

# ADD PERFECT AIR ANYWHERE

MHA | MINI-SPLIT HEAT PUMP SYSTEM

Reliable, efficient heating and cooling for any room.

# RELIABLE COMFORT AND EFFICIENCY FOR ANY ROOM.

Affordable, reliable and quiet, Lennox® mini-split heat pump systems have the ability to both heat and cool the air in your home, providing you with perfect comfort in any season. Lennox mini-split systems are an energy-saving solution, ideal for spaces like sunrooms and add-on rooms where installing or extending ductwork isn't practical.

## USE LESS ENERGY. SAVE MORE MONEY.

The variable-capacity design saves energy by constantly and precisely adjusting to meet the room's heating or cooling demands.

## RELAX.

### DEPENDABLE COMFORT. MINIMUM NOISE.

- Silence is golden and maintained with indoor units that operate as low as 24dBA which means they are literally whisper quiet. Our outdoor units operate as low as 52dBA, or the sound of a normal conversation.

### ALWAYS FEELS PERFECT

- In addition to conserving energy, the variable-speed fan keeps temperature swings to a bare minimum, making consistent comfort possible in any room of your home.

### PEACE-OF-MIND PROTECTION

- This system comes with a 7-year limited warranty on the compressor and a 5-year limited warranty on covered components.
