Tally, number and word jigsaws

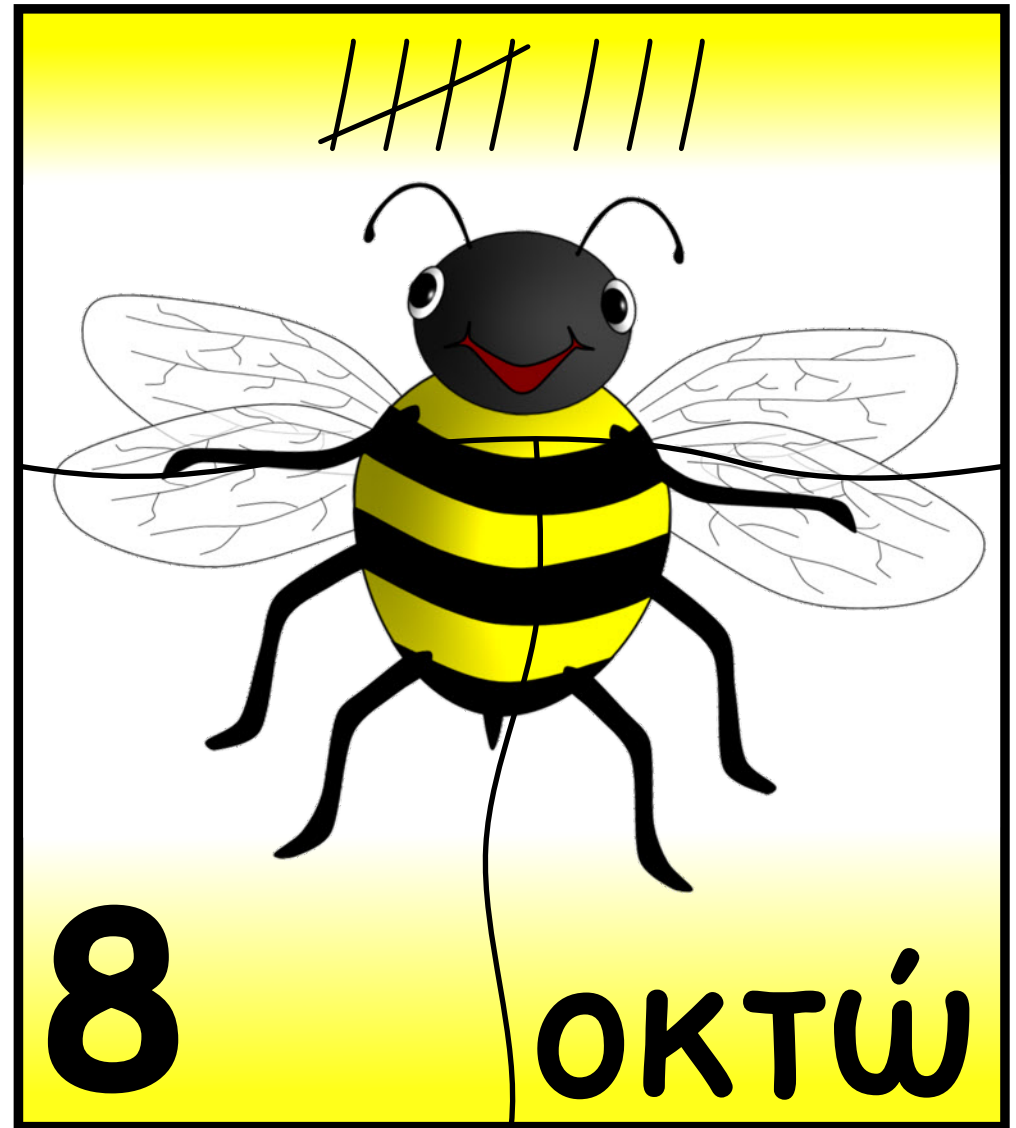

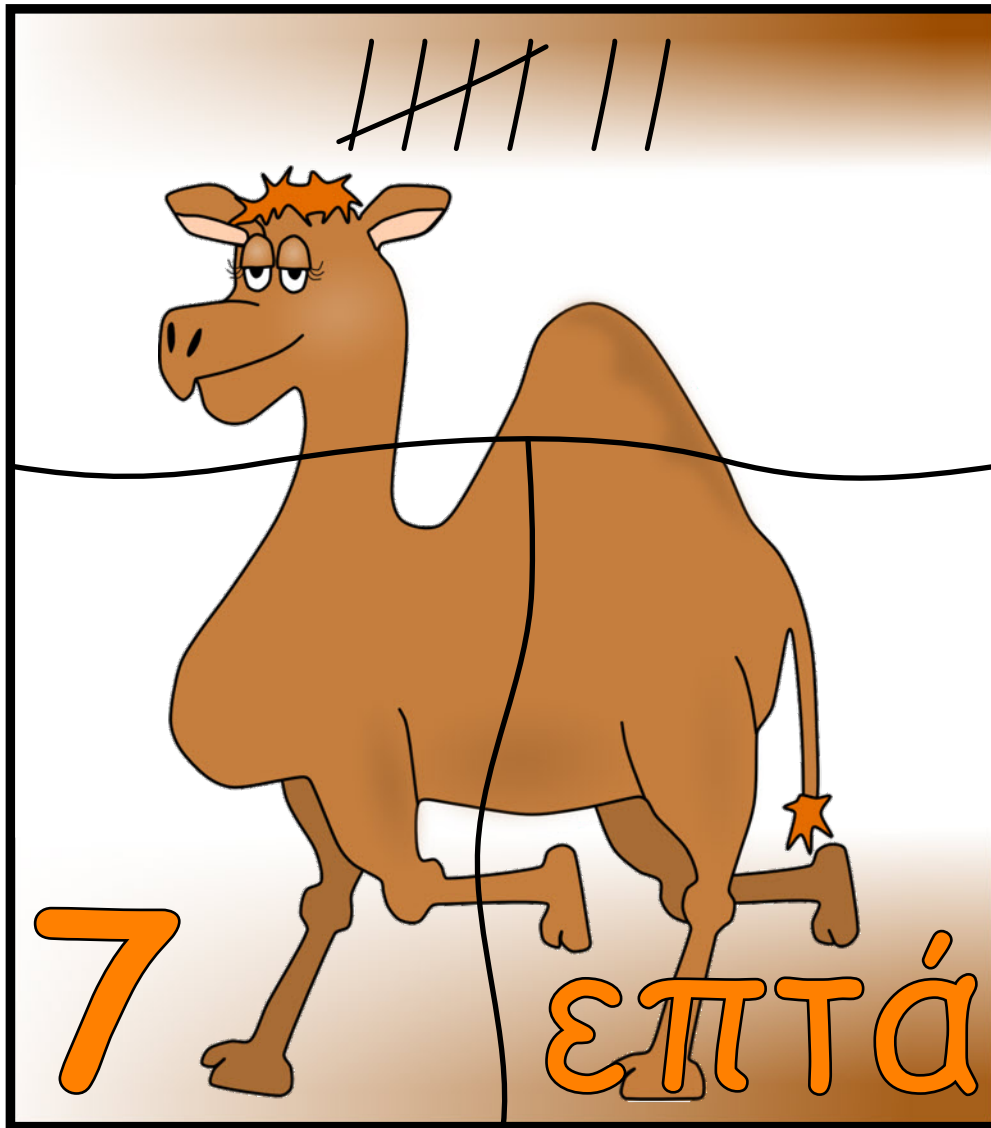

A jigsaw puzzle of a smiling orange caterpillar with five segments. The puzzle is partially assembled, with a horizontal line across the middle. Above the caterpillar is a tally mark consisting of four vertical lines and one diagonal line, representing the number 5. In the bottom left corner is the number 5, and in the bottom right corner is the Greek word Πέντε (Pente).

