

The wheels on the bus go
round and round
all day long!

Wheels go **round**

Wheels **roll**

What do ice skates do?

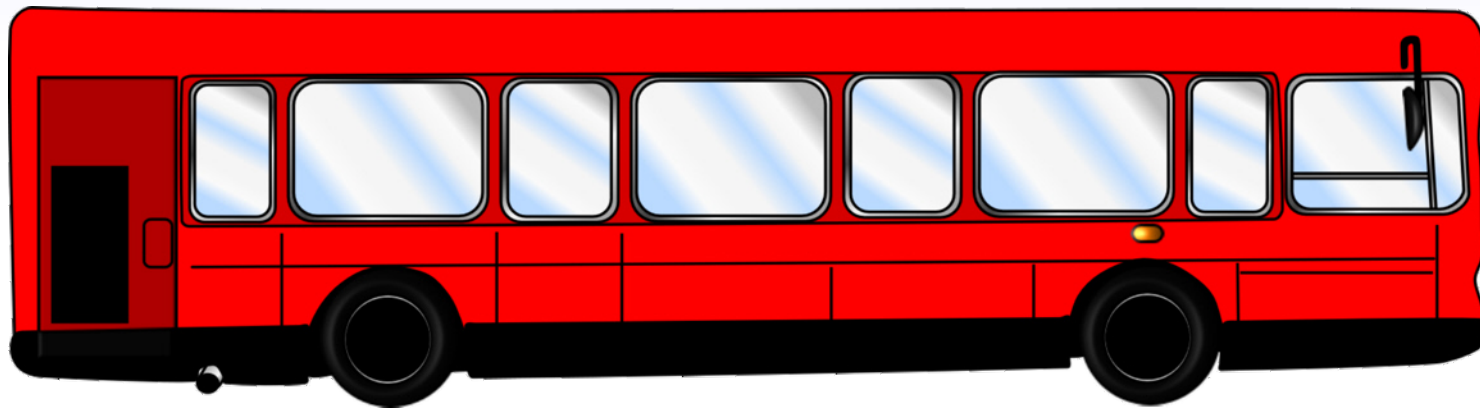

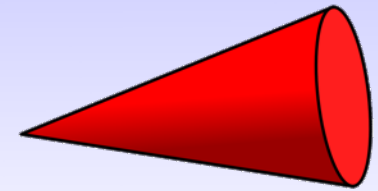

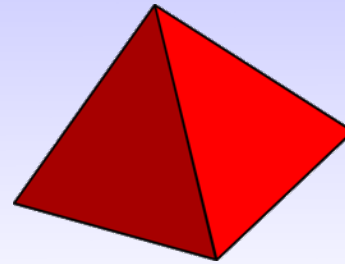

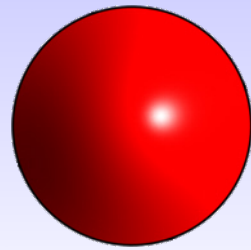

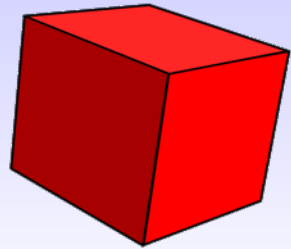

Ice skates **slide**

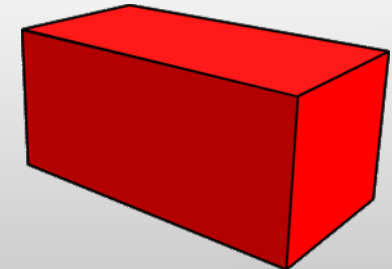

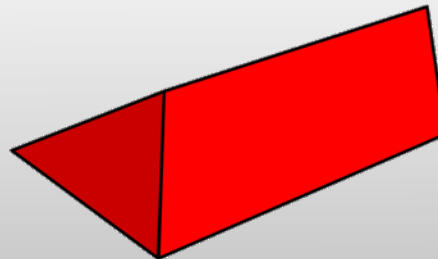

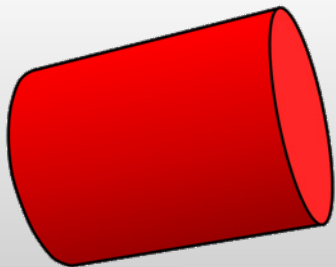

The blades on the skates go

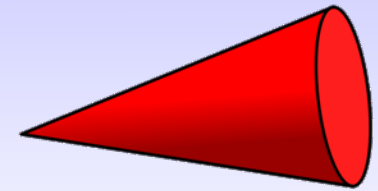

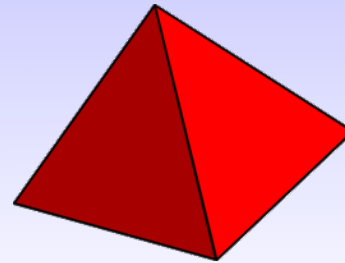

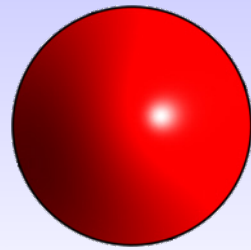

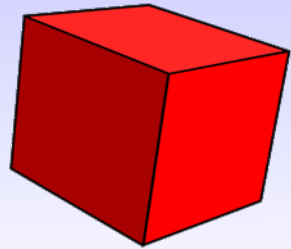

slide, slide, slide

all day long!

