EVERY HOME DESERVES PRECISE, EVEN COMFORT.

Get simple temperature control with Trane's programmable and non-programmable thermostats.

Trane's programmable thermostats put comfort in your control. Compatible with up to four stages of heating and two stages of cooling with humidity display, this home digital home thermostat will keep your home comfortable day in and day out.

Every Trane non-programmable thermostat is packed with high-quality components. Each helps ensure that time after time, your unit will provide total comfort your family can rely on. The built-in memory will retain your temperature settings even when power is interrupted.

SEET™ TESTED

Every Trane system is put through some of the most extreme conditions found in nature in our SEET™ [Systems Extreme Environmental Test] lab. Put through five years of extreme wear and tear in just a few months, our products can stand up to the harshest environments imaginable.

AMERICA'S MOST TRUSTED® HVAC BRAND
6 CONSECUTIVE YEARS¹

MOST RELIABLE HEATING AND COOLING
EQUIPMENT BRAND²

¹Trane was named America's Most Trusted HVAC brand/system by Lifestory Research, a national research firm, based on a 2019 study of 11,000 consumers actively shopping or considering a product as compared with peer organizations of like size and complexity. Trane has received the highest numerical score for years 2015, 2016, 2017, 2018, 2019 & 2020. Your experiences may vary. Visit lifestoryresearch.com

A CLOSER LOOK

PROGRAMMABLE

XR300 Series Touchscreen Thermostats

Offer complete control for Trane's traditional systems. It is simple to program, easy to read in any light, and features a 7-day or 5-1-1 programmable schedule, with the ability to automatically switch between heating and cooling as needed. For greater convenience, it features a real-time clock, filter, humidifier pad, and UV lamp service reminders.

XR303

XR203

XR200 Series Programmable Thermostats

Feature a 5-day or 5-1-1 programmable schedule that is simple to program and accommodates separate schedules for weekdays and weekends, custom-tuning your comfort and system energy use to your lifestyle.

NON-PROGRAMMABLE

XR100 series Non-Programmable Thermostats

Trane's durable, hardworking thermostats provide a large 1.9" display for easy-to-read numbers. Display temperatures in Fahrenheit or Celcius.

XR103

XR402

XR400/XB200 Series Non-Programmable Thermostats

Trane's durable, hardworking thermostats provide large, easy-to-read numbers that give you direct control over your comfort. A slideout compartment holds your dealer's contact information for convenience and quick access.

The Trane XR400, XR300, XR200, XR100 Series thermostats have a 5-year limited warranty on functional parts.

As part of our continuous product improvement, Trane reserves the right to change specifications and design without notice. Read important energy cost and efficiency information available from your dealer.

TRANE DEALERS ARE AS HARD TO STOP AS A TRANE ITSELF.

Independent Trane dealers take great pride in creating your perfect indoor environment. They are some of the most highly trained in the business and have an extensive understanding of the movement and conditioning of air and the expertise to advise, install and maintain the right system for your home.

WE ARE COMMITTED TO USING ENVIRONMENTALLY FRIENDLY PRINTING PRACTICES.

Compatible with smart thermostats only.

RUN YOUR HOME FROM WHEREVER LIFE TAKES YOU.

Nexia® allows you to manage your home remotely using most web-enabled mobile devices¹. With just the touch of a button, you can unlock a door, turn on lights, or adjust your heating & cooling from a distance to save you energy. Simply put, Nexia gives you home automation in the most simple and accessible way. All so that you can connect with your home, even when you're not at home.

¹Nexia Remote Climate Access is included with the purchase of a connected control. Adding accessories to your Nexia system requires a monthly subscription for remote access via most web-enabled smartphones and computers.

WHY IS INDOOR AIR QUALITY IMPORTANT?

We spend 90% of our time indoors, and 70% of that is in our home² where the air can be up to 5X poorer quality than the air outside³. To help improve your indoor air, Trane offers a complete portfolio of air filtration equipment for whole home solutions for new and existing units.

TRANE CLEANEFFECTS® AIR CLEANER

Utilizes patented technology to deliver cleaner air to the whole home by removing up to 99.98% of airborne particles⁴ that pass through the re-usable filter, including 99.9% of the Influenza A (H1N1) virus⁵. This level of filtration makes it up to 100X more effective than a standard 1" filter⁶. Plus, it's the ONLY whole-home electronic air cleaner that is certified **asthma & allergy friendly**⁷ by the Asthma & Allergy Foundation of America.

ENERGY RECOVERY VENTILATORS (ERV)

Provide an energy-efficient way to exchange air inside your home with fresh air from outside, removing lingering odors like cooking smells while improving overall air quality.

HUMIDIFIERS

Provide the right amount of moisture to the air throughout your home, adjusting from summer to winter.

Contact your Dealer or visit Trane.com/Residential to learn more.

²The National Human Activity Pattern Survey (2001) | ³U.S. Environmental Protection Agency, EPA/600/6-87/002a. (1987)

⁴Based on 3rd party testing of particle removal efficiency down to 0.3 microns (2005)

⁵As reported by airmid healthgroup in ASCR092142v2 (2015) | ⁶Assuming <1% removal rate of 0.3 - 10 micron particles
