

How to Build a **Snowman**

You will need:

2 sticks

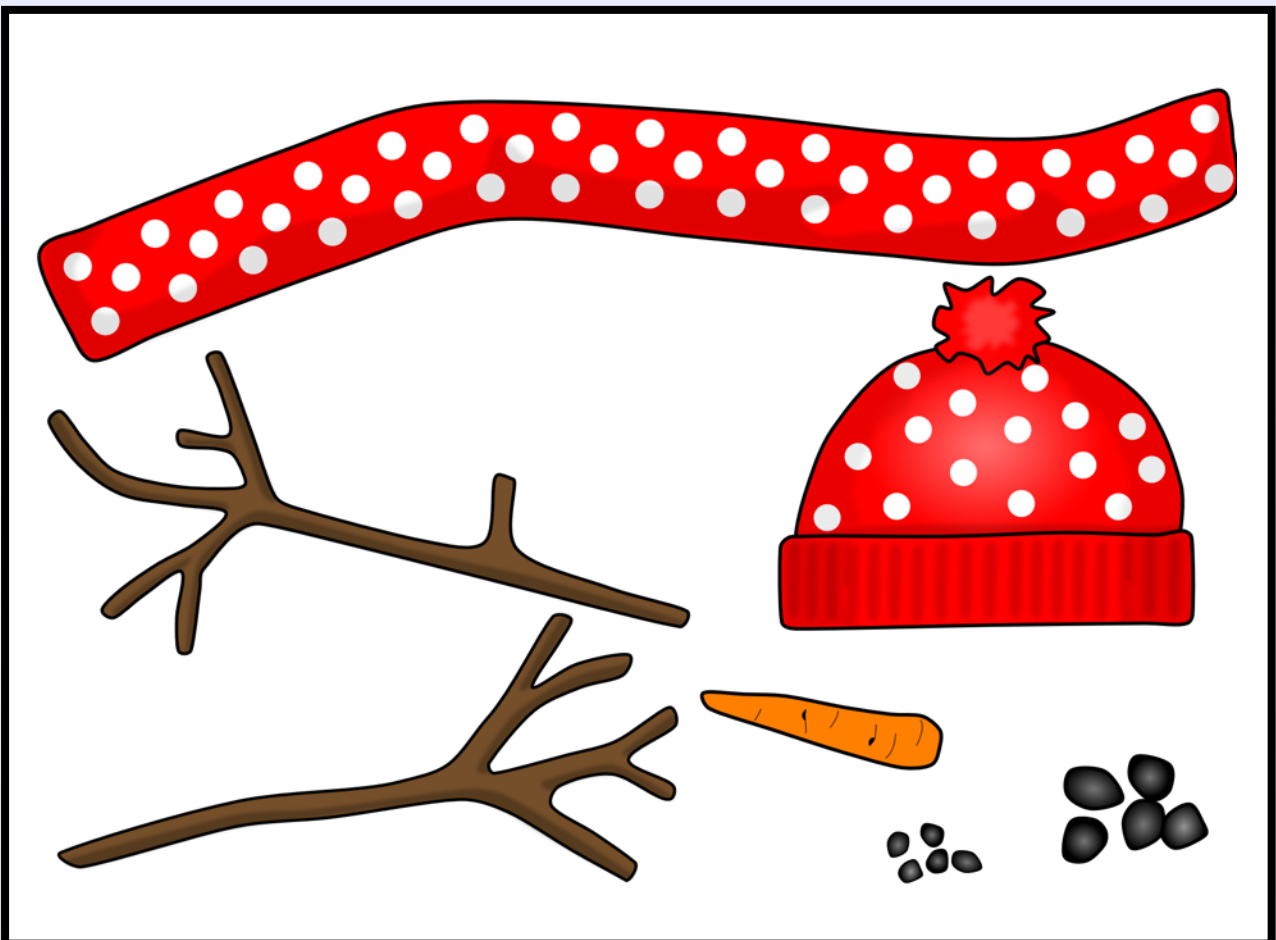

1 carrot