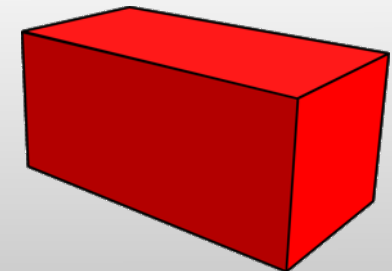

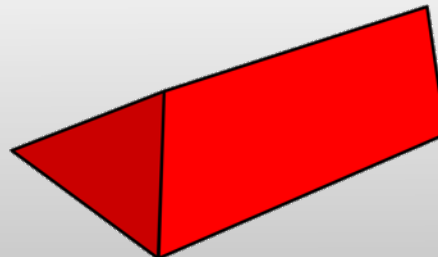

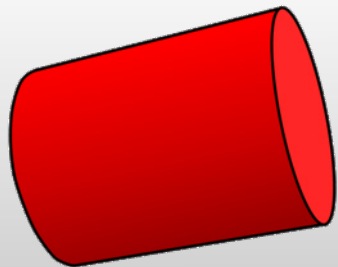

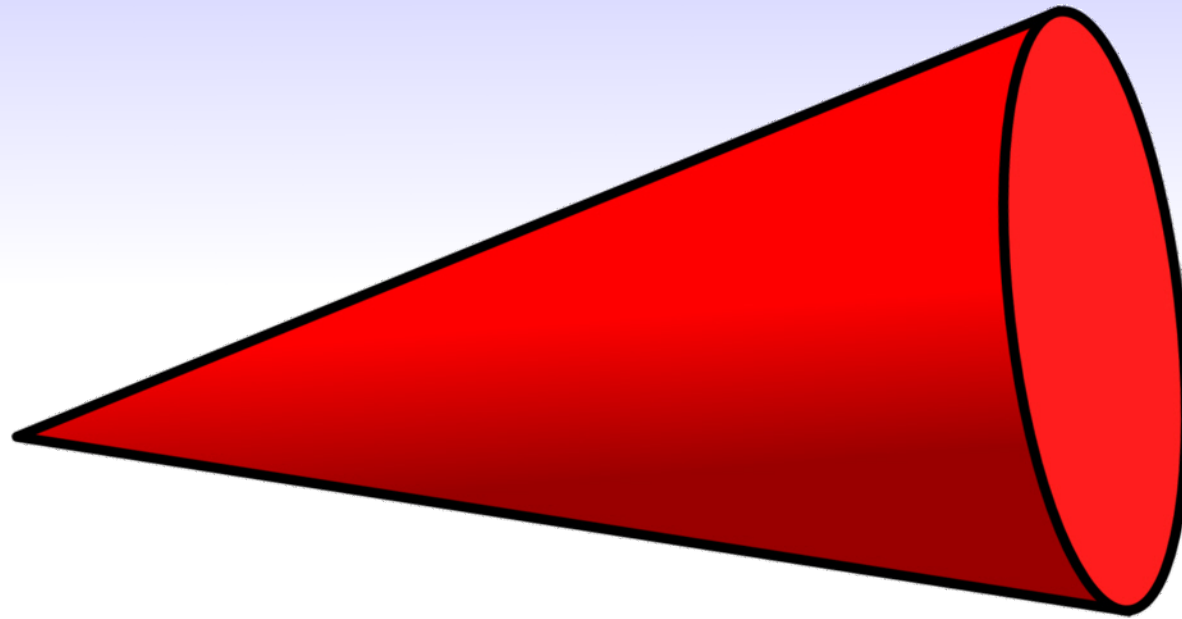

