

# An Evolution in Cleaner Indoor Air

**Respicaire**

**MOLDMISER DL<sup>®</sup>**

**Ultra Violet Germicidal  
Air Treatment System**

**Take your first steps towards  
Cleaner, Healthier Indoor Air**

**24/120  
Volt**

**Dual Processes**

- **Twice the Output**
- **Twice the Power**
- **Superior Performance\***

## Why Indoor Air Quality Matters to All of Us!

Indoor air environments can affect the **Health** of the people who live in them. As energy costs have risen, air tightness in our homes has increased **“trapping indoor air pollutants”**. Statistics show, we now spend a remarkable **90%\*\*** of our lives indoors. We live, work, grow & play in artificial environments. The concern is, are they healthy? \*\*EPA

### What can the Respaire MoldMiser DL® Air Treatment System do for you?

**Ultra Violet UVC** is particularly effective at controlling airborne pollutants like mold, virus, bacteria & microbials. First utilized by Danish Nobel laureate Dr. Niels Finsen, Ultra Violet is now used in many of our hospitals & medical centers to control airborne infectious agents. These unique, air quality devices can be installed in our own heating & cooling systems to improve the “Health of our Indoor Air”.

### Dual Technology - Respaire MoldMiser DL® works 2 ways to purify your indoor air.

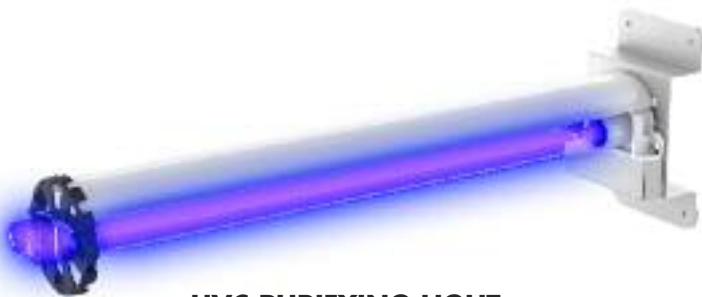

First, we electronically create wavelengths of UVC Ultra Violet light using our **GCA process - “Germicidal Cleansing Action”**. These high potency wavelengths work to **kill & control air borne microbials** by penetrating their cells. This sterilizing “GCA” process helps to **disinfect & purify our indoor air**.

Next we add our **PRT - “Parabolic Reflective Technology”**. The MoldMiser DL reflective technology dramatically enhances performance by **boosting the UVC “killing” effect**. (Up to 90%) This means Dual Technology is at work to help cleanse & purify your indoor air.

### Respaire MoldMiser DL®

**(GCA) Germicidal Cleansing Action**  
to help cleanse & purify your indoor air

**(PRT) Parabolic Reflective Technology**  
to maximize air purification

**UVC PURIFYING LIGHT**

**PARABOLIC REFLECTION**

Molds	Virus	Fungi	Spores	Yeasts	Bacteria
Kill	Control	Purify	Kill	Control	Purify

### Maintenance

Annual lamp replacement is recommended. Contact your local contractor or customer service 1-866-876-8044 or 1-416-615-0214.

Unit Size	Model Part Code	Replacement Lamps
