

PROGRAMMABLE & NON-PROGRAMMABLE THERMOSTATS

**COMFORT CONTROL AND ENERGY SAVINGS, PLUS
EXCEPTIONAL SERVICE FROM YOUR BRYANT DEALER**

Preferred™ Series and Programmable

Heating and cooling systems can be complicated, but with Preferred™ Series products working together, being comfortable is a breeze. Complete the system with a Preferred Series programmable thermostat and let the system automatically switch to the temperature you want, when you want it, up to four times a day. It's one of the easiest ways to enjoy whole-home comfort, all year long.

PREFERRED™ SERIES

Model T6-PAC/PHP Programmable

PREFERRED™ SERIES PROGRAMMABLE THERMOSTAT

Enjoy total system control with our compact and unobtrusive programmable thermostat.

- Large, backlit display shows current inside and outside* temperatures, scheduled temperature and time
- Intelligent electronics with multi-stage heating capability
- Automatically switches between heating and cooling
- Capable of managing ventilation
- 7-day or 5/2 programming (wake, away, home, sleep), at a glance
- Create a separate vacation schedule for higher efficiency while you are away
- Smart recovery maximizes efficiency for scheduled temperature changes

When Simplicity is Preferred...

If creating a schedule isn't on your agenda, enjoy the control and convenience of your Preferred™ Series system with our non-programmable thermostats. Offering many of the same physical features and built-in functions of our programmable models, these thermostats are perfect whether you are on-the-go or more of a homebody.

Model T6-NAC/NHP Non-Programmable

PREFERRED™ SERIES NON-PROGRAMMABLE THERMOSTATS

Enjoy comfort, control and convenience with our compact and unobtrusive non-programmable thermostat.

- With the single touch of a button, our exclusive Touch•N•Go® feature selects the most efficient system settings for when you are at home, asleep or away
- Large, backlit display shows current time as well as inside and outside* temperatures
- Intelligent electronics with multi-stage heating capability
- Automatically switches between heating and cooling
- Capable of managing ventilation

*Depending on outdoor unit, or with separately installed outdoor temperature sensor.

Our Legacy, Your Schedule

Bryant® Legacy™ Line, our mid-range selection of home comfort products, offers some of the most popular thermostat features available in this category. They are designed to work with our full complement of Legacy Line heating and cooling products and accessories to create an affordable, efficient and indoor comfort solution. When you choose our programmable Legacy thermostat, you can even schedule your comfort to match your activities during the week... and a different schedule appropriate for weekends.

LEGACY™ LINE

LEGACY™ LINE PROGRAMMABLE THERMOSTATS

Enjoy our economical and efficient option for putting your comfort on a schedule.

- Large, backlit display shows current temperature and time
- Intelligent electronics with multi-stage heating capability
- 5/2 programming (wake, away, home, sleep), at a glance
- With the single touch of a button, our exclusive Touch•N•Go® feature selects the most efficient system settings for when you are at home, asleep or away
- Automatically switches between heating and cooling
- Capable of managing ventilation
- Smart recovery maximizes efficiency for scheduled temperature changes

Our Most Basic Solution

When simple, solid comfort control is your priority, look for our Legacy™ Line non-programmable models. Attractive, easy-to-read and even easier to use, these thermostats put you in charge with technology designed by the same company that developed your Bryant heating and cooling indoor and outdoor units. As a result, you can have a complete comfort system that really works.

Model T2-NAC/NHP Non-Programmable

LEGACY LINE NON-PROGRAMMABLE THERMOSTATS

- Responsive, push-button operation
- Our backlit displays show current time and indoor temperature
- Automatically switches between heating and cooling
- Capable of managing ventilation

Model T2S-NAC/NHP Non-Programmable

For more than a century, homeowners have associated Bryant® heating and cooling products with the highest standards of indoor comfort and Bryant dealers as service leaders. Through commitment and dedication of our product development and manufacturing teams, we have consistently met every new challenge head-on and delivered the products to meet or exceed expectations. A national network of passionate Bryant dealers is at the forefront of our success. Knowledgeable in the field, and equipped to address your home comfort needs, Bryant dealers deliver customized comfort solutions to you and your family by doing...
