BWB, BS2

## DESIGNED WITH YOUR COMFORT IN MIND

Reliability, efficiency, quality: Our Bryant boilers offer dependable heating and efficient performance you'll appreciate every day this winter. Throughout our boiler line, we never lose sight of the Bryant quality and lasting durability that have endured for more than a century.

### Efficiency

AFUE (Annual Fuel Utilization Efficiency) ratings are like a car's MPG – the higher the number, the greater the potential for savings. Our Preferred™ 86 oil boilers deliver up to 86.2% AFUE heating and the Preferred 84 gas boiler achieves up to 84.4% AFUE. Both offer the potential for savings over an older, less efficient model you may be replacing.

### Versatility

Bryant boilers are engineered for big performance from a compact cabinet. These models should easily fit into the space of an older, larger unit you may be replacing, and provide greater versatility for new installations.

### Limited Warranty

To the original owner, the Bryant Preferred 86 (BW5, BW4) and Preferred 84 (BW3) boilers and the Legacy 84 (BWB) boiler are covered by a 10-year parts and 20-year heat exchanger limited warranty upon timely registration. The Legacy 80 (BS2) has a 10-year parts and 12-year heat exchanger limited warranty upon timely registration. The parts limited warranty period is five years if not registered within 90 days of installation except in jurisdictions where warranty benefits cannot be conditioned upon registration. See warranty certificate at [Bryant.com](http://Bryant.com) for complete details and restrictions.

# THE BRYANT DIFFERENCE

If you could look inside a Bryant Preferred 86 boiler, model BW5, you'd see what drives the performance: a serious commitment to quality. This boiler provides excellent heat transfer and energy efficiency with its cast iron heat exchanger. It also features an electronic ignition system and tankless coil water heater.

Both our Preferred 86 oil boilers, models BW5 and BW4, provide dependable heating and energy-efficient comfort backed by one of the most trusted and recognized names in comfort: Bryant.
