

Camels can!

This book contains text to reinforce the teaching of the phonic 'c'. Did you know all the amazing things that camels can do? Find out how they can catch, climb, and even canoe in this fun story!

How to use...

The text is ideal for use in group reading sessions with an adult. Children can listen and look for 'c' sounds in words and read the 'c' words in large print throughout the book.

I bet you never realised
how clever camels are.

Camels can do almost
anything...

A camel is shown climbing a large, brown, rounded rock formation on the right side of the page. The camel is positioned near the top of the rock, with its front legs extended upwards. The background is a bright blue sky with a large yellow sun in the upper left corner and a hazy, golden-brown landscape below.

climb

They can cross over crevices,
and climb up crags...

A camel is standing on a grey, jagged rock formation in the lower-left quadrant of the page. The camel is facing right and looking back over its shoulder towards the viewer. The background is a hazy, golden-brown landscape.

So next time you see a
camel or two...

...remember they're clever,
not clumsy, wont you?
