

Multiplication and division comparison cards

(for a 'Top Trumps'-style game)

How to play

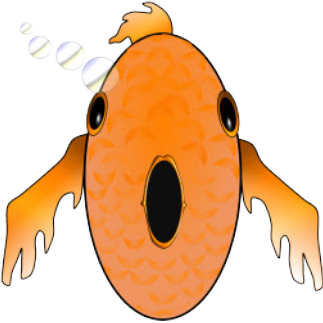

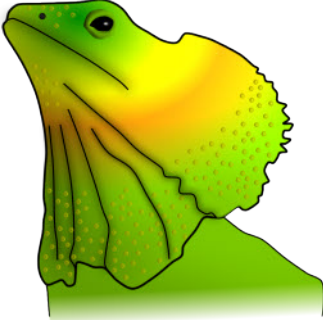

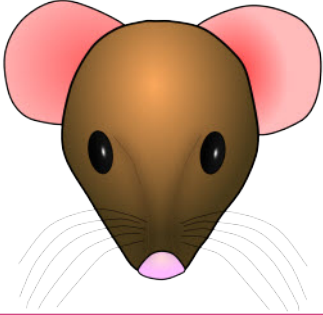

1. Deal out all of the cards so that each player has an equal number of cards in their hand (discard any left-over cards). Players should hold their cards face-up in a pile and must not re-arrange.
2. Players start by placing their top card on the table. The player with the highest green number will start the game and also keep the other players' cards, placing them at the bottom of their pile.
3. The starting player then looks at the next card in their pile and calls either green (number), red (multiplication) or blue (division) depending on which provides the highest result.
4. Other players then compare the relevant number/multiplication/division on their cards. The player with the highest result keeps the other people's cards and places at the bottom of their pile.
5. The game proceeds until a winner has gained everyone else's cards.

In the event where two players have same winning value, then these two players only place down another card each and compare the *same* number/multiplication/division as before. The player with the highest value wins all the cards in play.

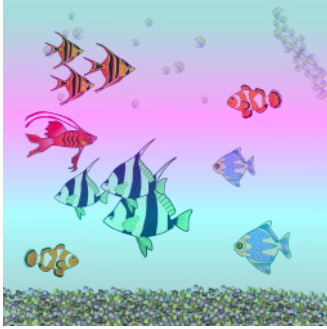

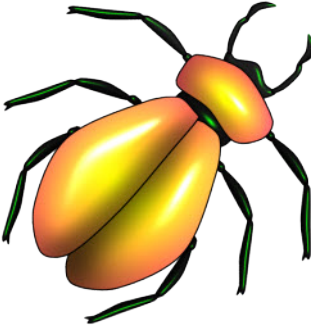

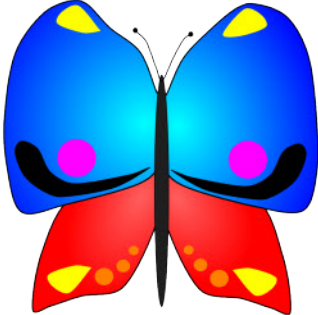

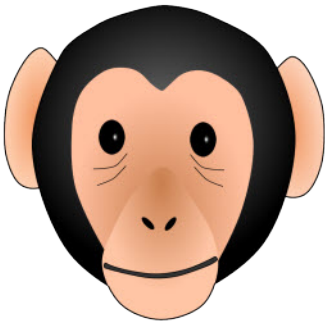

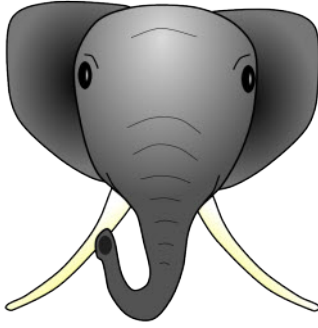

Multiplication and division comparison cards

(for a 'Top Trumps'-style game)

 <hr/> <p>29 $5 \times 6 =$ $30 \div 2 =$</p>	 <hr/> <p>56 $6 \times 3 =$ $100 \div 4 =$</p>	 <hr/> <p>99 $2 \times 19 =$ $99 \div 11 =$</p>

A polite reminder about copyright

Many thanks for visiting [SparkleBox](http://www.sparklebox.co.uk). As you can imagine, we spend a huge amount of time designing artwork and creating resources to add to the site each day. We trust that you have found some useful items to download!

In order to protect our livelihoods, the products on the site are subject to Copyright Conditions. We would kindly ask that you respect these as it will mean that we can continue making resources for you in the future.

The full copyright stipulations are available at <http://www.sparklebox.co.uk/copydon.html>, but there is a brief summary below. These conditions apply to this resource and all purchased resources from SparkleBox.

What you **can** do with this resource:

You may reproduce it for your own PERSONAL or CLASSROOM use ONLY

This means you can print it as often as you want, make photocopies, back up on disc etc, PROVIDED it is for your own use!

What you **must NOT** do with this resource:

It must NOT be reproduced for others IN ANY FORM or BY ANY MEANS

This includes electronic or mechanical, including photocopying, recording, or by any information storage or retrieval system.

Do not distribute to your friends!

Not only is it against the law, but it will ultimately prevent us from continuing to produce predominantly free resources for teachers.

Thank you for respecting these terms - we appreciate it!

Kind regards,

The SparkleBox Team
