# Your Whole Home Solution for Cleaner, Healthier Indoor Air

## Why Indoor Air Quality Matters to All of Us!

It is now well known that indoor air environments can affect the **Health** of the people who live in them. As energy costs have risen, air tightness in our homes has increased. This has created the phenomena of **“trapped indoor air pollutants”**. Statistics show, we now spend a remarkable **90%\*** of our lives indoors. We live, work, grow & play in artificial environments. The concern is, are they healthy? \*EPA

## What can the Respicaire UltraClean 99, “Whole Home” Air Cleaner do for you?

The Ultra Clean 99 sets a new standard in Indoor Air Quality Efficiency with a **microparticle rating of 99%** on many of the most troublesome airborne contaminants. (Independently tested & performance verified - Ashrae 52.2 standard)

### Dual Collection Processes - Highly Efficient, Patented Technology

The Ultra Clean 99 achieves this leading edge efficiency by utilizing **2 stage, patented technology** to **attract, collect & kill** airborne allergens, molds, virus & bacteria. The Ultra Clean 99 is a hybrid design featuring a potent **“Dual Charging”** process that dramatically **enhances micro particle collection**. The patented process works by creating powerful electrical attraction between the airborne contaminants and our charged internal collection system. Airborne micro particles are **captured & killed** with a natural and safe process to **significantly enhance** your indoor breathing environment. Make the investment in healthier indoor air today with the Ultra Clean 99.

### Removes unwanted airborne contaminants

### Patented 2 stage technology

**The Ultra Clean 99 Air Cleaner helps remove up to 99% of unwanted airborne particles!**

### Maintenance

Annual media cartridge replacement is recommended.  
Contact your local contractor or customer service 1-866-876-8044 or 1-416-615-0214.
