

Once upon a time
there was a
Pied Piper

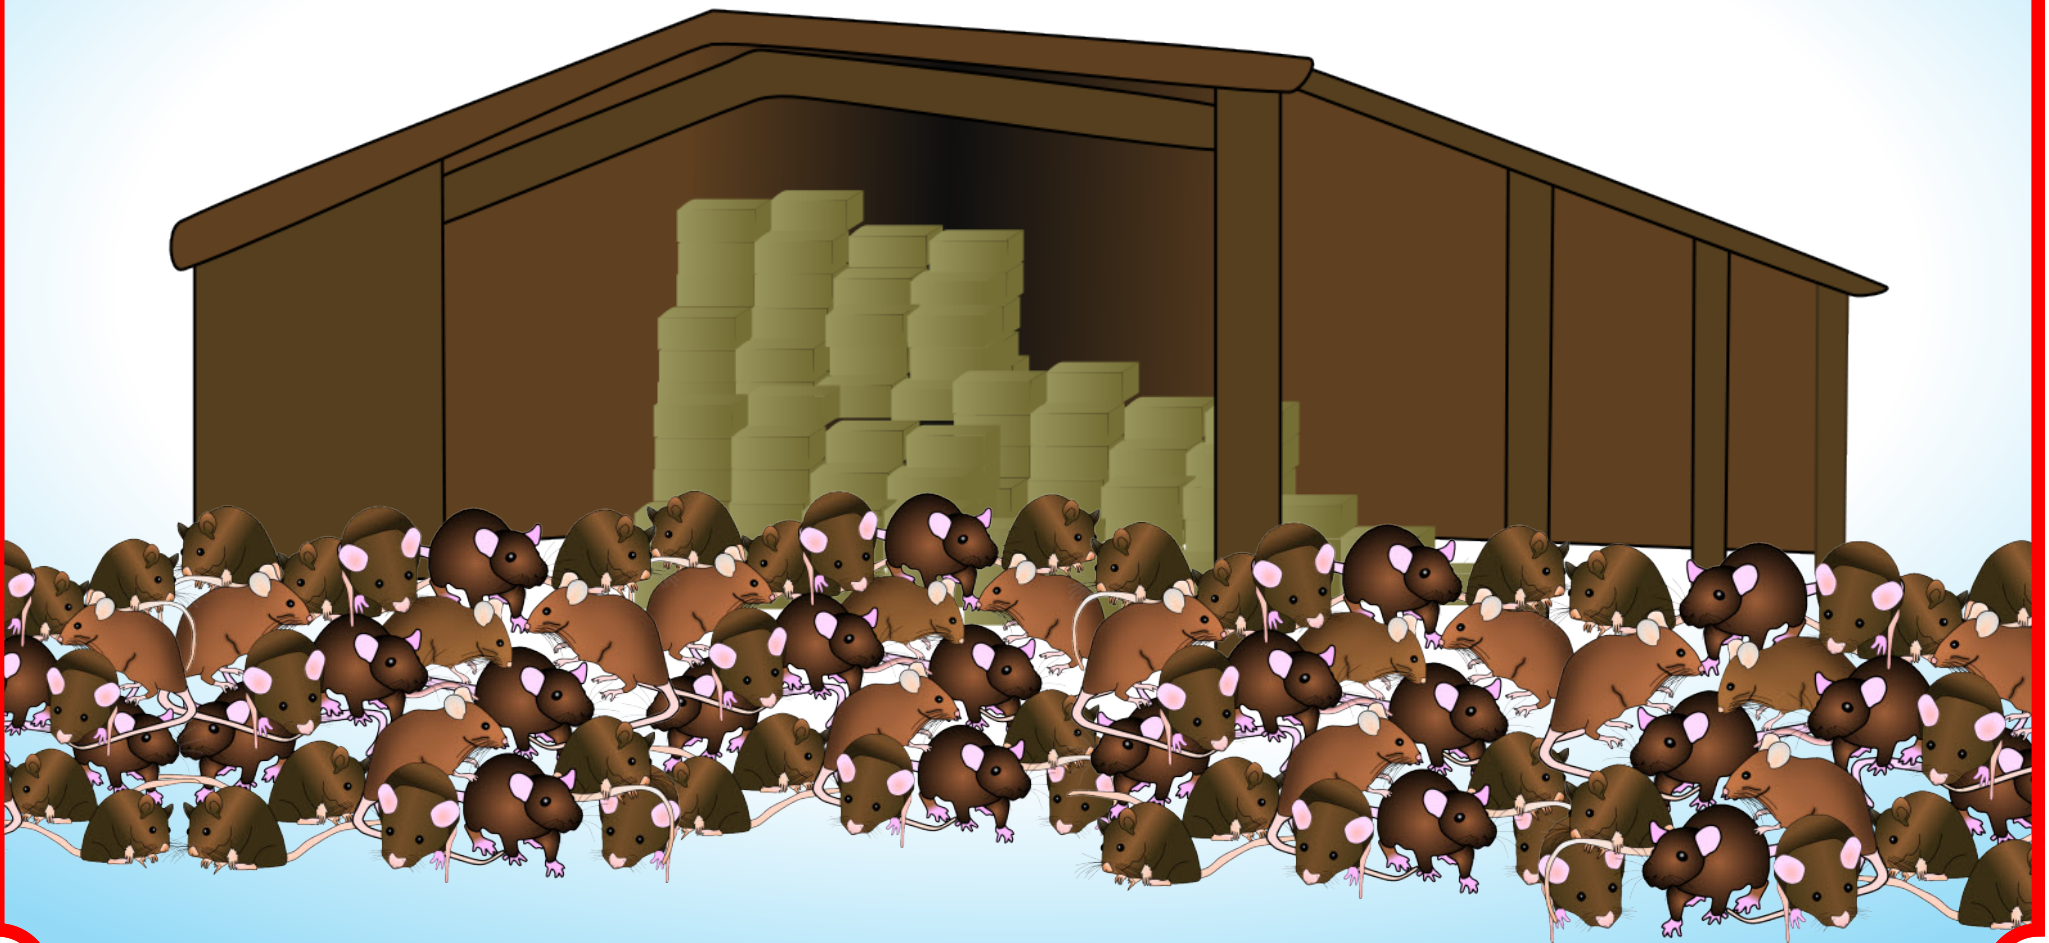

rats

The cats ate the mice for a while...

