

Favourite Healthy Snacks

A Year 3 class had a survey to find out which was their favourite healthy snack.

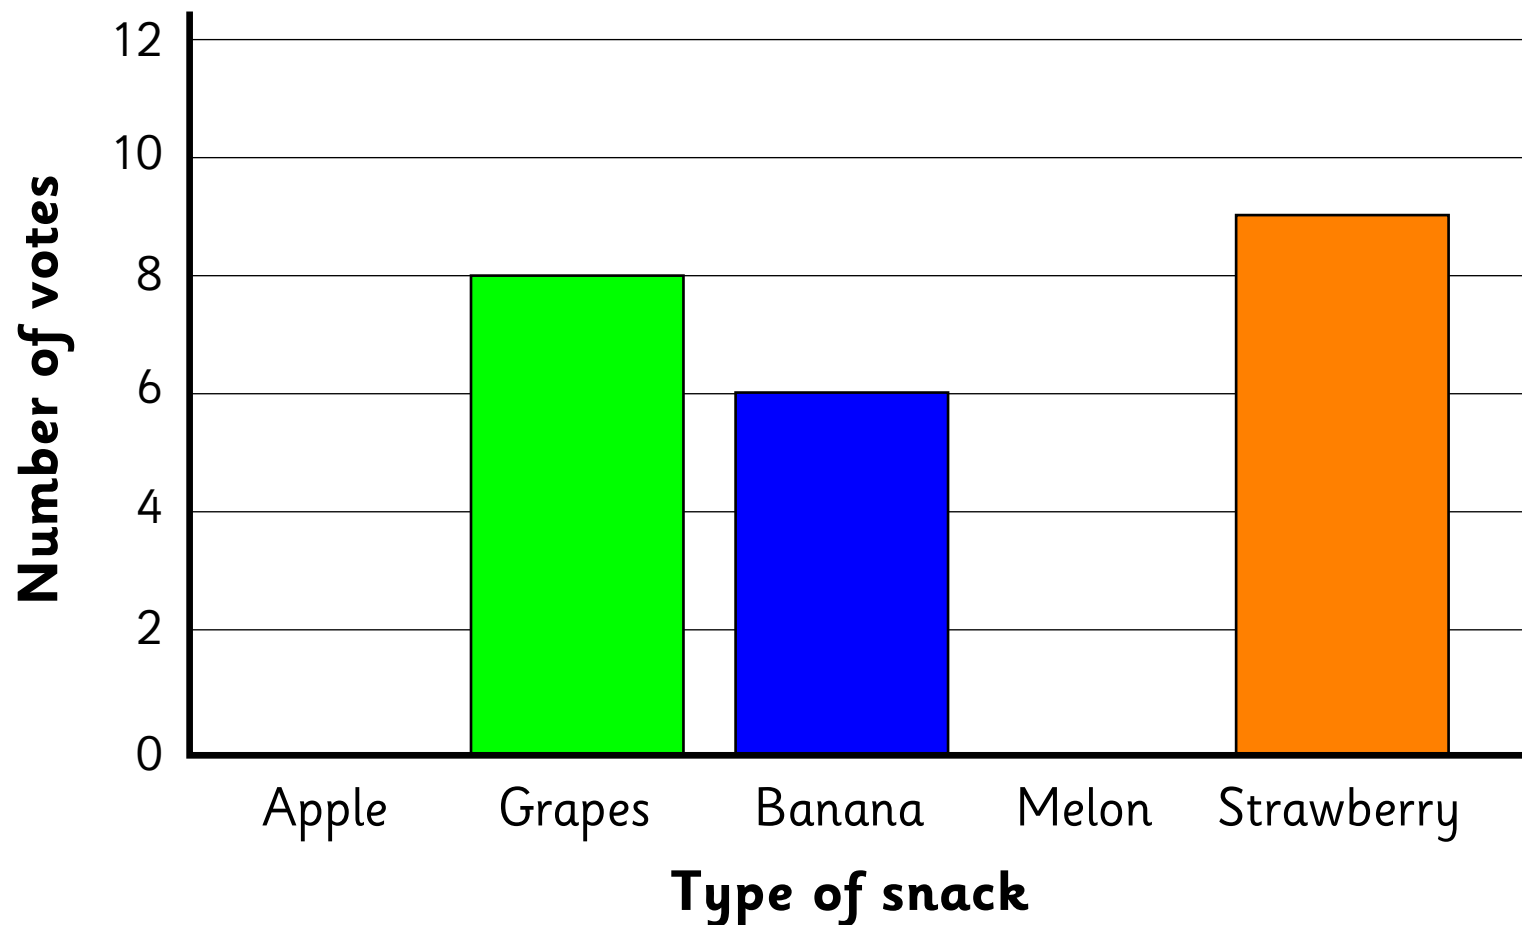

To record their results they decided to use a tally chart.
Complete the tally chart.

Snack	Tally	Totals
Apple		11
Grapes		8
Banana		6
Melon		8
Strawberry		9

Favourite Healthy Snacks

When they had finished their tally chart they used their data to create a bar graph. Complete the pictogram.

Questions

Use the bar graph to help you with the following questions:

- 1) Which was the fourth favourite snack?
- 2) How many more children preferred the apple to the banana ?
- 3) Which two snacks had the same number of votes?
- 4) How many children are in the class?
- 5) How many children voted for the banana and the strawberry?

Questions

- 8) Put the snacks in order from the favourite to the least favourite.
- 9) How many more votes would the melon need to be the favourite Year 3 snack?
- 10) Make a tally chart and bar graph to show your classes favourite healthy snack.

Write down three questions you could ask your teacher about your bar chart.
