FINISH CODE	CHANGES	PAGE
A519, A520, A528 A579, A588, A611 A619, A628, A643	Repaired typo error from E revisioni by adding "REWORK OF ANODIZED PART" to title. This restriction is necessary to agree with FPS-3001 requirement.	97,97, 99, 110, 112, 116, 118, 121, 124
A526, A527	Added "AND BLACK DYE ANODIZE FOR THERMAL CONTROL" to title to enable finding this feature easier.	98, 99
A531, A533 A536	Added "AND HARD ANODIZE" to title for ease in finding code.	99, 100, 100
A536, A575	Added a restriction on use note at bottom because process of sulfuric acid anodize is not in-house.	100, 109
A538	Added the words "PAINTING OF EXISTING ZINC CHROMATE-PRIMED ALUMINUM PARTS" in title that were left off the E revision. These are necessary to understand the code use.	101
A544, A566, A587 A589, A601, A634, A645, A646, A676 A678, A713, A726 A729, A774, A790 A818, A819, A851	Added "AND HARD ANODIZE" to title for ease in finding code.	102, 106, 112, 112, 115, 122, 124, 124, 132, 132, 138, 140, 141, 155, 159, 165, 165, 166
A607	Added "REWORK OF CURED PRIMER" to title to better define the code.	116
A629	Added "SHIM MATERIAL" to title to better define the code.	121
A635, A636, A684 A685, A771, A772 A795, S453	Added "PYLONS" to title since all codes with exterior finish reference to 16N0005 apply to pylons.	122, 122, 133, 134, 154, 154, 159, 200
A651	Added the word "surface" as second word in step d for clarification.	125