...but the rats began to take over the town.

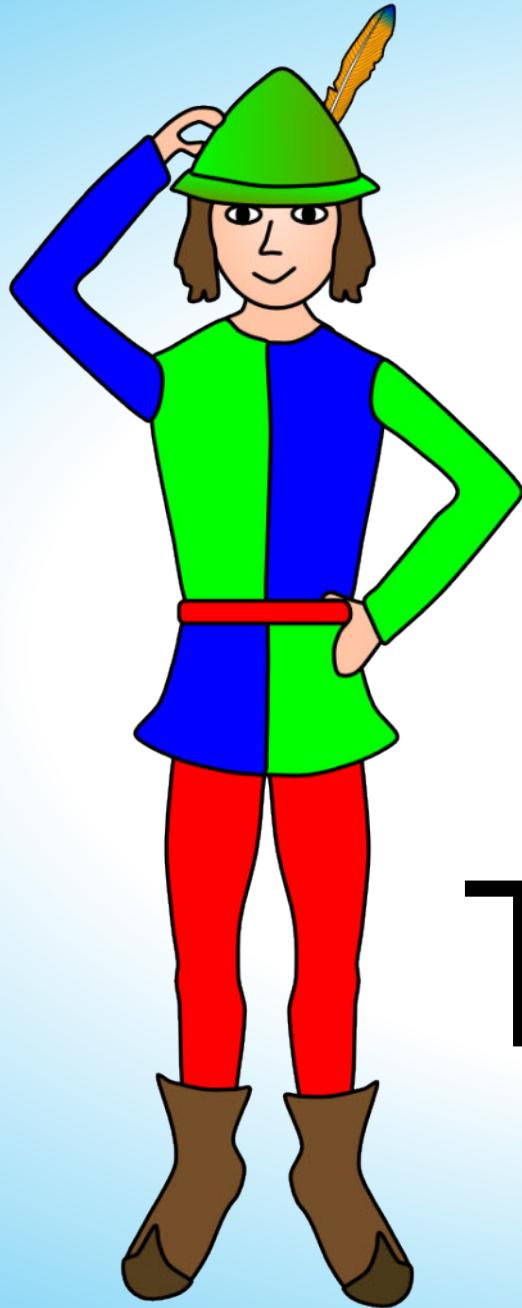

The people were scared and sad.

