s Ultra-Low NOx gas/ electric packaged unit offers a new option for high-efficiency cooling and heating performance that also reduces emissions of nitrogen oxides (NOx). Due to the impact of such greenhouse gases on the environment and climate change, some areas of California have begun to regulate residential emissions. American Standard’s Ultra-Low NOx packaged unit **ranks among the lowest emitting in the industry**, while keeping your home comfortable year-round.

## INNOVATIVE AND RELIABLE.

Engineered with a pre-mix burner design, American Standard’s Ultra-Low NOx packaged unit provides a reduction in nitrogen oxides compared to standard packaged units. In addition, these units are equipped with reliable components, such as **enhanced condenser and evaporator coils to prevent corrosion**. With an Annual Fuel Utilization Efficiency (AFUE) rating of **81**, and a Seasonal Energy Efficiency Ratio (SEER2) of **13.4**, the 4YCL4’s design ensures the unit is working at peak efficiencies in both heating and cooling modes.

## AWARD-WINNING EXCELLENCE.

2022

### Top Tier Owner Satisfaction for Gas Furnaces “National Product Testing and Research Magazine”

In 2019 and 2021 Summer Surveys of 36,348 gas furnaces, owned by members who purchased a new gas furnace [unit] between 2005 and 2021, American Standard gas furnaces were rated Top Tier in Owner Satisfaction.

### Top Tier Owner Satisfaction for Heat Pumps “National Product Testing and Research Magazine”

In 2019 and 2021 Summer Surveys of 13,458 heat pumps, owned by members who purchased a new heat pump [unit] between 2005 and 2021, American Standard heat pumps were rated Top Tier in Owner Satisfaction.

### Top Tier Reliability for Heat Pumps

“National Product Testing and Research Magazine”

In 2019 and 2021 Summer Surveys of 13,458 heat pumps, owned by members who purchased a new heat pump [unit] between 2005 and 2021, American Standard heat pumps were rated Top Tier in Reliability.

2021

### Top Tier Owner Satisfaction for Central Air Conditioning “National Product Testing and Research Magazine”

In a survey based on the proportion of members who are extremely likely to recommend their central air conditioning system to friends and family found American Standard Central Air Conditioning Systems’ to be Top Tier in 2018 and 2020 Summer Surveys of 23,997 central air conditioning systems, owned by members who installed a new system between 2005-2020.

## WE OBSESS OVER IT SO YOU DON'T.

For over a hundred years, we’ve made some of the most awarded, well-engineered heating and conditioning equipment, and earned a reputation for doing things ...right. And through it all, we’ve followed a pretty simple idea: “A Higher Standard” isn’t just how we build our products. It’s how we build our relationships with the customers who depend on us every single day.

# A CLOSER LOOK

## Ultra-Low NOx Emissions

Emits less NOx than a standard packaging unit, **reducing carbon emissions.**

## 81% Annual Fuel Utilization Efficiency

Saves you money while keeping you comfortable in **any climate.**

## Durable Design

Protective paint and wire guards provide **durability and protection** from the elements.

## Quiet Operation

Provides an overall sound power level [dB(A)] of 71-78, allowing you to enjoy a **quieter home** environment.

## High Altitude Testing

Certified at 5,000 feet ensures **high-altitude regions** are covered.

## Versatile Installation

Optional installation on slabs or rooftops provide installation **flexibility** for your home's needs.

## Dual Powered

Offers the reliability of electric cooling and the efficiency of gas heating **in one durable unit.**

## FEATURES

### 4YCL4 Ultra-Low NOx Packaged Units

Annual Fuel Utilization Efficiency (AFUE)	81%
Seasonal Energy Efficiency Ratio (SEER2)	13.4
Single-Stage Heating and Cooling	✓
Multi-Speed Compressor	✓
High-efficiency Condenser Motor	✓
Overall Sound Power Level [dB(A)]	71-78
High-Altitude Testing	✓
All-Aluminum Coils	✓

Warranty information on specific products can be found at [americanstandardair.com](http://americanstandardair.com). Ask your dealer for full warranty information at time of purchase.

Registered Limited Warranty terms are available when you register within 60 days of installation. You can register online at [americanstandardair.com](http://americanstandardair.com) or by phone at 855-260-2975, otherwise American Standard Heating & Air Conditioning's Base Limited Warranty terms will apply. Base Limited Warranty information on specific products can be found on [americanstandardair.com](http://americanstandardair.com). Ask your dealer for full warranty information at time of purchase. Warranties are for residential and multi-family use only, some exclusions may apply. Product Registration and Registration Transfer exclusions vary in the US from state to state and in Canada from province to province. To determine if there are specific exclusions for your state or province check your local laws.

**COMFORTABLE. RELIABLE. EFFICIENT.**

Optimize the comfort and efficiency of your home with the American Standard Home smart comfort system. The American Standard Home mobile app gives you remote access to your HVAC system through your connected American Standard smart thermostat. Adjust your temperature, set your schedule, and view your HVAC usage from anywhere.

American Standard Home connects to your American Standard HVAC system to provide you with remote control and diagnostics. To view additional integrations and subscriptions, visit our Knowledge Base at [AmericanStandardAir.com/home-subscription](http://AmericanStandardAir.com/home-subscription).

**WHY IS INDOOR AIR QUALITY IMPORTANT?**

We spend 90% of our time indoors, and 70% of that is in our home<sup>1</sup> where the air can be up to 5X poorer quality than the air outside<sup>2</sup>. So, AccuClean<sup>®</sup> utilizes patented technology to deliver cleaner air to the whole home by removing up to 99.98% of airborne particles<sup>3</sup> that pass through the re-usable filter, including 99.9% of the Influenza A (H1N1) virus<sup>4</sup>. The AccuClean<sup>®</sup> Whole Home Air Cleaner, when used in accordance with manufacturer's directions, is effective at removing a surrogate for the virus that causes COVID-19. Effective removal rate based on independent testing results using MS-2 bacteriophage, a bacteria representative of virus-sized particles like SARS-CoV-2 that causes COVID-19. This level of filtration makes it up to 100X more effective than a standard 1" filter<sup>5</sup>.

**Certified by the Asthma and Allergy Foundation of America.**

With more than 65 million Americans suffering from asthma and allergies, this certification mark guides consumers in identifying products more suitable for people with asthma and allergies. The **asthma & allergy friendly**<sup>®</sup> Certification Mark is awarded only to those products that are scientifically proven to reduce exposure to asthma and allergy triggers.

**American Standard AccuClean<sup>®</sup> is verified zero ozone producing so you can breathe easier knowing your air is free from harmful byproducts.<sup>6</sup>**

<sup>1</sup> The National Human Activity Pattern Survey (2001)  
<sup>2</sup> U.S. Environmental Protection Agency, EPA/600/6-87/002a. (1987)  
<sup>3</sup> Based on 3rd party testing of particle removal efficiency down to 0.3 microns (2005)  
<sup>4</sup> As reported by airmid healthgroup in ASCR092142v2 (2015)  
<sup>5</sup> Assuming <1% removal rate of 0.3 – 10 micron particles  
<sup>6</sup> Verified Zero Ozone per UL 2998, Intertek Certificate #: ZOZ-90113-2023a
