Models 314 and 313

Home Comfort Components

AFUE (Annual Fuel Utilization Efficiency) is a measure of how efficiently your furnace converts the energy from fuel into heat.

MODEL 314

1 EFFICIENT, NEARLY CONTINUOUS COMFORT
Our variable-speed blower motor (Model 314) operates at the precise speed needed to deliver efficient, nearly continuous comfort and improved humidity control during cooling operation.

2 EVEN, CONSISTENT HEATING
With our two-stage gas valve (Model 314), you'll enjoy low-stage heating the majority of the time and higher heating stages for extreme winter conditions. It means consistent temperature control with minimal "swings" in comfort.

3 RELIABILITY
Count on the Bryant® Perfect Light™ igniter to reliably bring the heat when you need it.

4 INTELLIGENT OPERATION
You could say we control our own destiny, because we are the only manufacturer that designs both the furnace AND the control board. Adaptive intelligence, Fan On *Plus*™ adjustable constant fan function, and SmartEvap™ moisture control technology are a few of the functions that set Bryant apart.

5 ECONOMICAL, LOW-NOISE OPERATION
Low-stage operation (Model 314A) means less blower noise and less noise from air turbulence in the ductwork. Reductions in burner noise, inducer noise and fan noise also contribute to the reduced sound levels.

PERFECT HEAT® TECHNOLOGY FEATURE

The Perfect Heat® technology feature continually monitors and adjusts performance of multi-stage furnaces by looking at current and past conditions to determine the most effective stage for maximum comfort. (Models 926T, 925S)

SMARTEVAP™ TECHNOLOGY

When paired with a compatible thermostat, SmartEvap technology adds to your comfort by managing airflow to prevent unwanted humidity from re-entering your home.

FAN ON PLUS™ TECHNOLOGY

Fan On Plus™ improves comfort all year long by allowing you to select different fan speeds during continuous fan operation to achieve more or less airflow as needed.

For California Residents:

For installation in SCAQMD only: Models 314 and 313 do not meet the SCAQMD Rule 1111 14 ng/J NOx emission limit, and thus are subject to a mitigation fee of up to \$450.

These furnaces are not eligible for the Clean Air Furnace Rebate Program: www.CleanAirFurnaceRebate.com.

The Preferred™ Series Story

Heating and cooling systems can be complicated, but with Preferred™ Series products working together throughout your home, being comfortable is a breeze. Starting with your Preferred Series furnace and outdoor cooling unit, add a programmable Wi-Fi® thermostat. Complete the system with products that filter and purify the air, ventilate, control humidity and more. They all work as a single unit to deliver whole-home comfort to you and your family. Your Bryant dealer can recommend the appropriate products for your particular home and region of the country.

HOUSEWISE™ WI-FI® THERMOSTAT

Enjoy total system control at the touch of a screen from home, or anywhere with a Wi-Fi® connection.

CENTRAL COOLING UNIT

High-efficiency cooling power with a matched Bryant air conditioner or heat pump delivers whole-home comfort and energy savings.

HUMIDIFIER

Adding moisture to dry, heated air can enhance your comfort, protect your woodwork and minimize static.

AIR PURIFIER

Patented Captures and Kills™ technology treats 100% of the air flowing through your system to both filter and eliminate selected airborne pathogens.

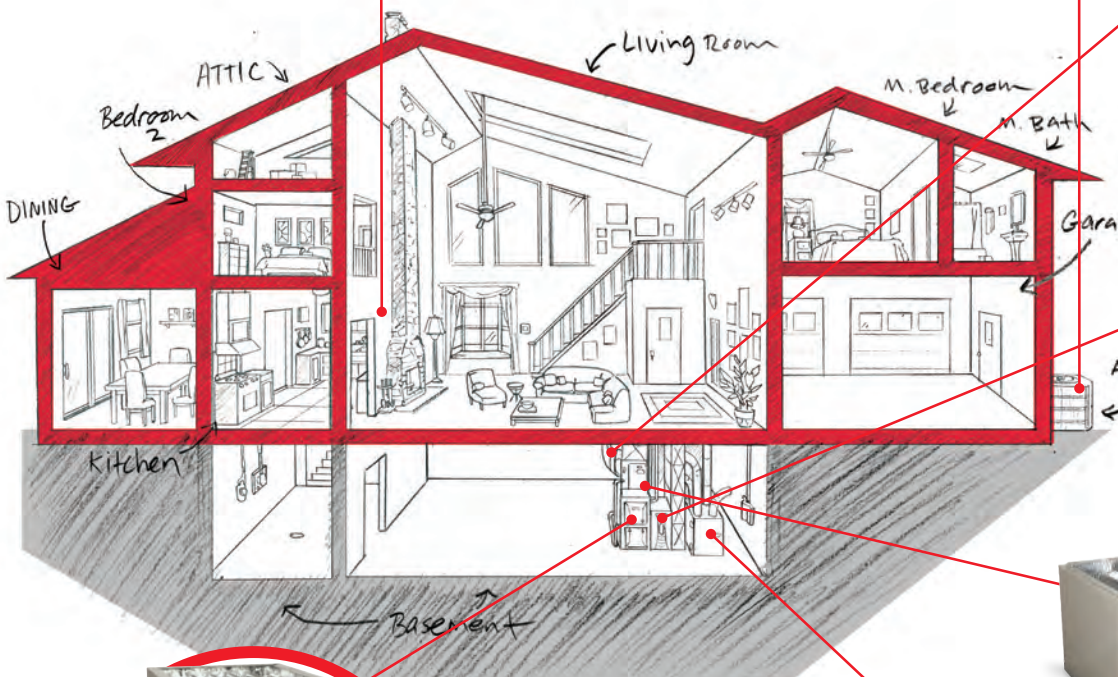

EVAPORATOR COIL

A properly matched evaporator coil ensures top cooling efficiency and years of reliable service from your outdoor cooling unit.

