Consultant Services to produce Traffic Control Plans (TCPs) for the Lead Programs

Lead Pipe Replacement Assistance Program (LPRAP) & Voluntary Full Replacement Program (VFRP)

RFI DCW-SOL-27-10639

Contract A57800

November 10, 2026, at 3:00 PM (MS Team link below)

The District of Columbia Water and Sewer Authority (DC Water) invites qualified and interested firms to participate in the upcoming Industry Outreach Event regardingthe Traffic Control Plans (TCPs) Project. The purpose of this event is to provide an overview of the project, discuss anticipated requirements, and present the planned procurement schedule.

Description of Scope of Service

DC Water seeks Statements of Qualifications (SOQs) and Technical and Price Proposals from firms with demonstrated experience preparing Traffic Control Plans (TCPs), Site Plans, and Statements of Work (SOWs) required to obtain permits from the District Department of Transportation (DDOT). The consultant must demonstrate the capacity to manage ongoing daily assignments, including both routine and emergency requests, while meeting strict turnaround times.

Utilization Program: Local and Local Small Business Enterprise Program
Approved Funding: $750,000 for the base term of the contract (3-year base term with option to extend 2 additional years)

To learn more about this upcoming project please join us on **November 10, 2026, at 3:00 PM,** for the Industry Outreach Event. This Event will be a virtual Microsoft Teams Meeting. The log-in and dial-in instructions are noted below. It is strongly encouraged that vendors log in to the meeting. Dialing in will only allow vendors access to the audio of the presentation.
