High-Efficiency Packaged Units

Up to 15.2 SEER2 Performance

Reliability and Performance You Can Trust

How the EverRest Elite Series makes your home comfort decision easier.

The purchase of an home comfort system is not one to be taken lightly. However, it's one you can make with an air of confidence when you consider all that distinguishes the trusted EverRest Elite Series.

- **Comforting Craftsmanship** – Innovative engineering, world-class manufacturing processes and the relentless drive to ensure each unit lives up to our uncompromising standards—these attributes define the EverRest Elite brand. Assembled in facilities in Texas, EverRest Elite Series packaged units are built to last and last and last.
- **All-Aluminum Evaporator Coil** – A single metal solution that is designed for enhanced durability and performance (select models).
- **Stainless Steel, Tubular Primary Heat** – Distinctive heat exchanger employs wrinkle-bend technology which was developed to deliver extraordinary durability and long-term reliability.
- **Energy- Efficient Cooling Capacity** – Five-millimeter, refrigeration-grade premium copper tubing and aluminum fin condenser coil configuration deliver outstanding heat transfer properties.
- **Quiet Comfort** – Your EverRest Elite Series Packaged Unit will provide you with quiet operation. To minimize operating sounds, we've combined quiet compressor technology with a high-density foam sound cover and a fully insulated blower compartment to provide unobtrusive performance.
- **Heavy-Gauge Galvanized Steel Enclosure with Powder-Paint Finish** – Protects your system from extreme outdoor elements.

An enhanced level of comfort before and after your purchase

Choose an EverRest Elite Series Packaged Gas/Electric Unit with confidence, knowing you're getting world-class engineering and American craftsmanship.

Gas and electric functionality make this the total package

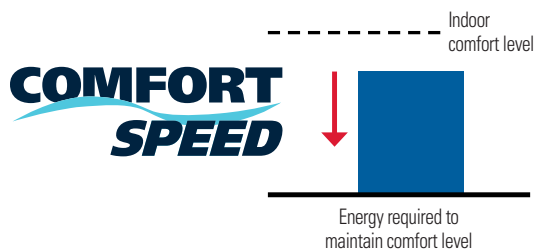

Operated as an electricity-powered air conditioner in the summer and a gas-fueled furnace during the winter, an EverRest Packaged Gas/Electric Unit offers years of cost-effective, worry-free indoor comfort from a single, self-contained unit. These units can deliver cooling or heating capacity from two to five tons, a Seasonal Energy Efficiency Ratio (SEER) of up to 16 and 81% Annual Fuel Utilization Efficiency (AFUE).

You'd be hard-pressed to find a better compressor

Perhaps this packaged unit's most important component in terms of cooling efficiency and performance is the compressor — the heart of this system's summer operation. An EverRest Elite Series Gas/Electric Packaged Unit features an energy-efficient compressor you can count on for your families home comfort.

Feel the difference with Comfort Speed technology

Comfort Speed™ Technology – This innovative system automatically adjusts the compressor and condensing fan motor speed according to the cooling required. It operates at full 100% capacity during extreme temperatures and at reduced power on milder days. Comfort Speed technology offers the potential for more significant energy cost savings compared to a single-speed unit that only operates at 100% on or off.

A breakthrough innovation for troubleshooting system failures.

Copeland® ComfortAlert™ Diagnostics – EverRest Elite Series air conditioning and heat pump systems are equipped with advanced diagnostics that constantly monitor their performance. This helps minimize system failures and identify potential issues quickly, allowing for prompt resolution.

Reliability and Performance You Can Trust

Relax, with the EverRest Elite Series, reliable, long-lasting product performance is our top priority. Through rigorous quality assurance scrutiny, superior craftsmanship and world-class manufacturing processes, we make sure that each EverRest Elite Series product is the best it can be.

Efficiency and longevity make this the total package

When you choose the energy-efficient EverRest brand Packaged Heat Pump, you'll enjoy years of cost-effective, worry-free indoor comfort from a single, self-contained unit. This product is easy to install and includes two major component limited warranties for added protection. It delivers a high 15.2 Seasonal Energy Efficiency Ratio (SEER2) and a 6.7 Heating Seasonal Performance Factor (HSPF2).

Energy Efficiency

Energy efficiency equates to cost savings. An EverRest Elite Series brand Packaged Unit offers up to 15.2 SEER2 performance during the summer months. "SEER2" stands for Seasonal Energy Efficiency Ratio, a measure used by the U.S. Department of Energy to rate the cooling efficiency of air conditioners and heat pumps. The higher the SEER2, the greater the efficiency—and the lower the operating costs.

Compared to lower SEER2 rated units, an EverRest brand Packaged Unit can provide significant savings on your electric bill.

Premium Durability and Efficiency

Compare the features and benefits of an EverRest Elite Series packed unit systems — with most providing both cooling and heating indoor comfort from a single unit — and you'll discover why more and more homeowners choose the EverRest brand.

PACKAGED UNITS	APGM5 UP TO 15.2 SEER	APGM3 UP TO 13.4 SEER2	APDM3 UP TO 13.4 SEER2 6.7 HSPF2	APHH5 UP TO 15.2 SEER2 6.7 HSPF2	APHM5 UP TO 15.2 SEER2 6.7 HSPF2	APHM3 UP TO 13.4 SEER2 6.7 HSPF2	APCH3 UP TO 13.4 SEER2

* Complete warranty details are available from your local dealer or at www.everresteliteseries.com. To receive the Lifetime Heat Exchanger Limited Warranty, Lifetime Compressor Limited Warranty (in each case, good for as long as you own your home), and 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

The security of the EverRest Elite brand's amazing, limited warranties*

When you choose the EverRest Elite brand, you can rest assured that you'll receive a refreshingly affordable product that's covered by what many consider to be the best product warranties in the heating and cooling industry. Many of our HVAC Packaged Unit products feature a Lifetime Heat Exchanger Limited Warranty, and/or a Lifetime Compressor Limited Warranty, while all include a 10-Year Parts Limited Warranty. Together, these warranties offer homeowners a high level of purchase protection; now, that's the stuff of legend.

AsureSM
EXTENDED SERVICE PLAN

For even greater peace of mind, consider an affordable AsureSM Parts and/or Labor Extended Service Plan for your entire EverRest brand HVAC system. Ask your dealer or visit our website at www.everresteliteseries.com for full details.
