

Science Investigation Roles

Equipment
Manager

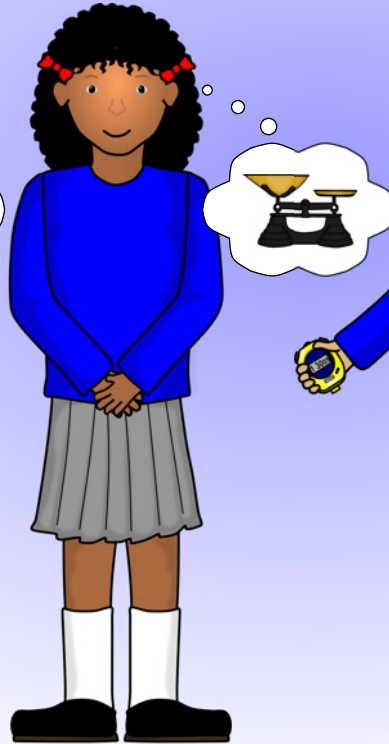

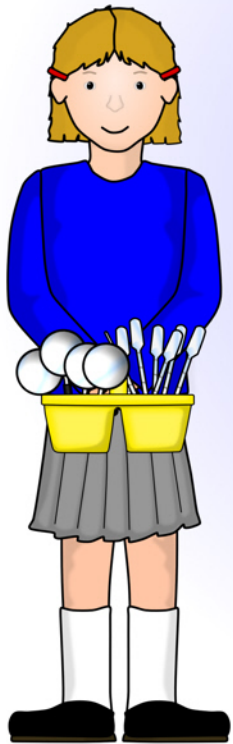

Predictor

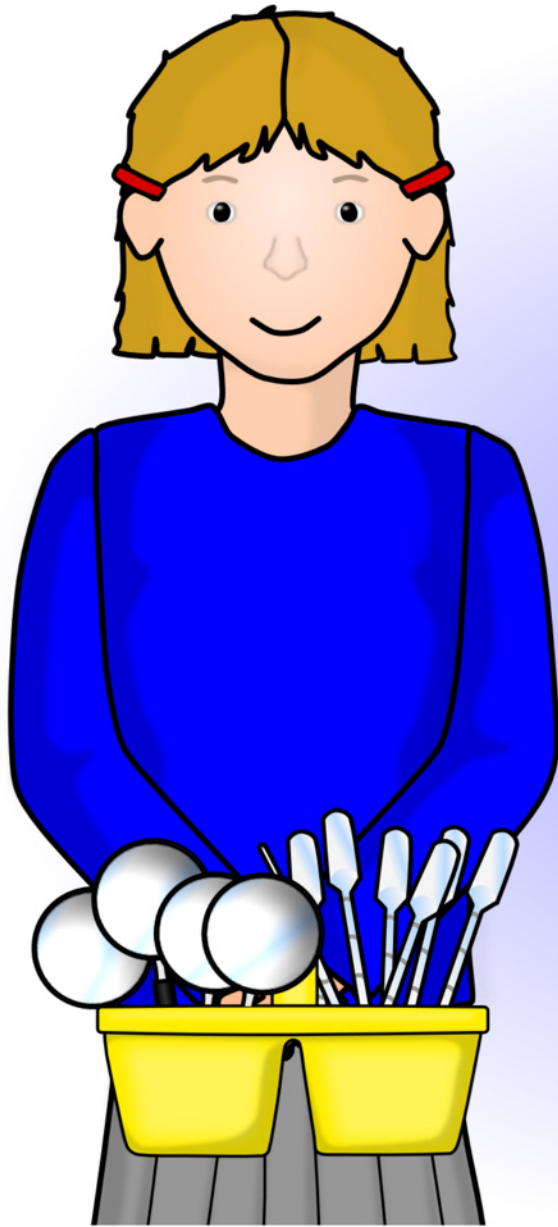

Fair Tester

Measurer

Recorder

Explainer

Equipment Manager

**Collects all the equipment
for the investigation
and makes sure everything
is tidied away at the end.**

Predictor

Carefully thinks about what the outcome of the investigation may be and makes a prediction.

Fair Tester

**Makes sure that the test
is fair by ensuring that nothing
outside of the experiment
can change the results.**

Measurer

**Makes careful
measurements
during the test.**

Recorder

**Records the measurements
and makes observations
during the investigation.**

Explainer

**Explains the results
of the test at the end.**
