

Make 5 spots

and put them on the ladybird,
some on each wing.

How many different ways
can you make 5?

Make 6 bugs

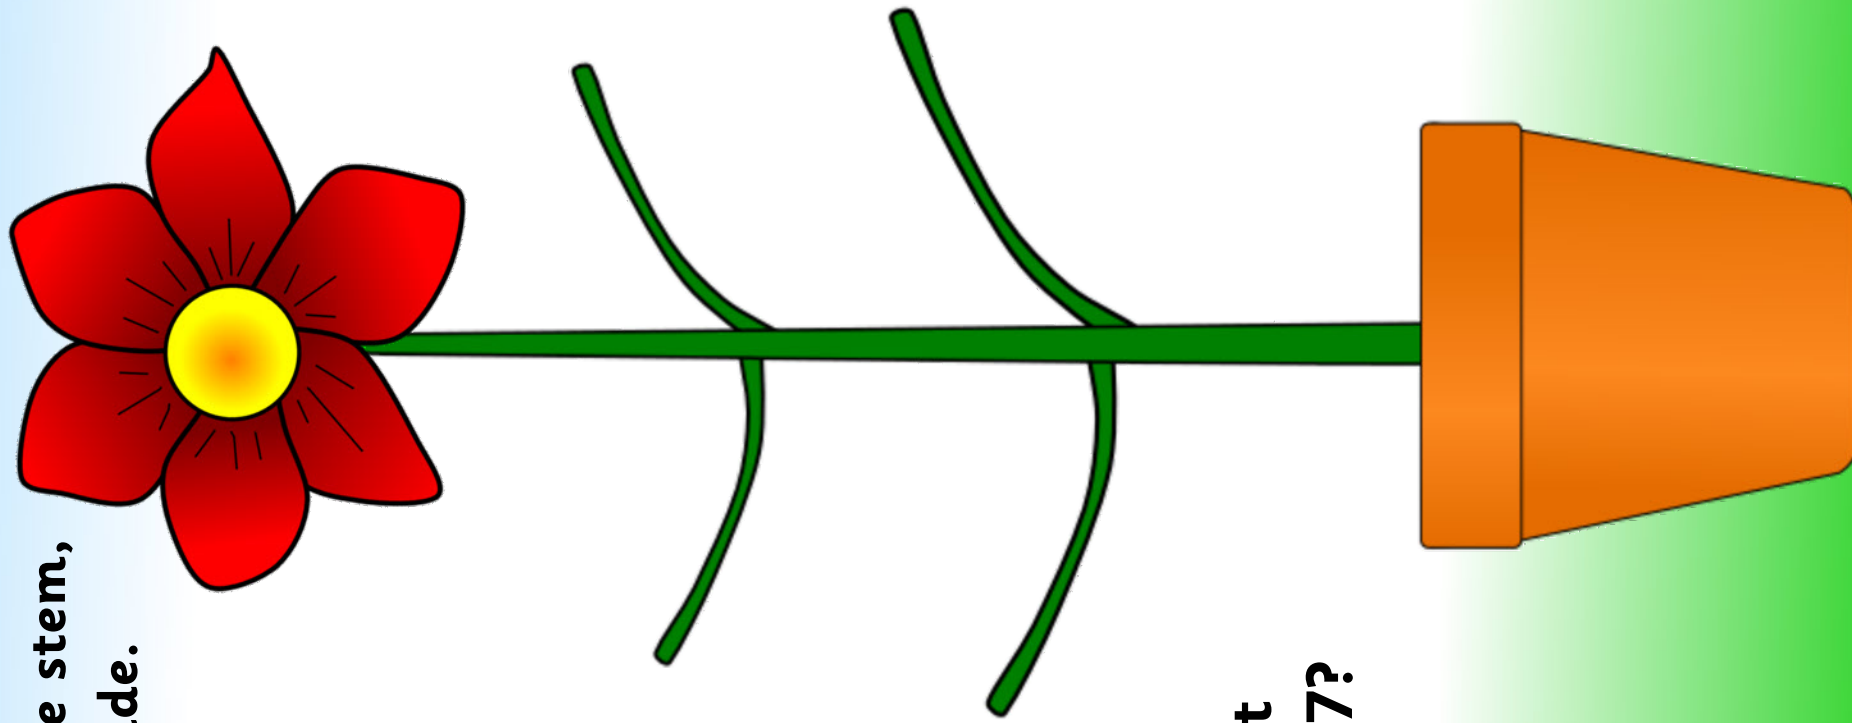

and put them on the leaf,
some on each side.