5 large stones

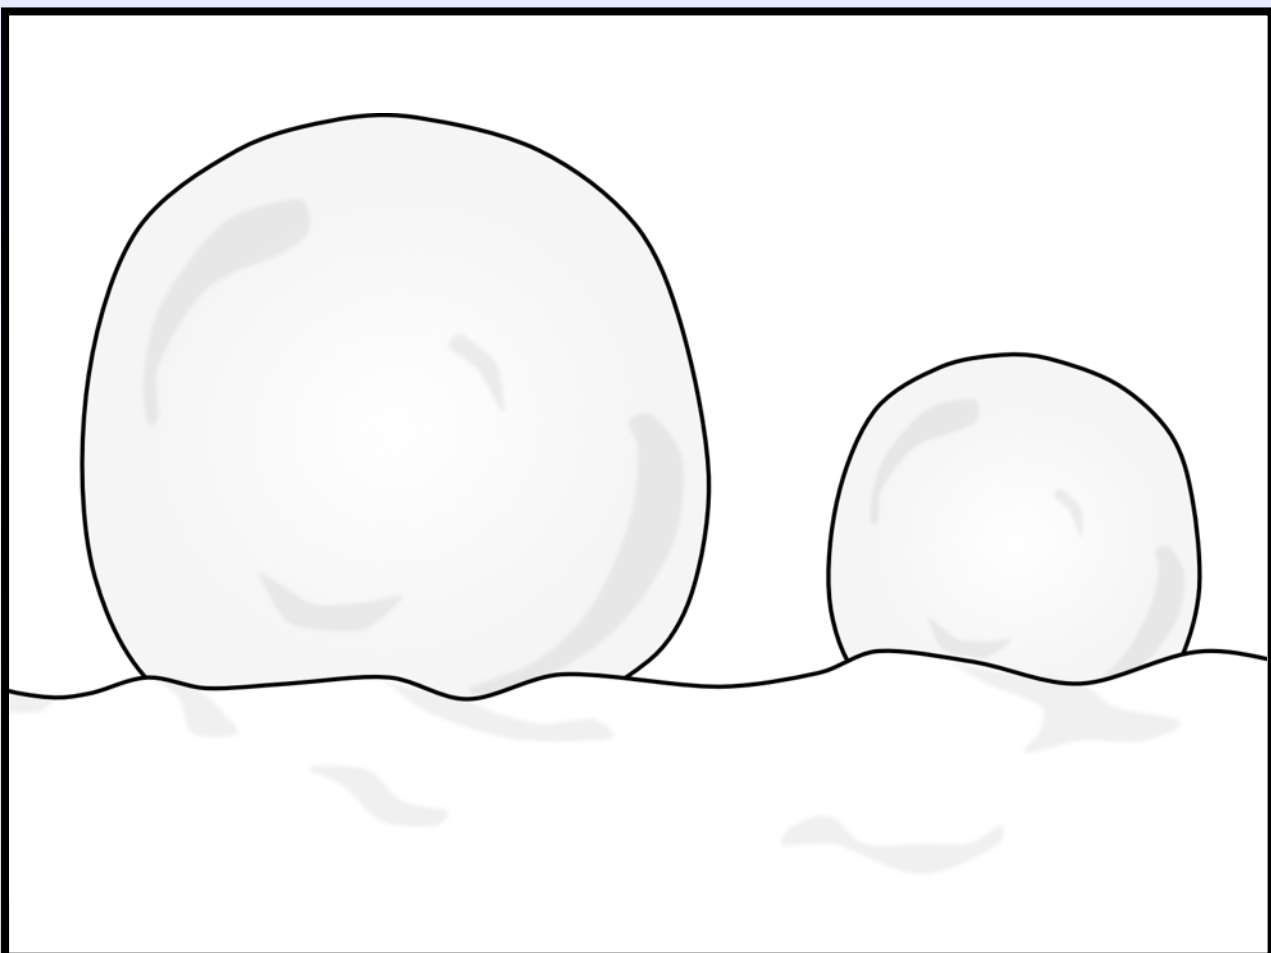

5 small stones

A hat and scarf

Lots of snow!

