		14 Single-Stage Gas Furnace/Air Conditioner Packaged UP TO 14.3 SEER2/81% AFUE
Cooling		14 Single-Stage Air Conditioner Packaged UP TO 14.3 SEER2

 At Trane, we're constantly innovating for a more sustainable future—without sacrificing reliability, durability, or efficiency when it comes to your year-round home comfort. In response to federal regulations requiring HVAC systems to use low global warming potential (GWP) refrigerants by 2025, Trane dedicated extensive research to identify R-454B as the most sustainable alternative. Our latest equipment with R-454B refrigerant offers zero ozone depletion potential and a 78% reduction in global warming potential compared to traditional refrigerants. This transition not only aligns with global environmental goals but also enhances energy efficiency, potentially qualifying homeowners for tax credits and other incentives. Talk to your Trane dealer to learn more.

ALL-IN-ONE SOLUTIONS.

Trane® packaged units fit all of your cooling and heating equipment into a single sleek cabinet, offering location flexibility, conserving space, and delivering reliable performance. Exclusive components include ultra-quiet Climatuff® compressors for efficiency, all-aluminum Spine Fin™ coils for durability, and Weather Beater tops to help withstand the elements. Variable-speed Vortica™ blower motors with Comfort-R™ provide precise humidity control while keeping temperatures even throughout your home.

The Trane packaged unit lineup comes in several different configurations to match your property type, size, location and budget and can be powered by a variety of energy sources.

SEET® TESTED

Every Trane system is put through some of the most extreme conditions found in nature in our SEET [System Extreme Environmental Test] lab. Put through five years of severe wear and tear in just a few months, our products can stand up to the harshest environments imaginable.

A CLOSER LOOK

Durable Weather-Beater Top

Specially shaped and reinforced to shrug off the elements.

State-of-the-Art Fan System

Aerodynamic blade and fan motor have the quietest performance on the market.

Climatuff® Compressor

An industry leader – reliable, efficient, quiet. The two-stage operation decreases energy use, using higher speeds only for high-demand periods.

Variable-Speed Blower Motor with Comfort-R™

Distributes air evenly to eliminate hot and cold spots while operating at reduced noise levels. Exclusive Comfort-R provides precise humidity control to enhance your comfort.

Composite Vortica™ Blower

Advanced design increases airflow with minimal sound while using less energy.

All-Aluminum Spine Fin™ Coil

Offers extreme resistance to corrosion and leaks for greater reliability. Designed for more efficient, effective airflow.

Attractive, Contrasting Louvers

Made from UV-resistant, automotive-grade plastic to provide durable protection.

Appliance-Grade Finish

Appliance-grade finish of resistant paint over heavy rolled steel stays attractive for years.

Refrigerant Detection System (RDS)

The included Mitigation Control Board (MCB) works in conjunction with the RDS on the drain pan to detect and mitigate refrigerant leaks.

Advanced Electronic Demand Defrost

Eliminates unnecessary defrost cycles, saving energy and prolonging compressor life. (Heat pumps only)

Compatible with Trane CleanEffects®

The first whole-home air-cleaning system to earn the **asthma & allergy friendly**® Certification Program mark by the Asthma and Allergy Foundation of America.

Features and components may vary by model and are shown for illustration purposes only.

¹ Registered Limited Warranty terms are available when you register within 60 days of installation. You can register online at Trane.com or by phone at 855-260-2975, otherwise Trane's Base Limited Warranty terms will apply. Base Limited Warranty information on specific products can be found on Trane.com. Ask your dealer for full warranty information at time of purchase. Warranties are for residential and multi-family use only, some exclusions may apply. Product Registration and Registration Transfer exclusions vary in the US from state to state and in Canada from province to province. To determine if there are specific exclusions for your state or province check your local laws.

TRANE DEALERS ARE AS HARD TO STOP AS A TRANE ITSELF.

Independent Trane dealers take great pride in creating your perfect indoor environment. They are some of the most highly trained professionals in the business—with an extensive understanding of the movement and conditioning of air and the expertise to recommend, install and maintain the right system for your home.

WE ARE COMMITTED TO USING ENVIRONMENTALLY FRIENDLY PRINTING PRACTICES.

COMFORT. CONTROL. EFFICIENCY.

Optimize the comfort and efficiency of your home with the Trane Home smart comfort system.

The Trane Home mobile app gives you remote access to your HVAC system through your connected Trane smart thermostat. Adjust your temperature, set your schedule, and view your HVAC usage from anywhere.

SCAN ME

Trane Home connects to your Trane HVAC system to provide you with remote control and diagnostics. To view additional integrations and subscriptions, visit our Knowledge Base at Trane.com/residential/home-subscription/

WHY IS INDOOR AIR QUALITY IMPORTANT?

We spend 90% of our time indoors, and 70% of that is in our home¹ where the air can be up to 5X poorer quality than the air outside². To help improve your indoor air, Trane offers a complete portfolio of air filtration equipment for whole home solutions for new and existing units.

TRANE CLEANEFFECTS® AIR CLEANER

Utilizes patented technology to deliver cleaner air to the whole home by removing up to 99.98% of airborne particles³ that pass through the re-usable filter, including 99.9% of the Influenza A (H1N1) virus⁴. This level of filtration makes it up to 100X more effective than a standard 1" filter⁵. Plus, it's the ONLY whole-home electronic air cleaner that is certified **asthma & allergy friendly**⁶ by the Asthma & Allergy Foundation of America.

Trane CleanEffects® is verified zero ozone producing so you can breathe easier knowing your air is free from harmful byproducts.⁶

ENERGY RECOVERY VENTILATORS (ERV)

Provide an energy-efficient way to exchange air inside your home with fresh air from outside, removing lingering odors like cooking smells while improving overall air quality.

HUMIDIFIERS AND DEHUMIDIFIERS

Deliver the right amount of moisture to the air throughout your home, adjusting from summer to winter.

Contact your Dealer or visit Trane.com/Residential to learn more.

¹The National Human Activity Pattern Survey (2001) | ²U.S. Environmental Protection Agency. EPA/600/6-87/002a. (1987)

³Based on 3rd party testing of particle removal efficiency down to 0.3 microns (2005)

⁴As reported by airmid healthgroup in ASCR092142v2 (2015) | ⁵Assuming <1% removal rate of 0.3-10 micron particles

⁶Verified Zero Ozone per UL 2998, Intertek certificate #Z0Z-90113-2023c
