HEATING AND COOLING

**RESIDENTIAL
GAS FURNACES**

CHAMPION® LIVES UP TO ITS NAME

Through pride in workmanship and dedication to quality, Champion® gas furnaces are built to meet the challenge. While other competitors may claim to be the best, Champion® products live up to their name. Always leading, never compromising, the complete Champion® line is equipped to take on the toughest conditions with maximum performance and energy saving efficiency. No matter the season, the Champion® brand stands for unrivaled reliability and superior comfort.

GAS FURNACES

High-efficiency models: Advanced Champion® gas furnaces fit your needs with select models that reduce your utility bills. A compact 33-inch cabinet will fit into your home with room to spare.

Momentum™ Series

TP9C

- Up to 98% AFUE efficiency
- Modulating furnace technology for superior comfort and efficiency
- Variable-speed ECM motor with larger blower for quiet operation
- *EnviroTrak™* tailors the system to your region for maximum comfort

LX Series

TM9M

- Up to 97% AFUE efficiency
- Modulating furnace technology w/PSC motor for superior comfort and efficiency
- Low operating sound levels
- Compact 33-inch cabinet takes up less space

LX Series

TM9Y

- Up to 96% AFUE efficiency
- High-efficiency design with two firing levels and efficient standard ECM motor provides consistent comfort
- Ultra-quiet with fewer starts and stops
- Compact 33-inch cabinet takes up less space
- External air filters (optional) to maximize indoor air quality

Base-efficiency models: Count on the performance of systems designed for chimney venting to keep you warm in the coldest weather. You get all the heating capacity you need in a space-saving 33-inch cabinet.

Momentum™ Series

TPLC

- Up to 80% AFUE efficiency
- Modulating furnace technology for superior comfort and efficiency
- *EnviroTrak™* tailors the system to your region for maximum comfort
- Efficient hot-surface ignition eliminates pilot flame

LX Series

TM8Y

- Up to 80% AFUE efficiency
- Two firing levels and efficient ECM motor provide consistent comfort
- Low operating sound levels
- Compact 33-inch cabinet takes up less space
- External air filters (optional) to maximize indoor air quality
- Hi-tech tubular aluminized steel primary heat exchanger

LX Series

TM8V

- Up to 80% AFUE efficiency
- Two firing levels and variable-speed ECM motor maximize your comfort
- Ultra-quiet with fewer starts and stops
- Compact 33-inch cabinet takes up less space
- External air filters (optional) to maximize indoor air quality

Quality Is Something We Take Personally

Champion® gas furnaces are designed, engineered and assembled in the United States, where we closely monitor and improve processes that directly affect quality. It's this commitment to excellence that allows us to offer outstanding warranties, meet the highest industry standards and deliver energy-saving comfort that lasts a lifetime. That's why, when it comes to home comfort, Champion® is always leading, never compromising.

LX Series

TM9V

- Up to 96% AFUE efficiency
- High-efficiency design with two firing levels and variable-speed ECM motor maximizes your energy savings and comfort
- Ultra-quiet with fewer starts and stops
- Compact 33-inch cabinet takes up less space
- External air filters (optional) to maximize indoor air quality

LX Series

TM9T

- Up to 96% AFUE efficiency
- High-efficiency design with two firing levels and reliable PSC motor provides consistent comfort
- Low operating sound levels
- Compact 33-inch cabinet takes up less space
- External air filters (optional) to maximize indoor air quality
- Hi-tech tubular aluminized steel primary heat exchanger

LX Series

TM9E

- Up to 95% AFUE efficiency
- Single-stage high-efficiency design with X13 ECM motor provides increased system efficiency in cooling mode
- Quiet operating sound levels
- Compact 33-inch cabinet takes up less space
- External air filters (optional) to maximize indoor air quality
- Hi-tech tubular aluminized steel primary heat exchanger

Standard Model Gas Furnace

TG9S

- Up to 95.5% AFUE efficiency
- Single-stage furnace technology for consistent comfort
- Reliable PSC motor with larger blower for quiet operation
- Compact 33-inch cabinet takes up less space
- External air filters (optional) for indoor air quality needs
- Hi-tech tubular aluminized steel primary heat exchanger

LX Series

TM8T

- Up to 80% AFUE efficiency
- Two firing levels and reliable PSC motor provide consistent comfort
- Low operating sound levels
- Compact 33-inch cabinet takes up less space
- External air filters (optional) to maximize indoor air quality
- Hi-tech tubular aluminized steel primary heat exchanger
- LoNox compliant models available (TMLT)

LX Series

TM8X

- Up to 80% AFUE efficiency
- Single-stage design with X13 ECM motor provides increased system efficiency in cooling mode
- Quiet operating sound levels
- Compact 33-inch cabinet takes up less space
- External air filters (optional) to maximize indoor air quality
- Hi-tech tubular aluminized steel primary heat exchanger

Standard Model Gas Furnace

TG8S

- Up to 80% AFUE efficiency
- Single-stage furnace technology for consistent comfort
- Reliable PSC motor with larger blower for quiet operation
- Compact 33-inch cabinet takes up less space
- External air filters (optional) for indoor air quality needs
- Hi-tech tubular aluminized steel primary heat exchanger

Residential Gas Furnace Warranties

If the heat exchanger fails within 5 years of installation on LX models/10 years on Momentum™ models, we provide optional furnace replacement in lieu of heat exchanger replacement.*

* Lifetime heat exchanger, Complete Assurance™ and 10-year parts limited warranties require online registration within 90 days of installation. Otherwise, warranties revert to the standard 20-year heat exchanger limited warranty and 5-year parts limited warranty.