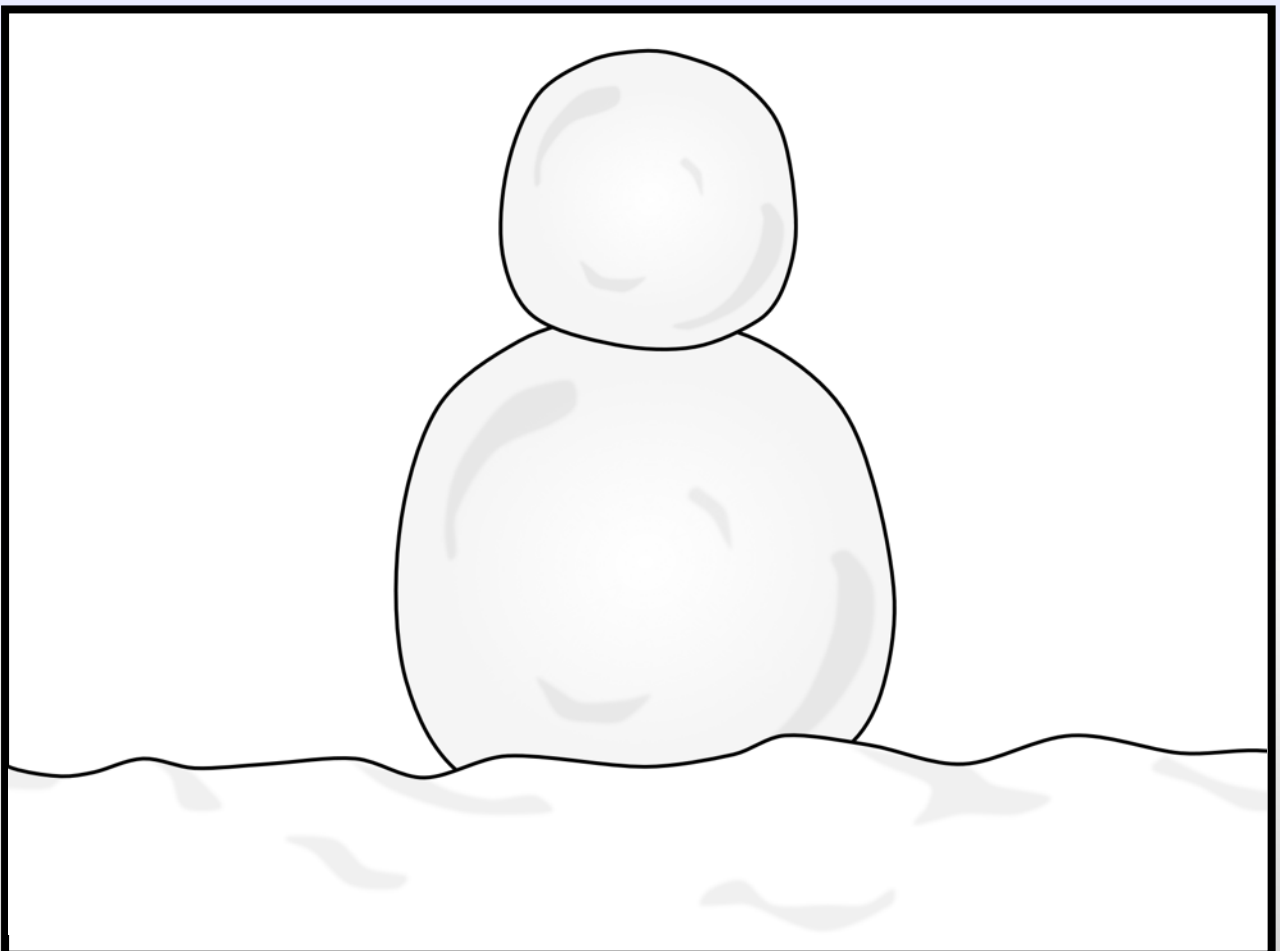

1 Roll a large ball and a small ball of snow.

2

Lift the smaller ball on to the top of the large ball as a head.

3 Place two sticks in each side for arms.

4

Place two large stones on the head for eyes and the other three as buttons on the body.

5 Make a mouth from the small stones.

6

Add a carrot for his nose.

7

Finally, add a hat and scarf to finish your snowman.
