

RESIDENTIAL GAS FURNACES

Residential Gas Furnace Warranties

If the heat exchanger fails within 5 years of installation on LX models/10 years on Momentum™ models, we provide optional furnace replacement in lieu of heat exchanger replacement.*

*Lifetime heat exchanger, 10-year parts and 1-year labor limited warranties require online registration within 90 days of installation. Otherwise, the warranties revert to a standard 20-year Heat Exchanger Limited Warranty and 5-year Parts Limited Warranty.

WARNING: *These heating products do not meet the California Rule 1111 air district 14 ng/J NOx emission limit, are subject to mitigation fees of up to \$450 and are not eligible for the Clean Air Furnace Rebate Program: www.CleanAirFurnaceRebate.com.

CHAMPION® LIVES UP TO ITS NAME

Through pride in workmanship and dedication to quality, Champion® gas furnaces are built to meet the challenge. While other competitors may claim to be the best, Champion® products live up to their name. Always leading, never compromising, the complete Champion® line is equipped to take on the toughest conditions with maximum performance and energy saving efficiency. No matter the season, the Champion® brand stands for unrivaled reliability and superior comfort.

Quality Is Something We Take Personally

Champion® gas furnaces are designed, engineered and assembled in the United States, where we closely monitor and improve processes that directly affect quality. It's this commitment to excellence that allows us to offer outstanding warranties, meet the highest industry standards and deliver energy-saving comfort that lasts a lifetime. That's why, when it comes to home comfort, Champion® is always leading, never compromising.

GAS FURNACES

High-efficiency models: Advanced Champion® gas furnaces fit your needs with select models that reduce your utility bills. A compact, 33-inch cabinet will fit into your home with room to spare.

Momentum™ Series

TP9C*

- Up to 98% AFUE efficiency
- Modulating furnace technology for superior comfort and efficiency
- High-efficiency, constant CFM motor with larger blower for quiet operation
- *EnviroTrak™* tailors the system to your region for maximum comfort

LX Series

TM9V*

- Up to 96% AFUE efficiency
- High-efficiency design with two firing levels and high-efficiency, constant CFM motor maximizes energy efficiency and comfort
- Ultra-quiet with fewer starts and stops
- Compact, 33-inch cabinet takes up less space
- External air filters (optional) to maximize indoor air quality

LX Series

TM9Y*

- Up to 96% AFUE efficiency
- High-efficiency design with two firing levels and standard-efficiency, multi-speed motor provides consistent comfort
- Ultra-quiet with fewer starts and stops
- Compact, 33-inch cabinet takes up less space
- External air filters (optional) to maximize indoor air quality

LX Series

TM9E*

- Up to 95% AFUE efficiency
- Single stage with standard-efficiency, multi-speed motor
- Quiet operating sound levels
- Compact, 33-inch cabinet takes up less space
- External air filters (optional) to maximize indoor air quality
- Hi-tech, tubular, aluminized steel primary heat exchanger

LX Series

TL9E*

- Up to 95% AFUE efficiency
- Advanced, single-stage furnace technology for ultra-low emissions
- Reliable, standard-efficiency, multi-speed motor with larger blower for quiet operation
- Compact, 33-inch cabinet takes up less space
- External air filters (optional) for indoor air quality needs
- High-tech, tubular, aluminized steel primary heat exchanger

This model includes a 20-year Heat Exchanger Limited Warranty

Base-efficiency models: Count on the performance of systems designed for chimney venting to keep you warm in the coldest weather. You get all the heating capacity you need in a space-saving, 33-inch cabinet.

Momentum™ Series

TPLC*

- Up to 80% AFUE efficiency
- Modulating furnace technology with high-efficiency, constant CFM motor
- *EnviroTrak™* tailors the system to your region for maximum comfort
- Efficient hot-surface ignition eliminates pilot flame
- Compact, 33-inch cabinet takes up less space

LX Series

TM8V*

- Up to 80% AFUE efficiency
- Two firing levels and high-efficiency, constant CFM motor maximize your comfort
- Ultra-quiet with fewer starts and stops
- Compact, 33-inch cabinet takes up less space
- External air filters (optional) to maximize indoor air quality

LX Series

TM8Y*

- Up to 80% AFUE efficiency
- Two firing levels and standard-efficiency, multi-speed motor provide consistent comfort
- Low operating sound levels
- Compact, 33-inch cabinet takes up less space
- External air filters (optional) to maximize indoor air quality
- Hi-tech, tubular, aluminized steel primary heat exchanger

LX Series

TM8E*

- Up to 80% AFUE efficiency
- Reliable, standard-efficiency, multi-speed motor with larger blower for quiet operation
- Compact, 33-inch cabinet takes up less space
- External air filters (optional) to maximize indoor air quality
- High-tech, tubular, aluminized steel primary heat exchanger

LX Series

TL8E*

- Up to 80% AFUE efficiency
- Advanced, single-stage furnace technology for ultra-low emissions
- Reliable, standard-efficiency, multi-speed motor with larger blower for quiet operation
- Compact, 33-inch cabinet takes up less space
- External air filters (optional) for indoor air quality needs
- High-tech, tubular, aluminized steel primary heat exchanger
