

Performance™ Series Ductless Heat Pumps

The Coolest Thing in Comfort

Models: 37MGRAQ, 37MBRAQ, 37MARAQ

featuring

Puron
ADVANCE™

Why Are So Many Homeowners Going Ductless?

Whether you're adding an extra room or converting an attic into a living space, you want your home renovation to be as comfortable as possible. Ductless systems deliver ultra-quiet and efficient comfort for practically

any space and style. They also help eliminate hot and cold spots, making them ideal for garages, sunrooms, attics, additions and more.

ENVIRONMENT

With Puron Advance™, Carrier® proudly continues our century-plus commitment to environmental stewardship. It's a refrigerant that delivers a 75% decrease in global warming potential while maintaining the non-ozone depleting properties of original Puron

COMFORT TECHNOLOGY

Carrier ductless systems continually adjust the compressor speed as conditions change—for consistent comfort with lower energy usage. Plus, enjoy year-round comfort with a system that offers dependable performance in temperatures from -13° F to 122° F.*

EFFICIENCY

Our Performance Series units deliver up to 28.1 SEER2 and 13.6 HSPF2 ratings. And with ENERGY STAR® certifications on a number of ductless models, Carrier ductless systems provide improved temperature regulation, increased energy and cost savings.

AIR QUALITY

Breathe easier with enhanced indoor air quality. Our built-in reusable filters (available in all indoor units) effectively remove odors, allergens and pollutants—for cleaner, fresher air and lower maintenance costs. Just pull them out, rinse them off and replace.

PERSONALIZED COMFORT

Connect up to five indoor units to a single outdoor unit—to deliver individualized temperature control in every room of your home. Once you decide what temperature you'd like a specific zone (or room) to be, the system will quietly maintain that temperature.

WHISPER QUIET OPERATION

Ultra-quiet operation reduces noise pollution both indoors and out for more peaceful, comfortable spaces.

CARRIER CONSUMER CHOICE WARRANTY

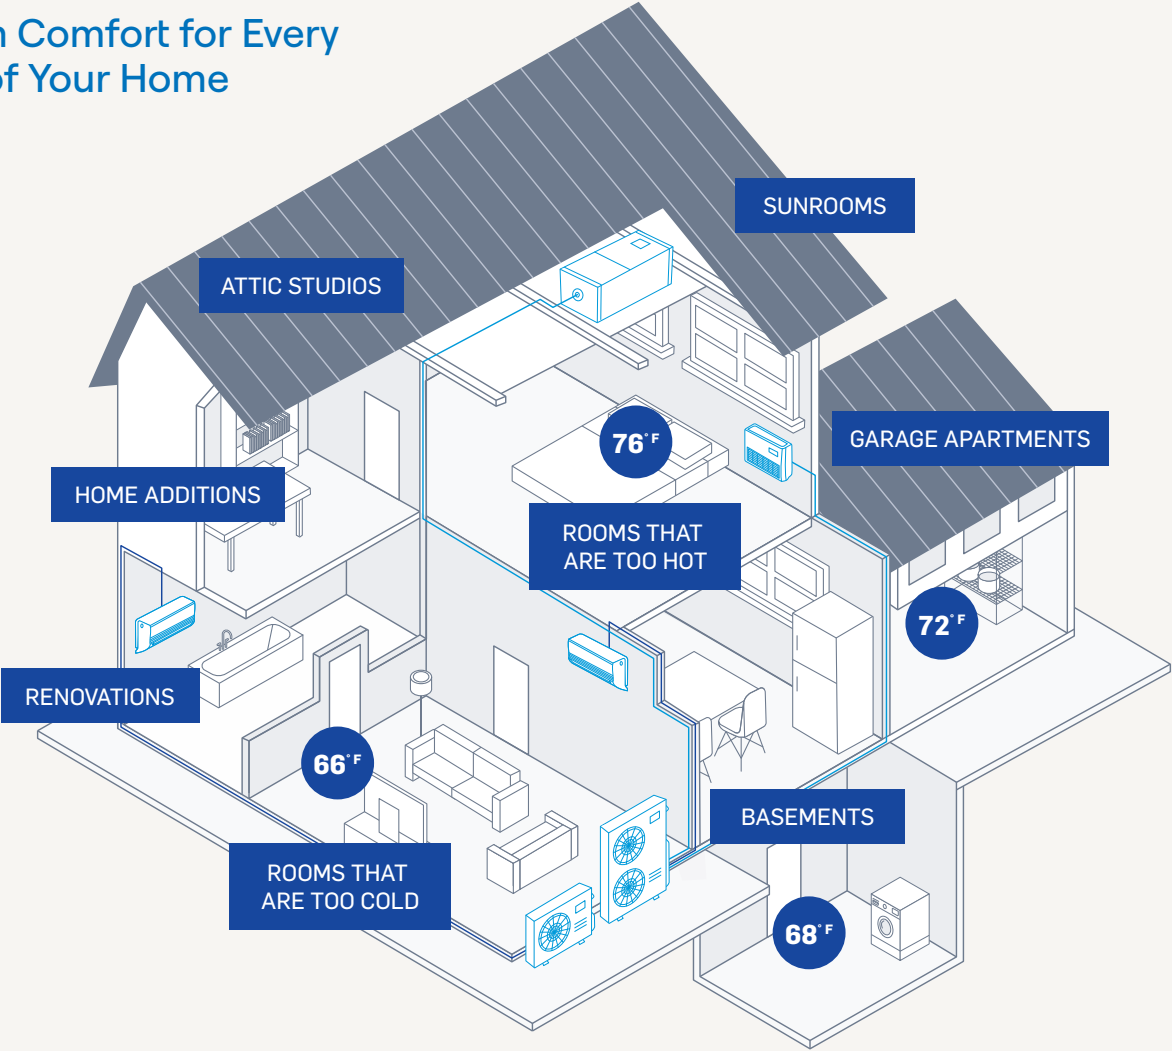

With timely registration, the homeowner can choose between a 10-year parts-only warranty OR a 5-year parts + 3-year labor warranty on eligible Carrier branded equipment.**

At Carrier, we know purchasing a new heating or cooling system is a big investment. Take ownership in helping protect your investment. Carrier is excited to offer you a Consumer Choice Warranty option. Carrier Ductless Systems come with the option to select the warranty of your choice. Dealer participation is required.¹

¹ Upon timely registration, on eligible equipment select either a 10-year parts only limited warranty or a five-year parts + three-year labor limited warranty. Dealer participation required. See limited warranty certificate at carrier.com for complete details and restrictions.

Custom Comfort for Every Room of Your Home

Options for Every Space & Style

Select the system that’s right for you or find the perfect combination for whole-home comfort.