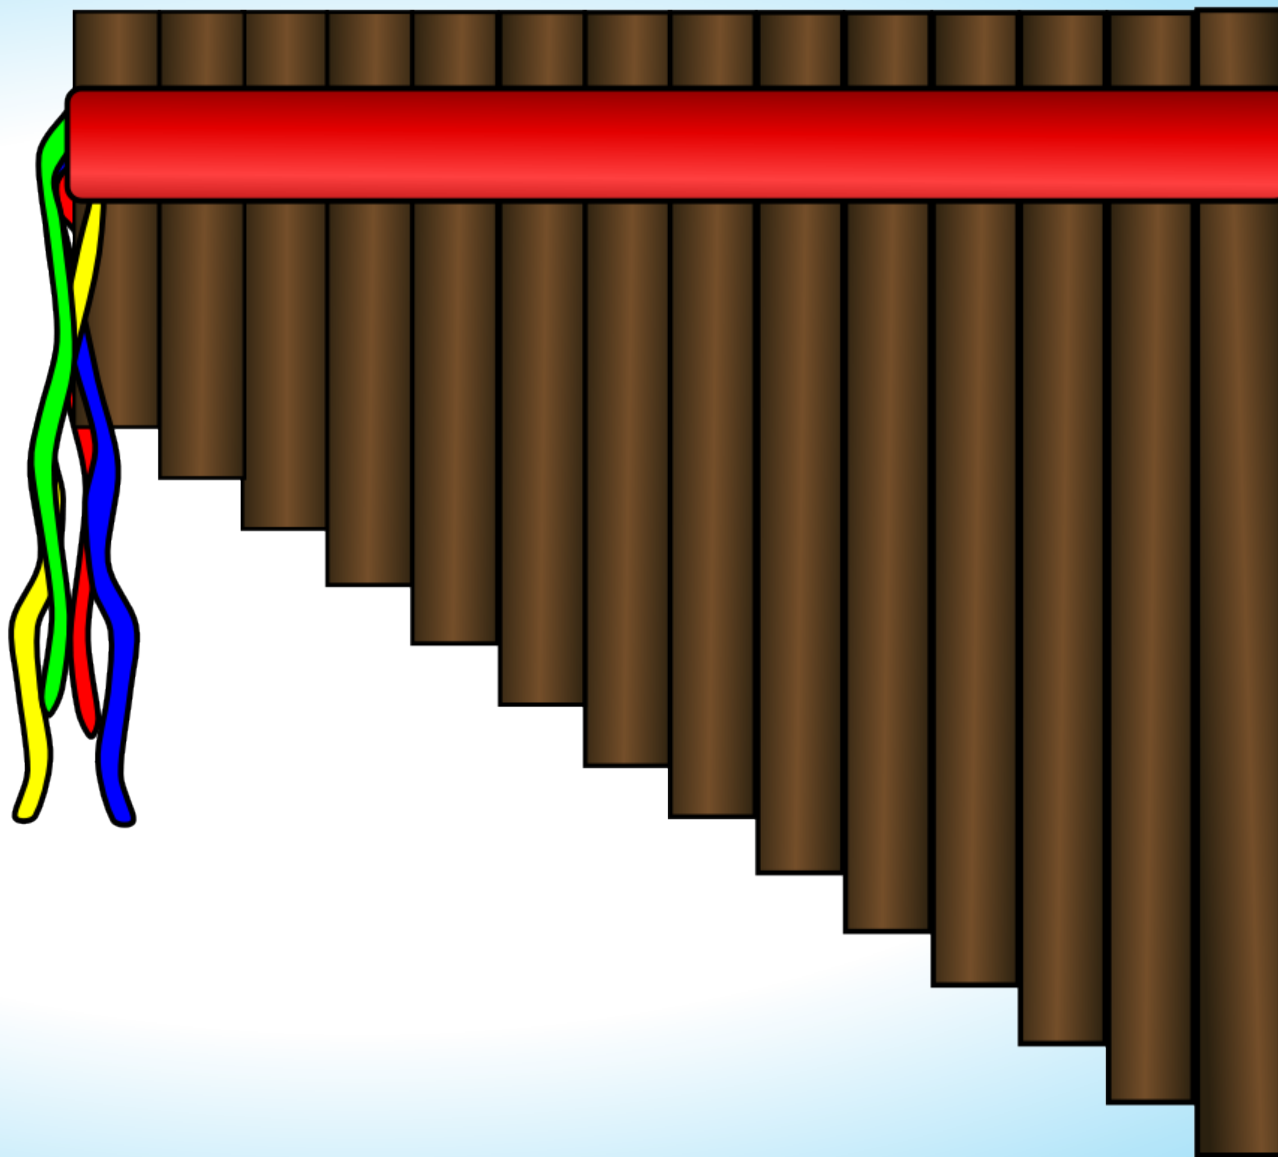

What can we do?!

