

Space

A vibrant space-themed background featuring a dark blue starry sky. A large, glowing orange and red planet is the central focus, partially obscured by the word 'Space'. To its left is a smaller red planet with dark spots. To its right is a ringed planet with a blue ring. Several bright orange comets with long tails streak across the scene. The word 'Space' is written in a large, white, bold, rounded font with a thick black outline.