How many different
ways can you make 6?

Make 7 leaves

and put them on the stem,
some on each side.

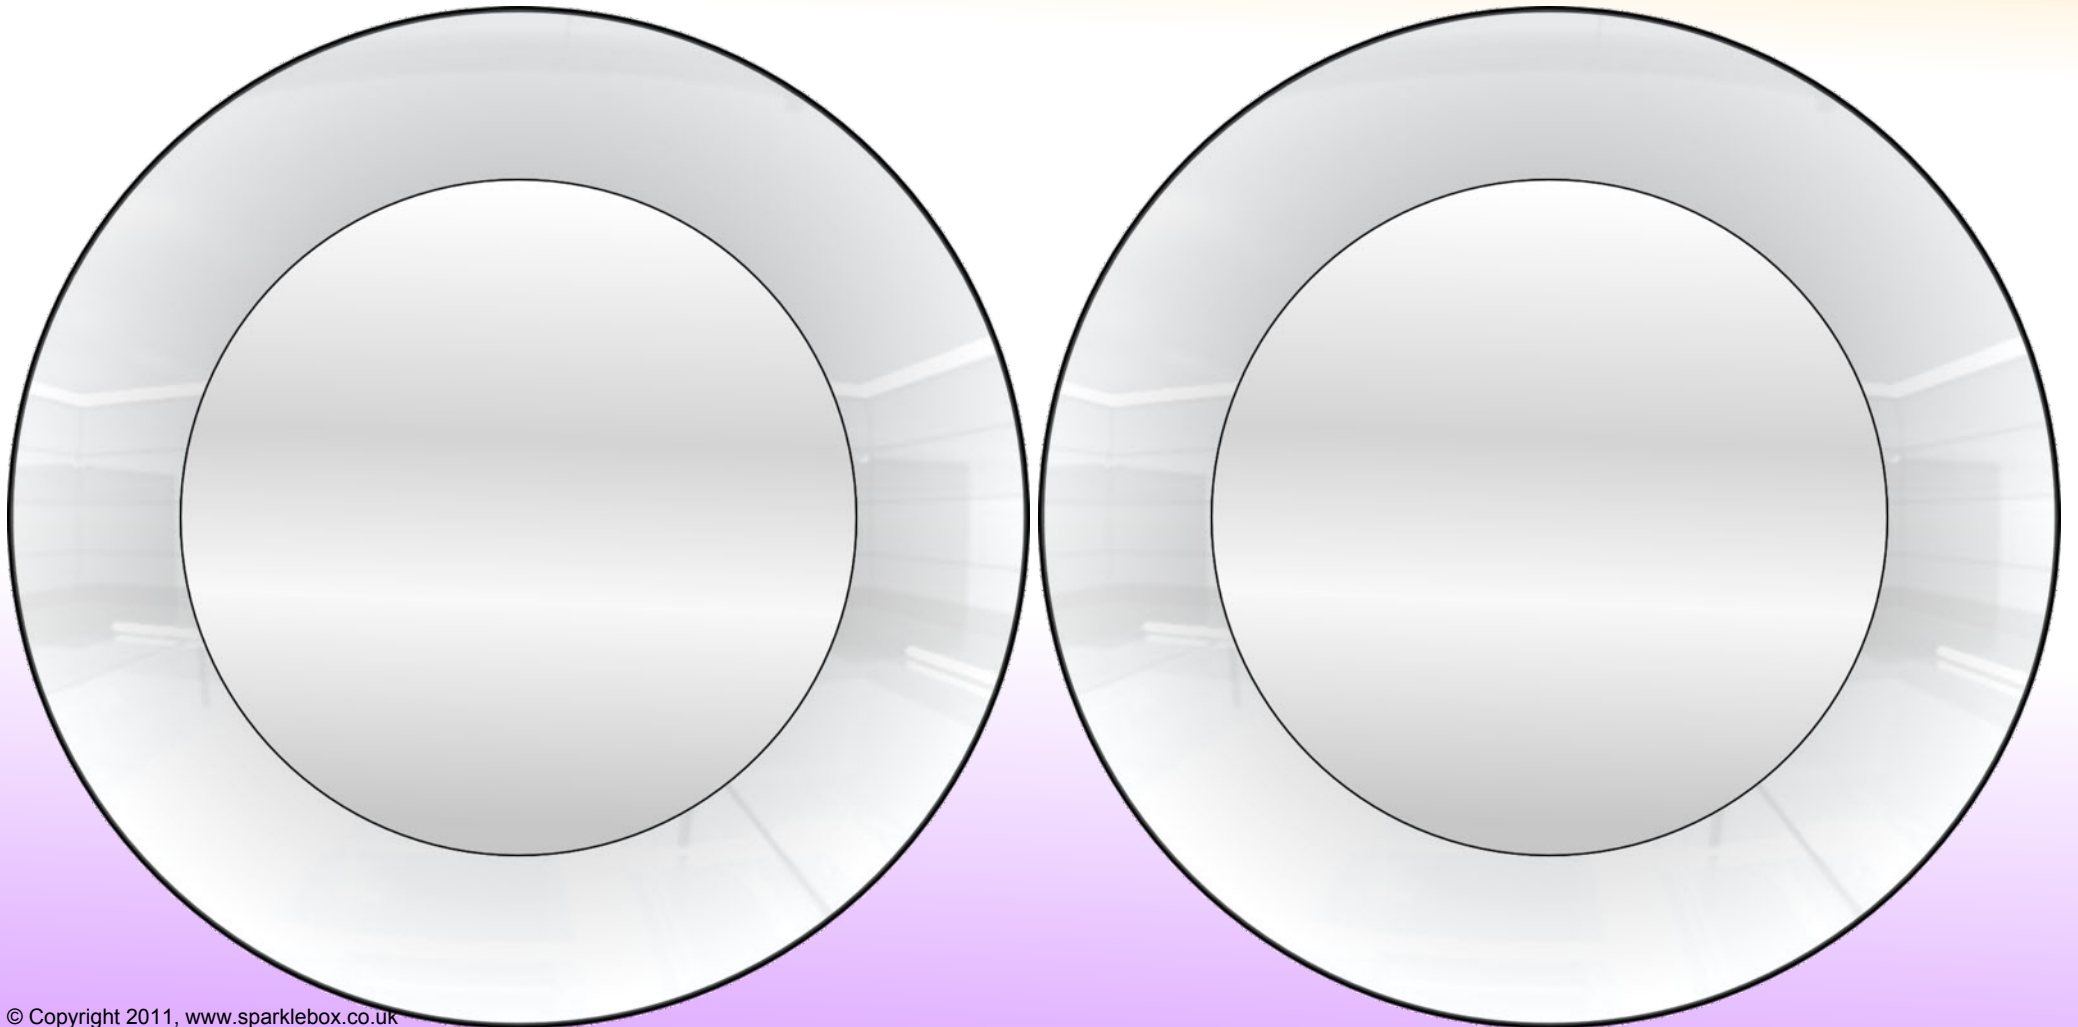

How many different
ways can you make 7?