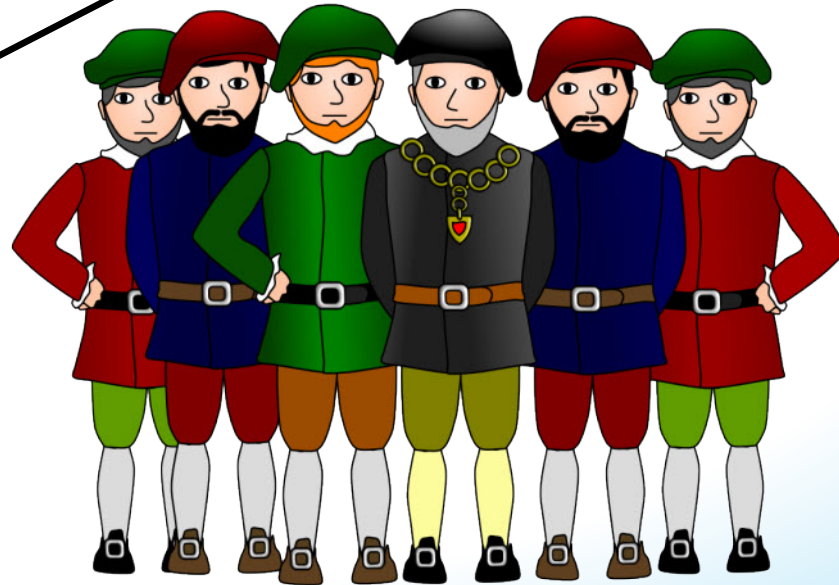

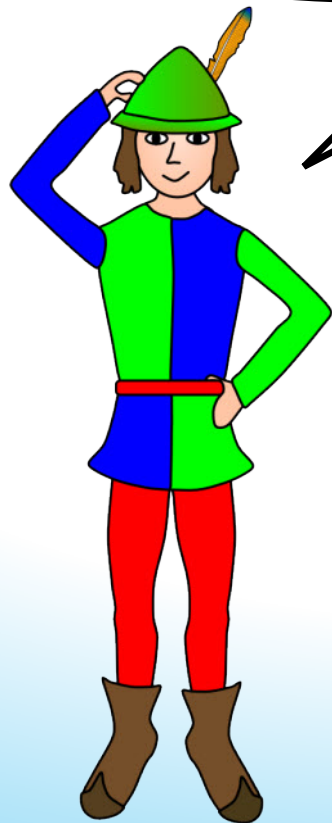

The Pied Piper

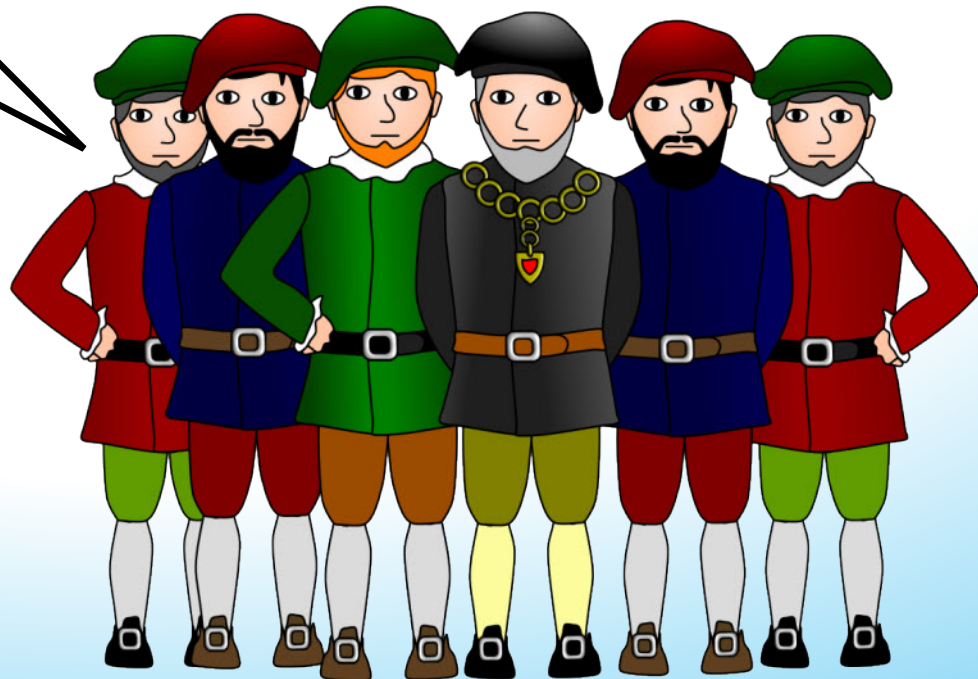