VENTILATOR

Maintain a fresh, comfortable indoor environment by transferring heating and cooling energy to incoming fresh air.

PREFERRED™ SERIES FURNACE

Our Preferred™ Series 80% AFUE gas furnaces provide energy-efficient heating, monthly savings and a comfortable value your family can really appreciate.

- Some models utilize variable-speed technology for improved efficiency and maximum comfort.
- Enhanced comfort through humidity control as a part of your cooling system.
- Selectable continuous fan speed.
- Exclusive blocked vent safeguard protection keeps potentially harmful flue gases away from living areas.

Preferred™
SERIES

Indoor Air Quality

The air inside your home can be five times dirtier than the air outside. Dry heated air, sticky summer humidity, and stale air from today's "tighter" more insulated homes all contribute to your indoor environment. Ask your dealer about Cor™ indoor air quality products and a 30-minute air analysis to learn more about the quality of the air in your home.

A man in a red shirt is showing a tablet to a woman and another man in a living room setting. The man's shirt has 'bryan' and 'Heating & Cooling' written on it. The woman is wearing a striped shirt, and the man is wearing a dark shirt. They are sitting at a table with a red cup. A red line with circular icons connects the products listed below to the man's tablet.

- 

Air Purifiers & Filters
Captures and Kills™ technology eliminates 3 top pathogens, including the common cold and influenza virus.
- 

Humidifiers
Add moisture to the air, helping keep static, sore throats and dry skin at bay.
- 

Dehumidifiers
Draw moisture out of the air, improve indoor air quality and help preserve wood furnishings.
- 

Ventilators
Circulate fresh air from outside into your home.
- 

UV Lamps
Attack and kill mold and bacteria growing on the indoor coil.
- 

Carbon Monoxide Alarm
Monitors levels of CO in the home and sounds an audible alarm when unsafe levels are detected.

Thermostats

Bryant offers a range of solutions for managing your system. Whether you're looking for Wi-Fi® thermostats with energy reporting for the ultimate in connected control, advanced communicating controls, zoning management or more basic thermostats—you'll have the system control you want.

Housewise™ Wi-Fi® Thermostat
The Housewise thermostat is your gateway to comfort management. It can save homeowners an average of 20% on their heating and cooling energy costs.* With Wi-Fi® capability, you can access your system 24/7 from almost anywhere and view detailed energy reporting from your tablet or web portal. Combine that with custom energy tips and you can make informed decisions about when and how to save even more money.

Côr® Thermostats
Côr thermostats take your comfort to heart with next-level performance. Our evolving line includes non-Wi-Fi and smart, Wi-Fi capable thermostats that learn how to efficiently manage your comfort and teach you how to optimize your savings. Whether you want to take command of your system or you want your system to take control, there's a Côr thermostat right for your home.

*Based on a 2012 third party study comparing Bryant Housewise™ technology to the estimated cost of a non-programmable thermostat set to 72° F at all times.

Top Reasons It Takes Bryant®

PASSIONATE SERVICE

Bryant dealers do more than just deliver quality products like our Preferred™ 80% AFUE gas furnaces. They also deliver knowledge, experience and Whatever It Takes® to get each job done right, the first time. You and your system will receive the attention to detail and professional service delivered only by Bryant dealers.

EXCEEDING EXPECTATIONS

With more than 100 years of experience, Bryant offers a full lineup of products designed with whole-home comfort in mind. Through innovative design and rigorous testing, our products are built to exceed expectations, backed by Bryant warranty protection.

NEW CONVENIENCES

With a diverse line of products to address nearly any need, from hot or cold spots, to improving indoor air quality and programmable thermostats with Wi-Fi® capabilities, convenient comfort can be yours when you choose Bryant.

CUSTOMIZED COMFORT SOLUTIONS

Heating and cooling solutions are not one size fits all. Our dealers provide solutions based on your specific needs. From financing and rebates to reliable products professionally installed, Bryant provides options that help keep you and your wallet comfortable.

SAFETY FIRST

Bryant takes quality and reliability seriously, and we especially take pride in offering products designed with your safety in mind. Our 80% AFUE gas furnaces offer a number of built-in safety features including our exclusive blocked vent safeguard.

Customized Comfort On Three Different Levels

There is a Bryant gas furnace for nearly any heating need or budget. Your Bryant dealer can help you decide which is right for you. For a comfortable balance between enhanced performance and value, choose one of our Preferred™ Series 80% AFUE models.

Solid, reliable performance that delivers comfort when you need it

Warranty

To the original owner, the Bryant Preferred 80% AFUE gas furnaces are covered by a 10-year parts and 20-year heat exchanger limited warranty upon timely registration of your new equipment.* Ask your Bryant dealer about optional extended warranties, which may include labor.

*The limited warranty period is 5 years on parts and 20 years on heat exchangers if not registered within 90 days. Jurisdictions where warranty benefits are not conditioned on registration will automatically receive a 10-year parts limited warranty and a 20-year parts limited warranty on the heat exchanger. See warranty certificate at bryant.com for complete details and restrictions.

For more than a century, homeowners have associated Bryant® heating and cooling products with the highest standards of indoor comfort and Bryant dealers as service leaders. Through commitment and dedication of our product development and manufacturing teams, we have consistently met every new challenge head-on and delivered the products to meet or exceed expectations. Our national network of passionate Bryant dealers is at the forefront of our success. Knowledgeable in the field, and equipped to address your home comfort needs, our dealers deliver customized comfort solutions to you and your family by doing...