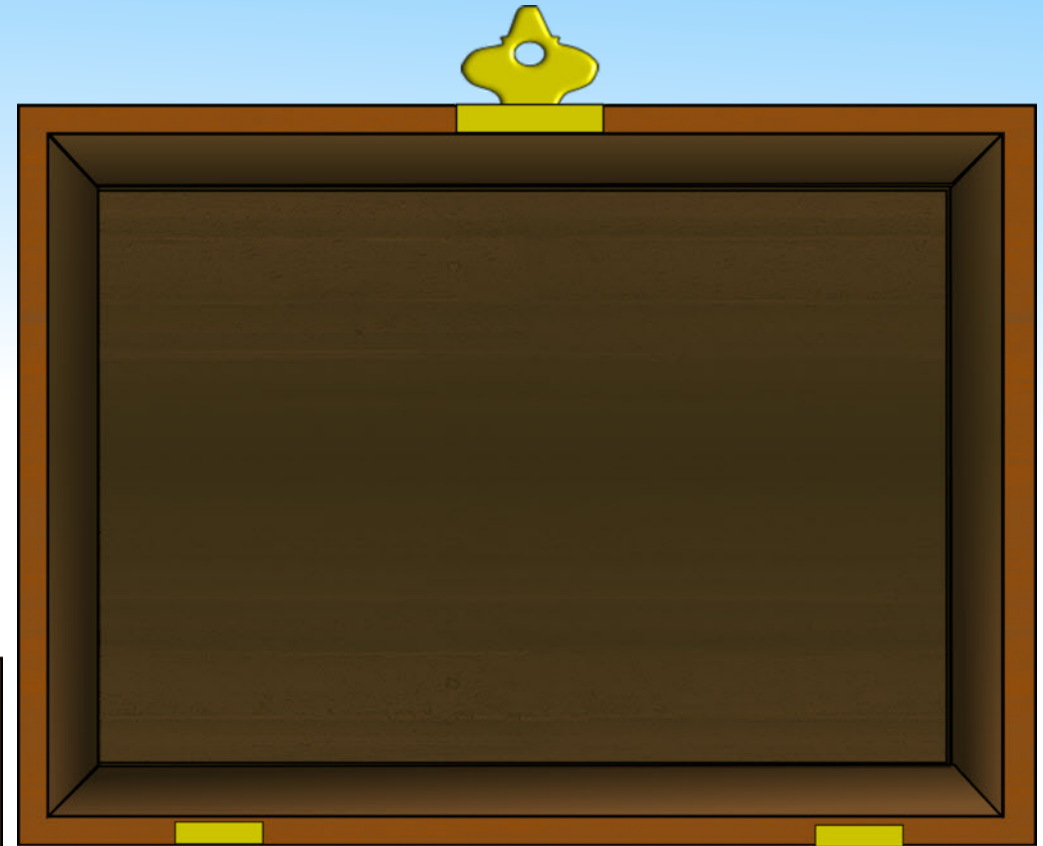

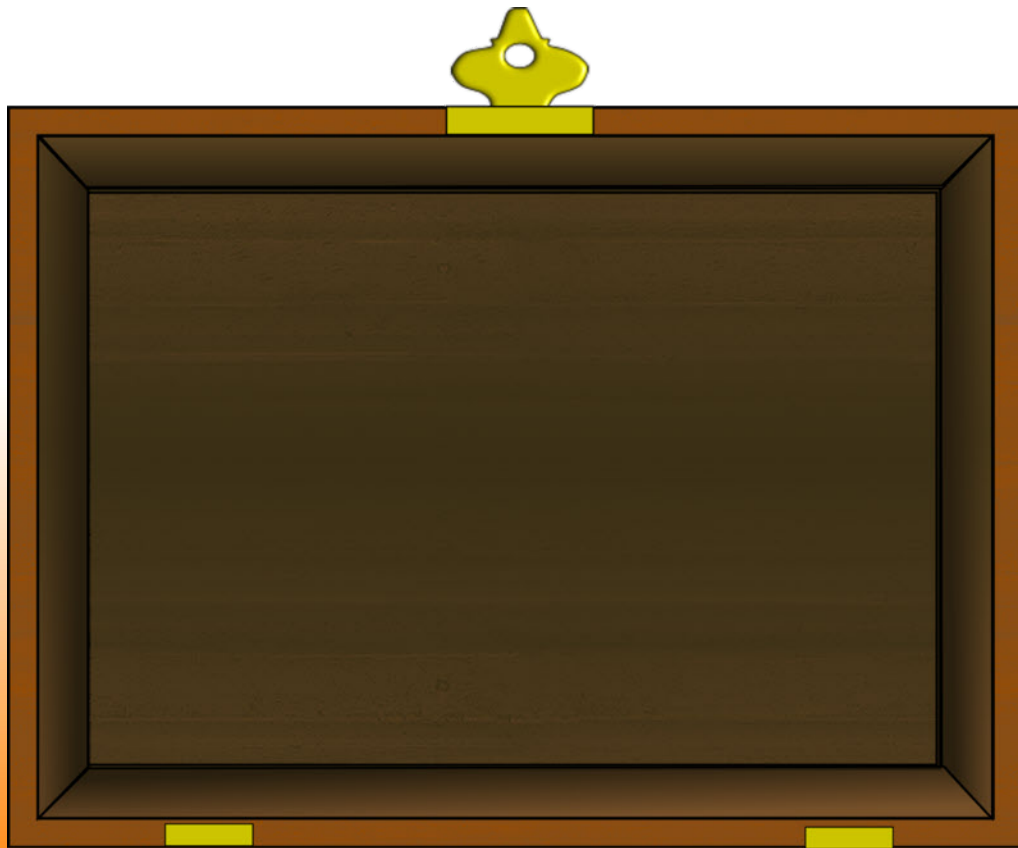

Make 8 biscuits

and put some on each plate.

How many different
ways can you make 8?

Make 9 coins
and put some in each treasure chest.

**How many different
ways can you make 9?**

Make 10 eggs

and put some in each basket.

How many different ways can you make 10?