Which shapes go round and round
and **roll** like the wheels?

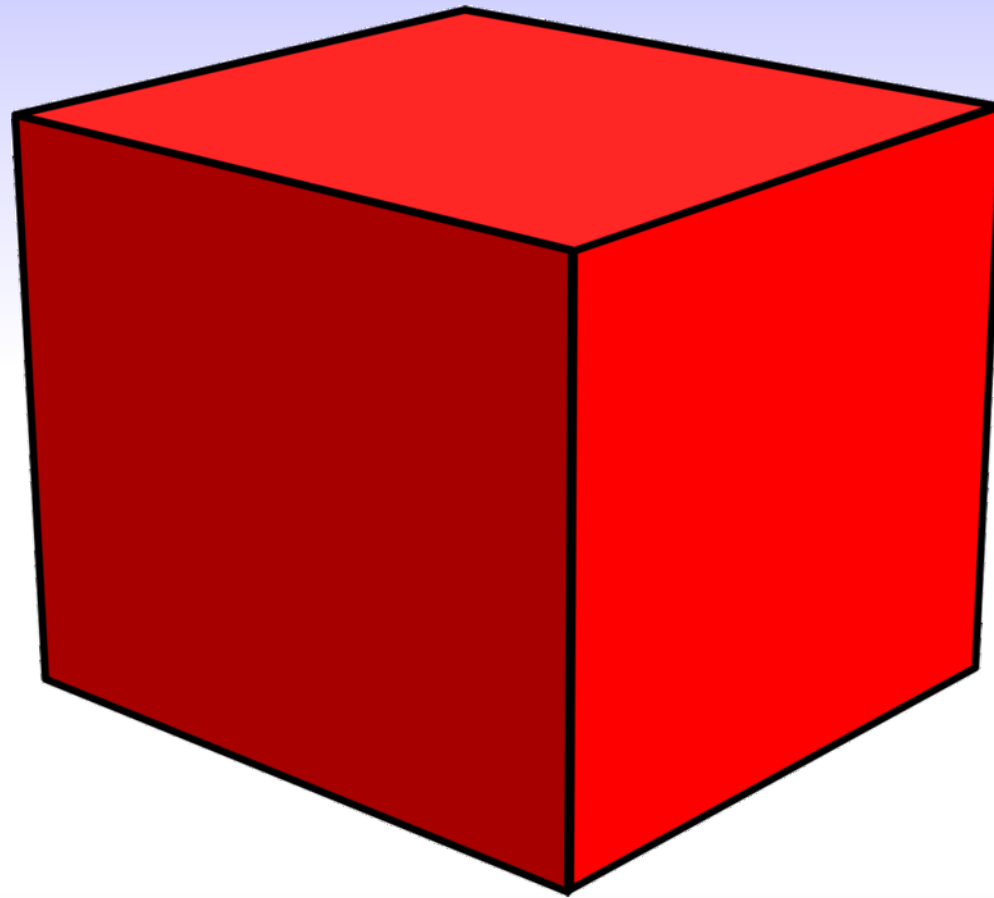

Which shapes **slide** like the ice skates?