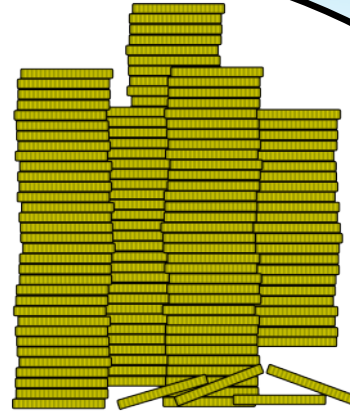

pipes

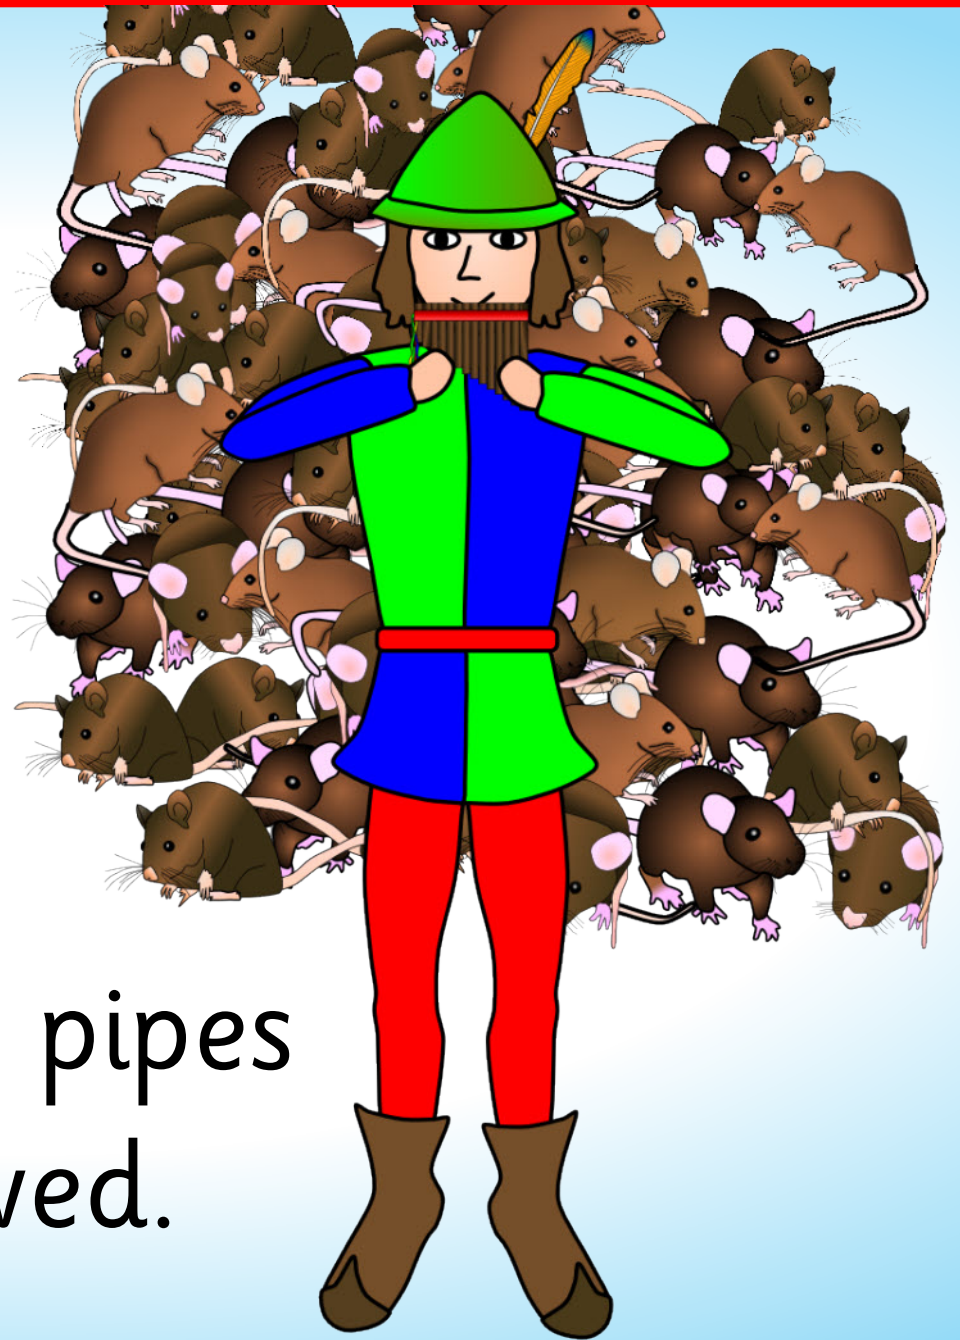

I can get rid of
the rats.

