Your Whole Home Solution for Cleaner, Healthier Indoor Air

Why Indoor Air Quality Matters to All of Us!

It is now well known that indoor air environments can affect the **Health** of the people who live in them. As energy costs have risen, air tightness in our homes has increased. This increase has created the phenomena of **"trapped indoor air pollutants"**. Statistics show, we now spend a remarkable 90%* of our lives indoors. We live, work, grow & play in artificial environments. The concern is, are they healthy? *EPA

Patented Carbon Graphite (CG) Collection System

The Respicaire **MicroClean 95** CG Hybrid Air Cleaner works on the simple principle of electro-magnetic attraction to remove harmful, airborne particulates from your indoor air. This includes particles as small as .001 microns. The **Patented** Carbon Graphite CG charging grid places a **powerful electro-magnetic charge** on the unique media pads inside each air cleaner. These special **multi-layered media pads** then **attract and hold** harmful airborne pollutants. The **removal** of these troublesome particulates helps to create a **healthier**, more natural, indoor air environment.

MicroClean 95 - Hybrid Whole Home Air Cleaner

Helps Remove Unwanted Airborne Contaminants

Patented Carbon Graphite High Efficiency Technology to maximize Indoor Air Cleansing

Replacement Pack

Up to 95% Efficient

The MicroClean 95 helps remove up to 95% of unwanted airborne particles

Maintenance

Quarterly media pad replacement is recommended. Contact your local contractor or customer service 1-866-876-8044 or 1-416-615-0214.
