## ALL-IN-ONE SOLUTIONS.

Trane packaged units fit all of your cooling and heating equipment into a single sleek cabinet, offering location flexibility, conserving space, and delivering reliable performance. Exclusive components include ultra-quiet Climatuff® compressors for efficiency, all-aluminum Spine Fin™ coils for durability, and Weather Beater tops to help withstand the elements. Variable-speed Vortica™ blower motors with Comfort-R™ provide precise humidity control while keeping temperatures even throughout your home.

The Trane packaged unit lineup comes in several different configurations to match your property type, size, location and budget and can be powered by a variety of energy sources. For homeowners who are looking for maximum efficiency, the XL15c and XL16c models are Energy Star qualified.

### SEET™ TESTED

Every Trane system is put through some of the most extreme conditions found in nature in our SEET™ [Systems Extreme Environmental Test] lab. Put through five years of severe wear and tear in just a few months, our products can stand up to the harshest environments imaginable.

## A CLOSER LOOK

### Durable Weather-Beater Top

Specially shaped and reinforced to shrug off the elements.

### State-of-the-Art Fan System

Applies a highly efficient motor and specially shaped aerodynamic blade to move air across the coil quietly and efficiently.

### Climatuff® Compressor

Known throughout the industry for its legendary reliability and efficient, quiet operation. The two-stage compressor operates at lower speeds most of the time, using the higher speed only when needed.

### Variable-Speed Blower Motor with Comfort-R™

Distributes air more evenly to eliminate hot and cold spots while operating at reduced noise levels. Exclusive Comfort-R provides precise humidity control to enhance your comfort.

### Composite Vortica™ Blower

Advanced design increases airflow with minimal sound while using less energy.

### All-Aluminum Spine Fin™ Coil

Offers extreme resistance to corrosion and leaks for greater reliability. Designed for more efficient, effective airflow.

### Attractive, Contrasting Louvers

Made from UV-resistant, automotive-grade plastic to provide durable protection.

### Appliance-Grade Finish

Appliance-grade finish of resistant paint over heavy rolled steel stays attractive for years.

### Advanced Electronic Demand Defrost

Eliminates unnecessary defrost cycles, saving energy and prolonging compressor life. (Heat pumps only)

### Compatible with Trane CleanEffects®

The first whole-home air-cleaning system to earn the **asthma & allergy friendly**® Certification Program mark by the Asthma and Allergy Foundation of America.

Features and components may vary by model and are shown for illustration purposes only.

# TRANE DEALERS ARE AS HARD TO STOP AS A TRANE ITSELF.

Independent Trane dealers take great pride in creating your perfect indoor environment. They are some of the most highly trained professionals in the business—with an extensive understanding of the movement and conditioning of air and the expertise to recommend, install and maintain the right system for your home.

WE ARE COMMITTED TO USING ENVIRONMENTALLY FRIENDLY PRINTING PRACTICES.

## COMFORT. CONTROL. EFFICIENCY.

Optimize the comfort and efficiency of your home with the Trane Home smart comfort system.

The Trane Home mobile app gives you remote access to your HVAC system through your connected Trane smart thermostat. Adjust your temperature, set your schedule, and view your HVAC usage from anywhere.

Trane Home connects to your Trane HVAC system to provide you with remote control and diagnostics. To view additional integrations and subscriptions, visit our Knowledge Base at [Trane.com/residential/home-subscription/](http://Trane.com/residential/home-subscription/)

## WHY IS INDOOR AIR QUALITY IMPORTANT?

We spend 90% of our time indoors, and 70% of that is in our home<sup>2</sup> where the air can be up to 5X poorer quality than the air outside<sup>3</sup>. To help improve your indoor air, Trane offers a complete portfolio of air filtration equipment for whole home solutions for new and existing units.

### TRANE CLEANEFFECTS® AIR CLEANER

Utilizes patented technology to deliver cleaner air to the whole home by removing up to 99.98% of airborne particles<sup>4</sup> that pass through the re-usable filter, including 99.9% of the Influenza A (H1N1) virus<sup>5</sup>. This level of filtration makes it up to 100X more effective than a standard 1" filter<sup>6</sup>. Plus, it's the ONLY whole-home electronic air cleaner that is certified **asthma & allergy friendly**<sup>7</sup> by the Asthma & Allergy Foundation of America.

### ENERGY RECOVERY VENTILATORS (ERV)

Provide an energy-efficient way to exchange air inside your home with fresh air from outside, removing lingering odors like cooking smells while improving overall air quality.

### HUMIDIFIERS AND DEHUMIDIFIERS

Deliver the right amount of moisture to the air throughout your home, adjusting from summer to winter.