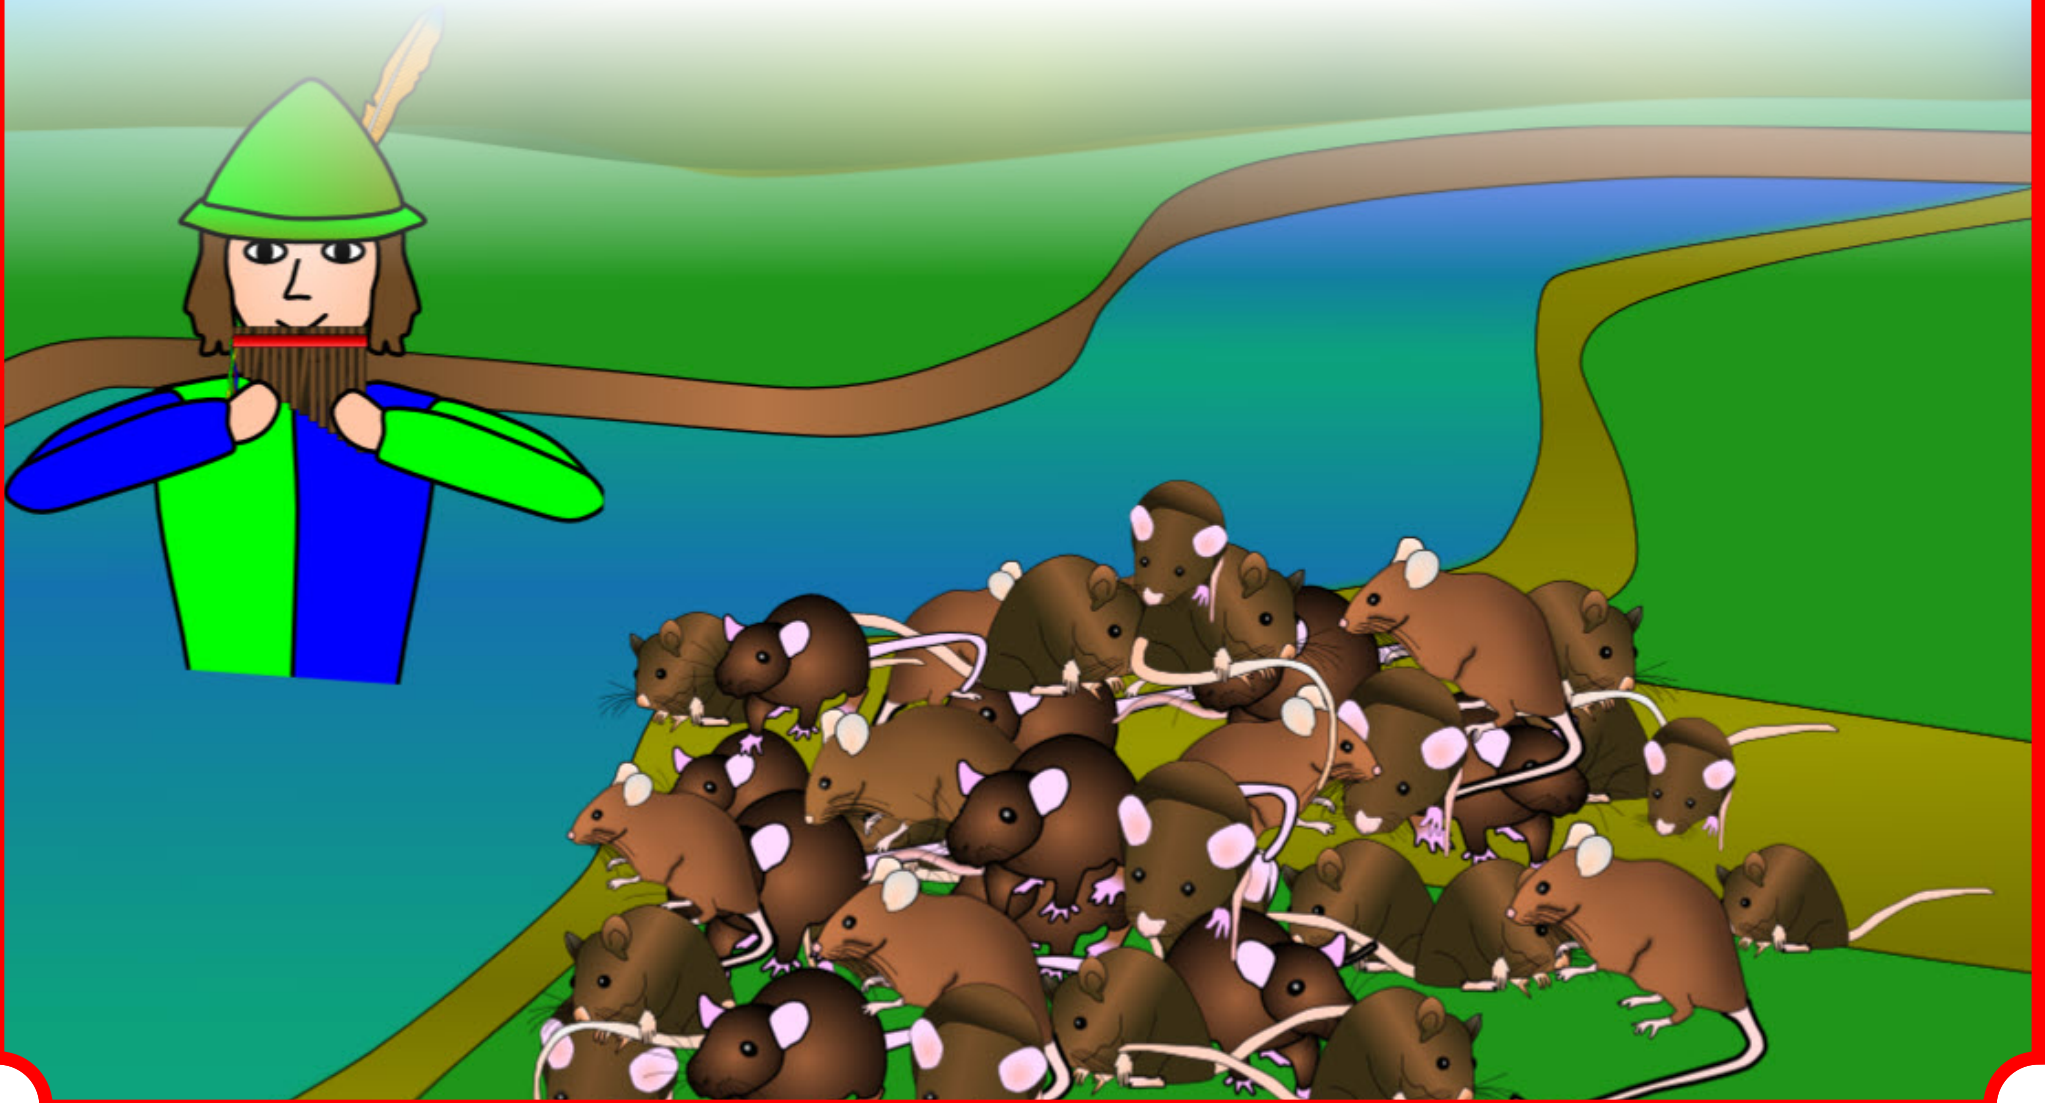

We will
pay you!

