Uninterrupted Power Supply (UPS) Batteries/Solicitation #36C24427Q0039 | Lebanon VA Medical Center

Question and Answers

Number	Vendor Question	Government Response
1	UPS details. Please provide the UPS manufacturer, model, kVA rating, and number of battery strings so our installation partner can plan the functional test.	We do not have a photo of the Battery string and Do not want to open the UPS to supply this information.
2	Letter of Authorization. Will an LOA from that partner, naming (Vendor), satisfy the requirement on page 1 and VAAR 852.212-71(c)? If the letter must come from C&D Technologies directly.	Yes
3	Past performance. Will the Government accept our installation subcontractor's documented experience and certifications for the work under CLIN 0002?	Yes and submission of their plan.
4	The solicitation documents do not state the submission method.	Quotes are to be submitted by email to you at Doretha.Jordan@va.gov, due November 24, 2026 at 4:30 PM EST
5	Will a delivery and installation schedule of 7 weeks ARO be acceptable	7 week lead time is acceptable.
