Anticipated Award Date	TBD	
Anticipated Notice to Proceed	2/16/2027	

***Schedule will be provided in advance of the Presentations**

⑥ Addendum No. 6, October 8, 2026

Chapter 4: Selection Process and Evaluation Criteria

4.1 INITIAL EVALUATION/EVALUATION OVERVIEW

The Selection Committee shall first determine whether the Proposals meet the Pass/Fail criteria and whether the Proposals are otherwise responsive to the requirements of the RFP. Committee members shall evaluate the appropriate components of the Proposals against the criteria contained in this RFP and submit the findings to the full Committee. Following the Oral Presentations, Committee members shall finalize their evaluation sheets and narratives, where appropriate.

Committee members will not evaluate the technical component of Proposals that are deemed non-responsive.

4.2 ORAL PRESENTATIONS

⑥ MassDOT may require each Proposer to present its Proposal in person through a fortifying oral presentation. Following Proposal submission, a notice will be issued to Proposers with the oral presentation schedule. According to the date specified under Section 1.3, after the Proposals are submitted, Proposers that submitted Proposals deemed responsive may be required to make an Oral Presentation (up to two (2) hours in duration) to all members of the Selection Committee. The presentation shall afford the Proposers the opportunity to highlight the significant aspects of their Technical Proposal and their understanding of the Project and offer a chance for the Selection Committee to ask clarifying questions. The Selection Committee shall decide in advance as to what Proposal information may require clarification and which of the Proposer's Key Personnel it wishes to interview. The Oral Presentation shall not be used to fill in missing or incomplete information that was required in the written Proposal. The Oral Presentation shall not be used as an opportunity by the Proposers to improve or supplement their Proposals.

Following Oral Presentations, Committee members shall complete their evaluation sheets and narratives.

4.3 PROPOSAL CLARIFICATIONS

The Selection Committee shall determine if clarifications shall be required. The Selection Committee shall notify in writing each Proposer for which clarifications of their Proposal are required in accordance with the schedule contained in this RFP. Oral Presentations may be requested and shall serve the purpose of assisting the Committee in understanding and clarifying the Proposals. Committee members may request each Proposer to address any and all incomplete issues and/or information and may request the submission of additional information for the purpose of clarifying and improving the Committee's understanding of its Proposal.
