

YORK® Residential Package Equipment

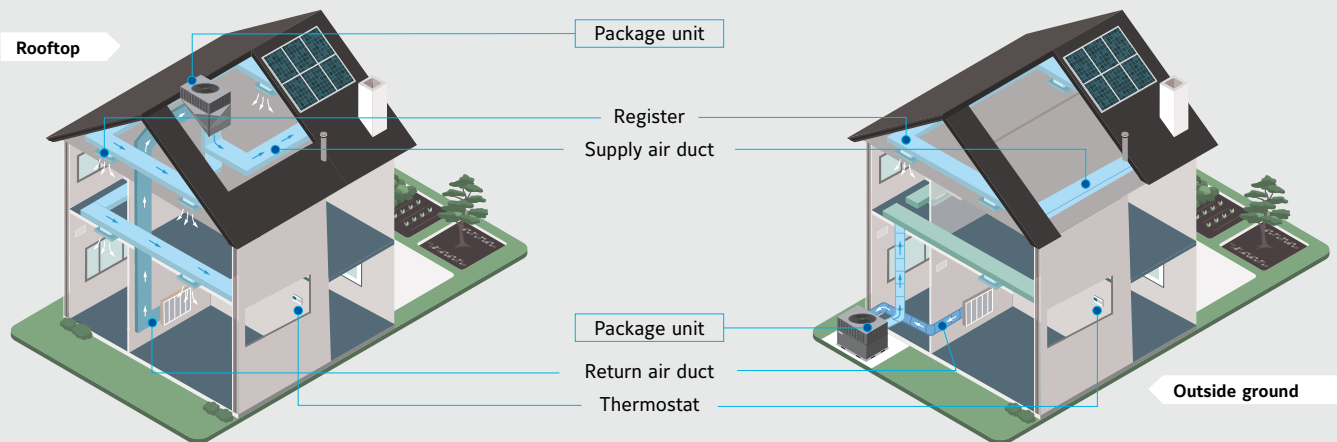

Tailored for you

YORK® Residential Package Equipment brings you heating and cooling functions in one self-contained unit. It is perfectly designed for rooftops or ground pads where interior space is at a premium. YORK offers both air conditioning and heat

pump models with gas and electric heating options. Your contractor can recommend the right size and efficiency level for your home and budget – with standard (13.4 SEER2) and high-efficiency (15.2 SEER2) efficiency options.

Installation options

Faster comfort

1. Next-generation high-efficiency blower delivers reduced energy consumption

Consistent comfort

2. High-efficiency standard ECM motor ensures dependable air distribution

Quiet comfort

3. Advanced fan design and vibration-reducing technology minimizes noise to provide you with the peace and quiet you expect from YORK

Dependable comfort

4. Stainless steel heat exchanger provides long life and optional lifetime warranty*
5. All-aluminum indoor coil resists corrosion to extend operating life
6. Robust compressor provides dependable, long-lasting operation
7. Durable, corrosion-resistant materials and finish – the cabinet is finished with powder coat paint subjected to 750-hour salt spray tests. Galvanized steel base rails protect your unit from the elements
8. Extruded steel louvers add strength and stability for added durability

*PCG and PHG models only – product registration required.

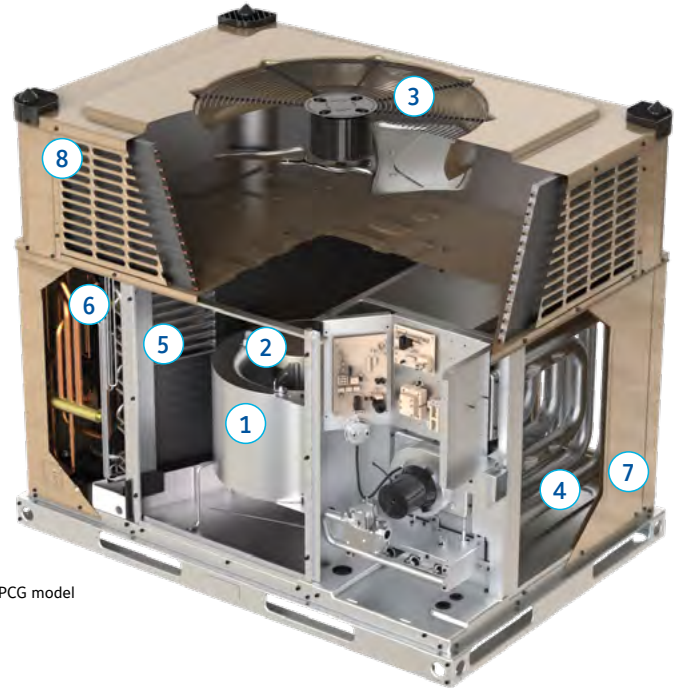

Improved comfort and optimized efficiency – Our high efficiency 15.2 SEER2 units offer up to two stages of cooling and heating control.

Rigorous testing – Our product is exposed to highly accelerated life testing in temperatures ranging from 125 degrees Fahrenheit to 20 degrees below zero.

Package cooling and heating units

	ENERGY STAR® Certified 15.2 SEER2	Standard Efficiency 13.4 SEER2
Models	PCE6, PCG6	PCE4, PCG4, PCG4 Ultra-Low NOx
Tonnage Range	2-5 Tons	
Efficiency	15.2 SEER2/ 81% AFUE (PCG6)	13.4 SEER2/ 81% AFUE (PCG4)
Phase	Single- and Three-phase	

Affordable efficiency. Advanced performance. Industry-leading quality.

PCG model

Thoughtful design – Our units are designed for easy access and connections. This makes them quick and easy to install and service, which saves you money.

Industry-leading warranties

We are all about quality and it starts with a 2-Year Parts Warranty for all genuine YORK parts. Each genuine part is engineered, built to specification and tested to perform reliably in all of our equipment.

**15.2 SEER2 models are ENERGY STAR® certified.

To receive the extended 10-Year Parts Limited Warranty or premium system warranty for qualifying units, you must register online at www.upgproductregistration.com. Registration must be completed within 90 days of installation or 90 days of the closing date for new home construction. Failure to register online within 90 days results in a standard 5-Year Parts Limited Warranty. Failure to return the registration card does not affect rights under the standard warranty.