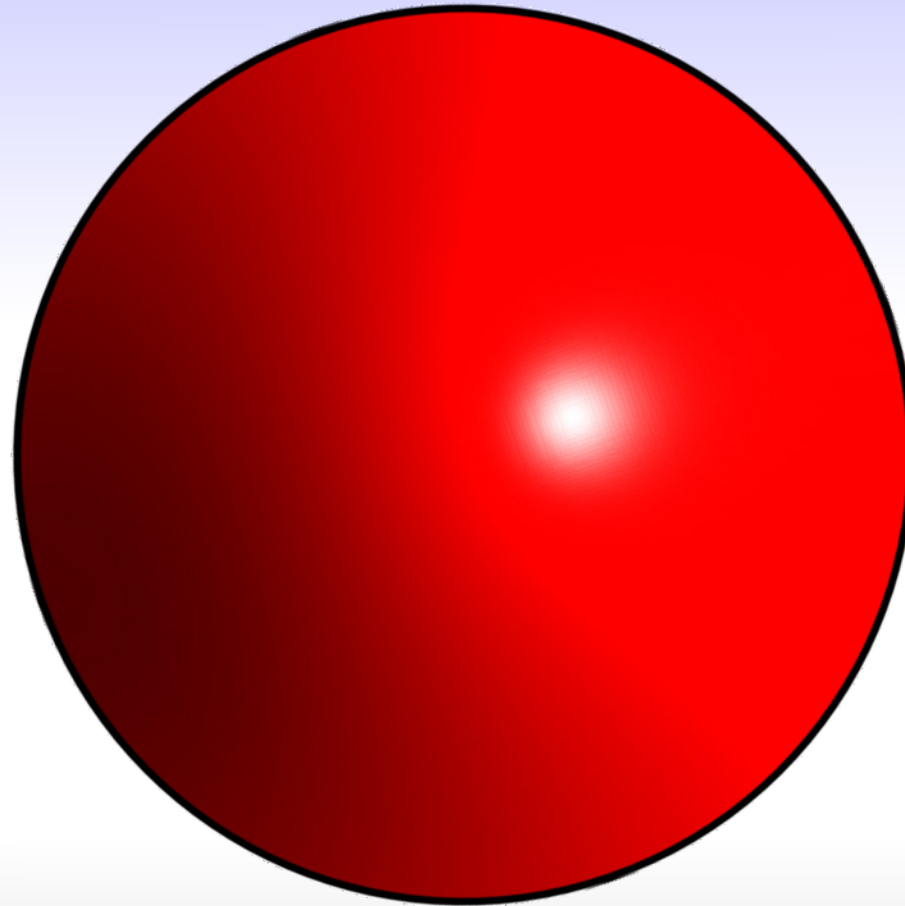

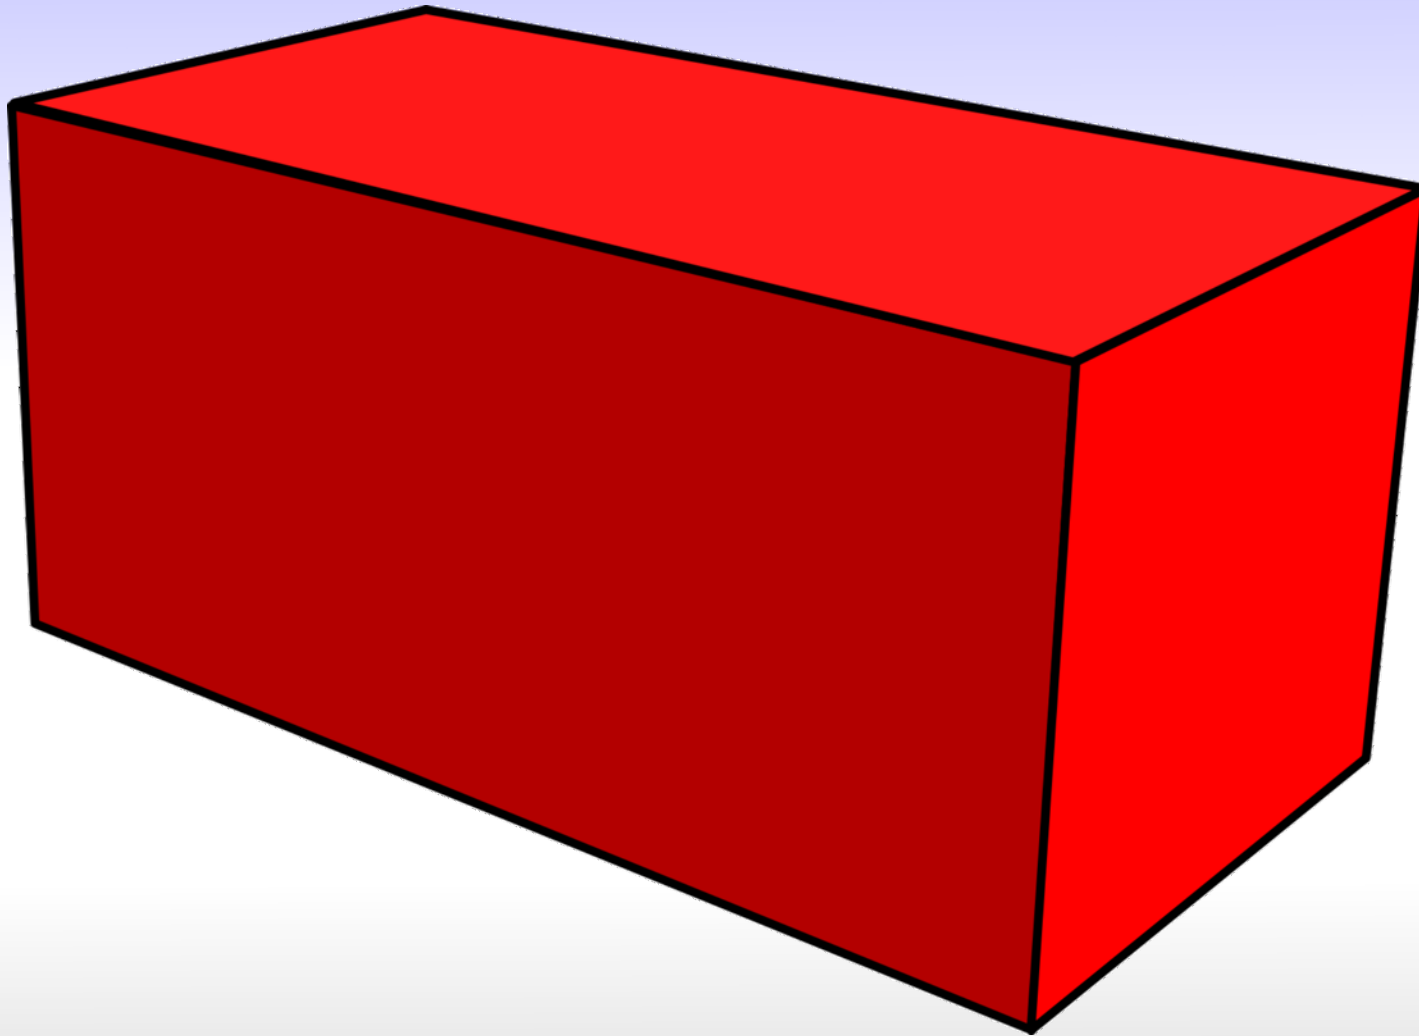

