

An Evolution in Cleaner Indoor Air

Respicaire

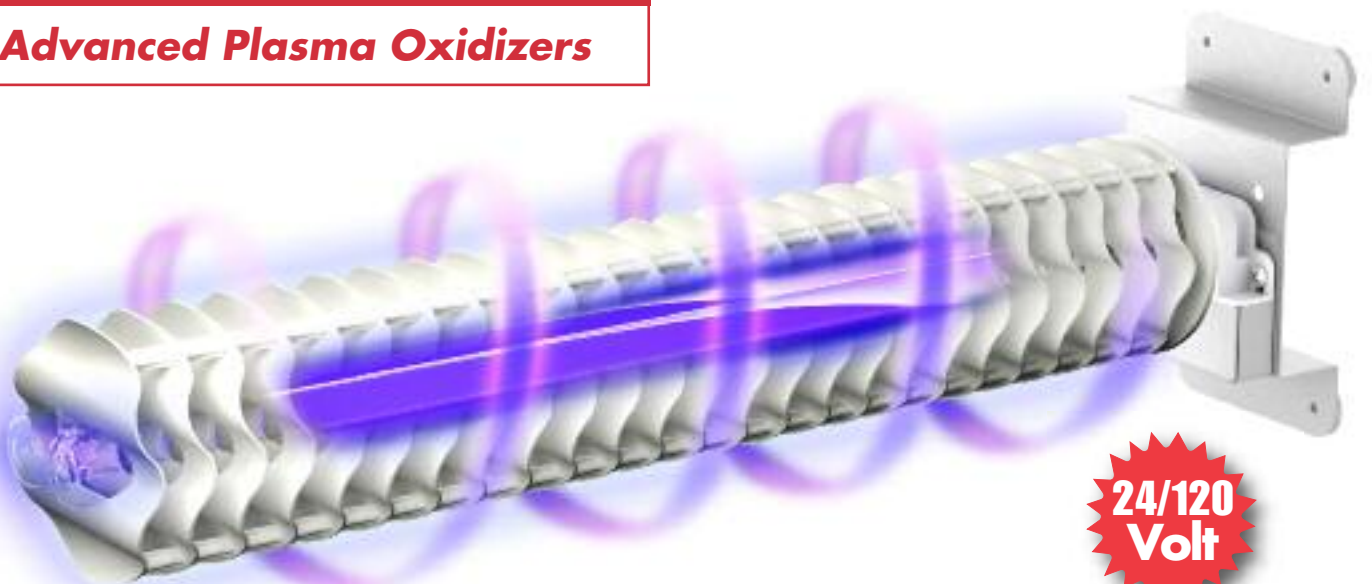

**PCO MAX
AIRSTERILIZER**

**Take your first steps to
Cleaner, Healthier Indoor Air**

Patented Air Sterilizer

Advanced Plasma Oxidizers

- Aerospace Technology
- Oxidizes
- Sterilizes

Why Indoor Air Quality Matters to All of Us!

Indoor air environments can affect the **Health** of the people who live in them. As energy costs have risen, air tightness in our homes has increased **“trapping indoor air pollutants”**.

Statistics show, we now spend a remarkable **90%*** of our lives indoors. We live, work, grow & play in artificial environments. The concern is, are they healthy? *EPA

What can the Respicaire PCO Max Air Treatment System do for you?

The Respicaire PCO Max is a unique - Multi-Process air cleansing system. Its purification technology utilizes Ultra Violet light to accelerate **ionic, oxidative processes** that **help eliminate airborne odors, VOC's, bacteria, virus, mildew, microbials & molds**. It features our patented **“Spiroplate” catalytic chamber** that emits active air cleansers. These natural cleansers migrate throughout your home to destroy airborne contaminants wherever they roam.

Aerospace Technology - The PCO Max Air Sterilizer works 4 ways to purify your indoor air

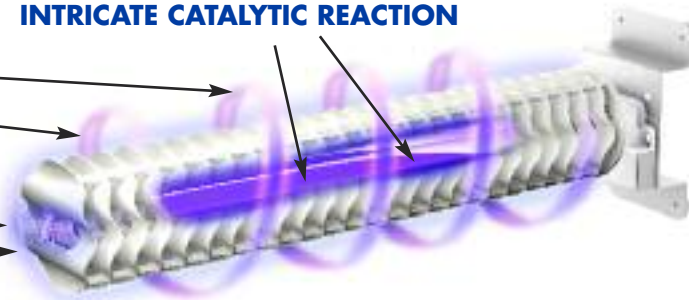

The Respicaire PCO Max features aerospace technology designed to purify indoor air in space. By producing **four natural oxidative cleansers**, multi process reactions are created to **remove harmful airborne contaminants** as well as **surface pollutants**. It is a remarkable & effective “whole home” air treatment system.
