# Products Dossier

## Sirenspharma®: Cellulite

### Thermogenic

The natural herbal extracts promote metabolic processes and begin to burn the body's fat reserves. Cellulite: stimulates the peripheral metabolism where fat accumulates.

### Diuretic

They remove the excess fluids contained in the body. Horsetail extract, in particular, is a potent diuretic that drains the accumulated excess fluid and makes the body dispel it.

### Circulation

Cellulite reduces small accumulations of fat under the skin also solves the problems of fat, toxins in the skin, and excess fluid beneath the skin, improving circulation.

### Detox

Cellulite improves liver function to cleanse the skin of toxins. It repairs skin so that it is tighter and more uniform.

Sirenspharma® Slim

## Accelerating Metabolism and Fat Burning

The components of our slimming herbal pills work by stimulating metabolic processes and elevate consumption of fats by the body.

## Eliminating Excessive Fluids

Equisetum arvense has long been known and used as a powerful diuretic. It stimulates fluid excretion and urination.

## Decreasing Absorption of Fat

The extracts of Garcinia could prevent the synthesis of fats from carbohydrates and slow down the formation of new fat reserves.

## Well-being and Self-confidence

This herbal supplements will help to obtain a slender figure by burning accumulated fat, preventing deposition of new fatty tissue and eliminating contained liquid.

# Products Dossier

## Sirenspharma® Anti-aging

### Facial rejuvenation

Women can get younger skin thanks to the Sirenspharma Anti-aging new formula. After a few weeks, you will look 10 years younger.

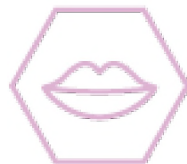

### More mental and physical vigour

Thanks to the HGH stimulation and the high content of amino acids in its formula repair the brain cells that produce the proteins necessary for the storage of our memories.

### Improvement of less fatigue

Thanks to the Tribulus terrestris, a plant and a powerful testosterone stimulator, the body will keep fit and you will not feel tired.

### More sexual vigour

Andropharma has produced an anti-aging formula derived from Tribulus terrestris in order to increase the level of testosterone. The consequence is a stronger sexual desire.