The side of the **cone** goes
round and round

The side of the **cube** goes
slide, slide, slide

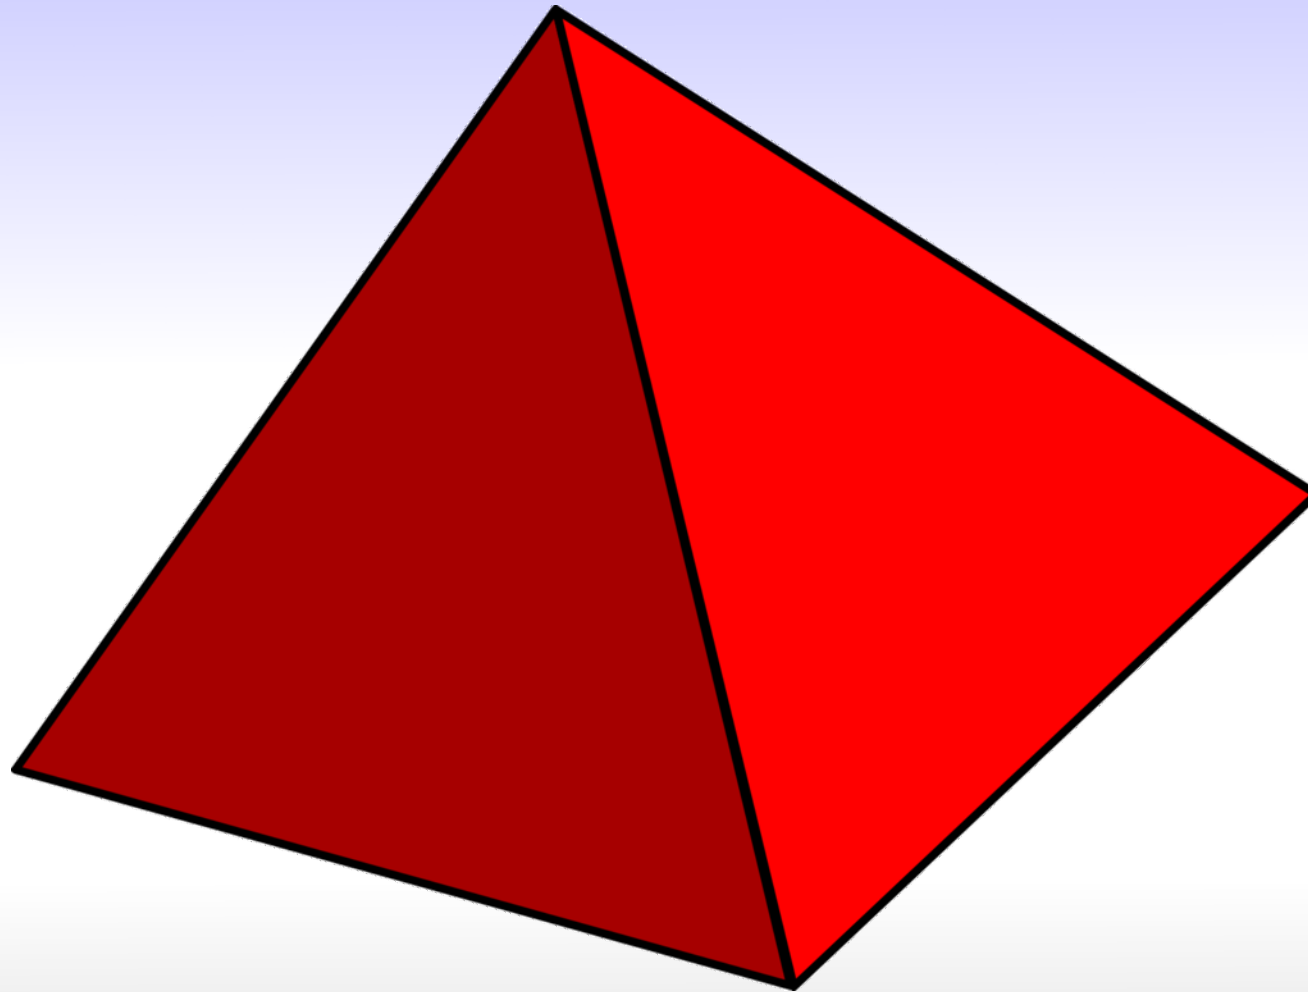

The side of the **sphere** goes...

