Procurement Services

IMPORTANT! PLEASE READ CAREFULLY BEFORE SUBMITTING BID

ISSUANCE DATE: **October 23, 2026**

SOLICITATION NUMBER: **IFB-26-00398** **Addendum No. 2**

SOLICITATION TITLE: **Intersection Improvements for East County Line Road at Grand Hampton Drive**

CONE OF SILENCE: A Cone of Silence is in effect for this procurement; therefore, no Bidder, interested party and/or their principals, officers, employees, attorneys, or agents shall communicate with County employees, the Hearing Master assigned to hear the applicable protest appeal and/or members of the Board of County Commissioners, including their aides and employees regarding this procurement and/or a related protest, except as otherwise provided in the Hillsborough County Procurement Protest Policy and Procedures Ordinance. The Cone of Silence does not prohibit a Bidder from communicating with the Director of Procurement, staff in the Procurement Services Department, or the County's attorney assigned to this procurement. Violating the Cone of Silence may disqualify the Bidder from consideration for award. Please refer to the [**Instructions]** for complete details about the Cone of Silence.

NOTICE: This Addendum is an integral part of the Invitation for Bid under consideration by you as a Bidder in connection with the subject matter identified below. Hillsborough County deems all Bids to have been proffered in recognition and consideration of the entire Invitation for Bid including all issued Addenda.

THE INFORMATION INCLUDED HEREIN IS HEREBY INCORPORATED INTO THE CONTRACT DOCUMENTS OF THIS PRESENT BID MATTER AND SUPERSEDES ANY CONFLICTING CONTRACT DOCUMENTS OR PORTION THEREOF PREVIOUSLY ISSUED.

If the Bid has already been submitted within the electronic bidding system for Hillsborough County Procurement Services, Bidder shall resubmit Bid and acknowledge addendum electronically.

REASON(S) FOR ADDENDUM:

1. **Issue Questions and Answers.**

Question# 1: What is the address of the County yard where the millings are to be delivered?

Answer: Typically, the Contractor is directed to deliver the millings to the nearest County facility that is able and willing to accept the material. For this project, the Contractor should first coordinate delivery with the West Service Unit, located at 9805 Sheldon Road, Tampa, FL 33635. If that facility is unable to accept the millings, an alternative County facility near the project may be designated.

Question# 2: The Temporary Traffic Control notes state no lane closures between 9a-4p; however, the phasing notes state nighttime lane closures are 10p-6a only; which one is correct?

Answer: The general notes stating no lane closures from 9 am to 4pm are based on County standards. The recommended closure time of 10 pm to 6 am is based on the engineer's evaluation

of the traffic volumes. The more restrictive time frame of 10 pm to 6 am should be utilized for the contractor's planning.

Question# 3: What is the detour route for the road closure?

Answer: There are no detours planned. Per the note on Index 102-625, this is for temporary roadway closures of 5 minutes or less as needed.

Question# 4: Please provide the engineer's estimate.

Answer: The Bid Tabulation is shared with potential bidders, which contains the same information as the Engineer's Estimate except for the unit costs. We do not provide the Engineer's Estimate to the potential bidders because we are seeking their bid prices not providing our unit costs.