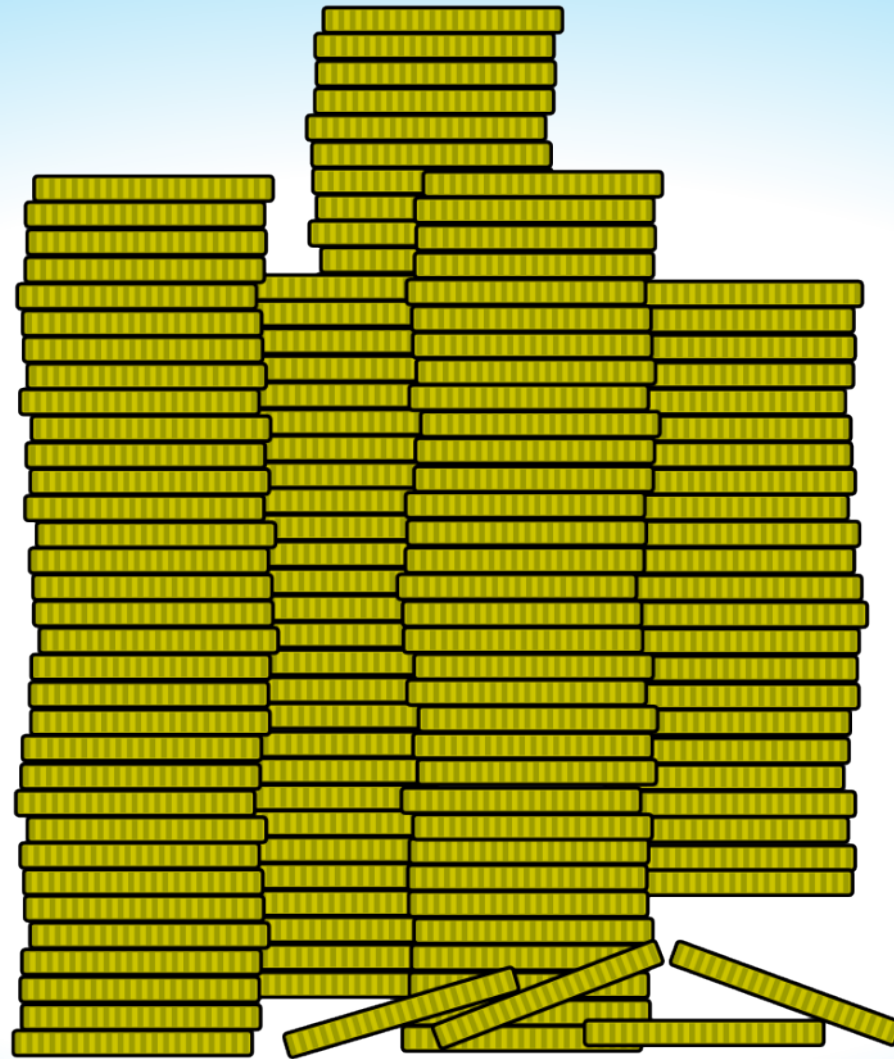

The Piper blew his pipes
and the rats followed.

