Making a whole number loop cards

I have $\dfrac{1}{9}$	What must be added to $\dfrac{1}{2}$ to make one whole?
I have $\dfrac{7}{10}$	What must be added to $\dfrac{4}{9}$ to make one whole?

I have $\dfrac{1}{2}$	What must be added to $\dfrac{3}{10}$ to make one whole?
I have $\dfrac{5}{9}$	What must be added to $\dfrac{1}{8}$ to make one whole?

Making a whole number loop cards

I have $\dfrac{7}{8}$	What must be added to $\dfrac{6}{7}$ to make one whole?	I have $\dfrac{1}{7}$	What must be added to $\dfrac{1}{6}$ to make one whole?
I have $\dfrac{5}{6}$	What must be added to $\dfrac{3}{5}$ to make one whole?	I have $\dfrac{2}{5}$	What must be added to $\dfrac{3}{4}$ to make one whole?

Making a whole number loop cards

I have $\dfrac{1}{4}$	What must be added to $\dfrac{1}{3}$ to make one whole?
I have $\dfrac{4}{5}$	What must be added to $\dfrac{3}{7}$ to make one whole?

I have $\dfrac{2}{3}$	What must be added to $\dfrac{1}{5}$ to make one whole?
I have $\dfrac{4}{7}$	What must be added to $\dfrac{5}{8}$ to make one whole?

Making a whole number loop cards

I have $\dfrac{3}{8}$	What must be added to $\dfrac{1}{9}$ to make one whole?
I have $\dfrac{1}{10}$	What must be added to $\dfrac{5}{6}$ to make one whole?

I have $\dfrac{8}{9}$	What must be added to $\dfrac{9}{10}$ to make one whole?
I have $\dfrac{1}{6}$	What must be added to $\dfrac{2}{3}$ to make one whole?

Making a whole number loop cards

I have
$$\frac{1}{3}$$

What must be added to
$$\frac{2}{5}$$
to make one whole?

I have
$$\frac{3}{5}$$

What must be added to
$$\frac{5}{7}$$
to make one whole?

I have
$$\frac{2}{7}$$

What must be added to
$$\frac{3}{8}$$
to make one whole?

I have
$$\frac{5}{8}$$

What must be added to
$$\frac{2}{9}$$
to make one whole?

Making a whole number loop cards

I have $\dfrac{7}{9}$	What must be added to $\dfrac{7}{10}$ to make one whole?
I have $\dfrac{1}{5}$	What must be added to $\dfrac{1}{7}$ to make one whole?

I have $\dfrac{3}{10}$	What must be added to $\dfrac{4}{5}$ to make one whole?
I have $\dfrac{6}{7}$	What must be added to $\dfrac{5}{9}$ to make one whole?

Making a whole number loop cards

I have $\dfrac{4}{9}$	What must be added to $\dfrac{1}{10}$ to make one whole?
I have $\dfrac{5}{7}$	What must be added to $\dfrac{4}{7}$ to make one whole?

I have $\dfrac{9}{10}$	What must be added to $\dfrac{2}{7}$ to make one whole?
I have $\dfrac{3}{7}$	What must be added to $\dfrac{7}{8}$ to make one whole?

Making a whole number loop cards

I have $\dfrac{1}{8}$	What must be added to $\dfrac{7}{9}$ to make one whole?

I have $\dfrac{2}{9}$	What must be added to $\dfrac{1}{4}$ to make one whole?

I have $\dfrac{3}{4}$	What must be added to $\dfrac{8}{9}$ to make one whole?
