Efficiency Air
Cleaners**

- **Multiple Sizes**
- **High Particulate Removal**

Why Indoor Air Quality Matters to All of Us!

It is now well known that indoor air environments can affect the **Health** of the people who live in them. As energy costs have risen, air tightness in our homes has increased. This increase has created the phenomena of **“trapped indoor air pollutants”**. Statistics show, we now spend a remarkable 90%* of our lives indoors. We live, work, grow & play in artificial environments. The concern is, are they healthy? *EPA

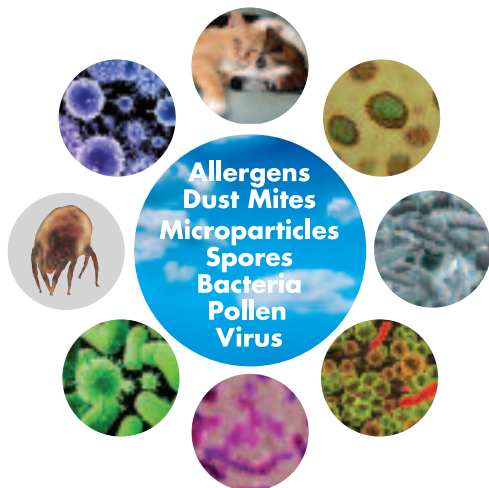

What can a Whole Home Respicaire ProClean 90® Air Cleaner do for You?

The Respicaire ProClean 90® Air Cleaners use high efficiency, **Multi-Pleat cartridges** to dramatically improve the collection rate of airborne micro-particles. These air cleaners **strain & hold** micro-particles as your indoor air is circulated by your heating & cooling system. The ProClean 90® air cleaners are available in multiple sizes, so one model will be an ideal fit for your home.

Traditional disposable furnace filters are remarkably inefficient - where your health is concerned. Respicaire ProClean 90® air cleaners **collect** up to **90% more** airborne particulates. They are a natural, safe & effective design that works to enhance your indoor breathing environment. Make the move to **healthier indoor air** today with a Respicaire ProClean 90® Air Cleaner.

Helps remove unwanted airborne particles

Respicaire ProClean 90® High Efficiency Air Cleaner

The ProClean 90® helps remove unwanted indoor air pollutants

Maintenance

Periodic media cartridge replacement is recommended. Contact your local contractor or customer service 1-866-876-8044 or 1-416-615-0214.