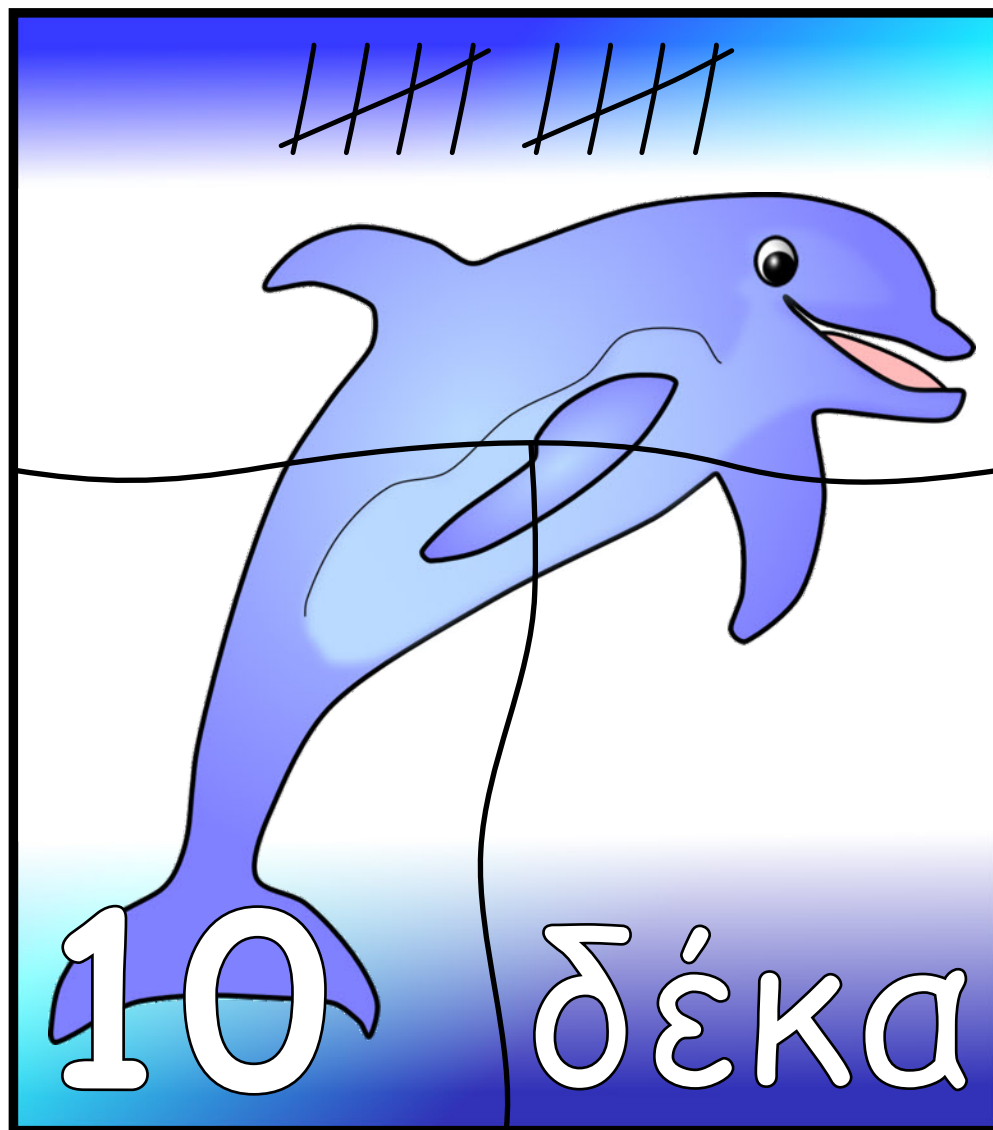

A jigsaw puzzle of a blue shark with a white belly. The puzzle is partially assembled, with a horizontal line across the middle. Above the shark is a tally mark consisting of four vertical lines and one diagonal line, representing the number 6. In the bottom left corner is the number 6, and in the bottom right corner is the Greek word Έξι (Eksi).