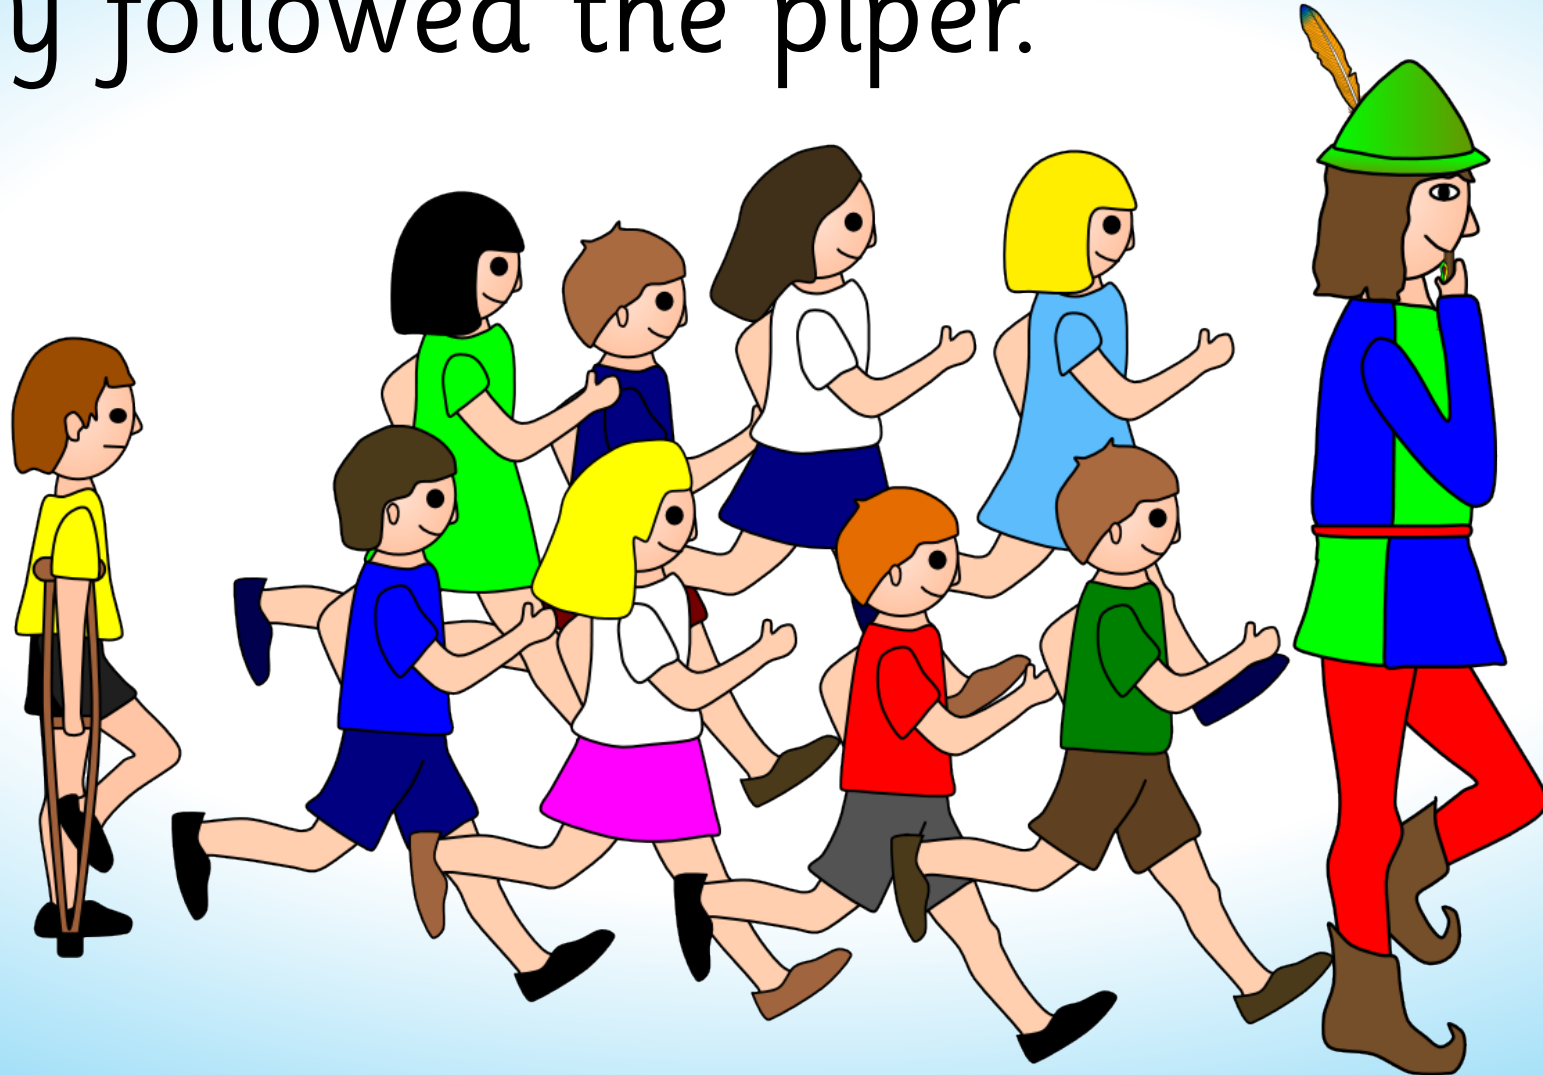

The rats drowned in the river.

The people wouldn't pay.

Only the children could hear his pipes.
They followed the piper.

They went into the mountain.

One boy escaped before the cave entrance closed forever.