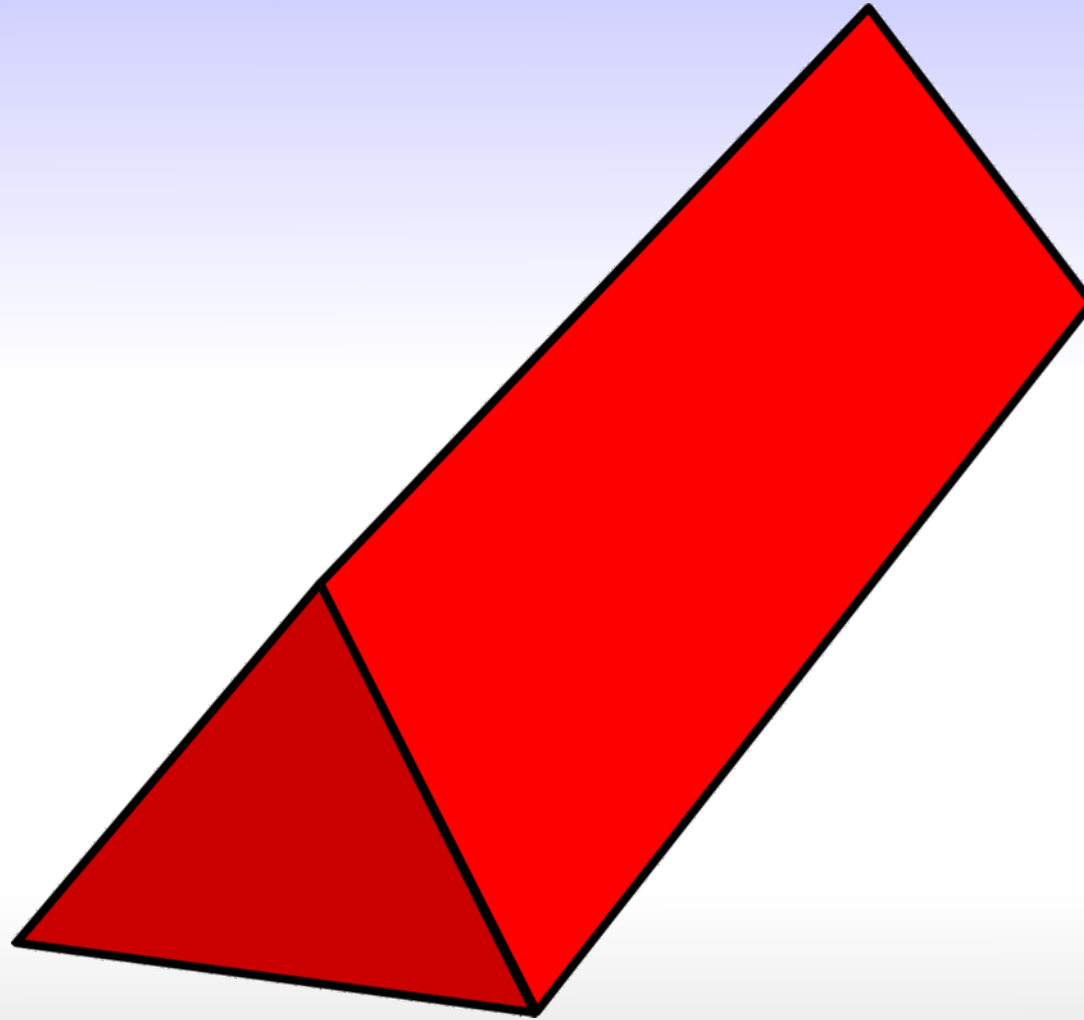

The side of the **rectangular prism** goes...

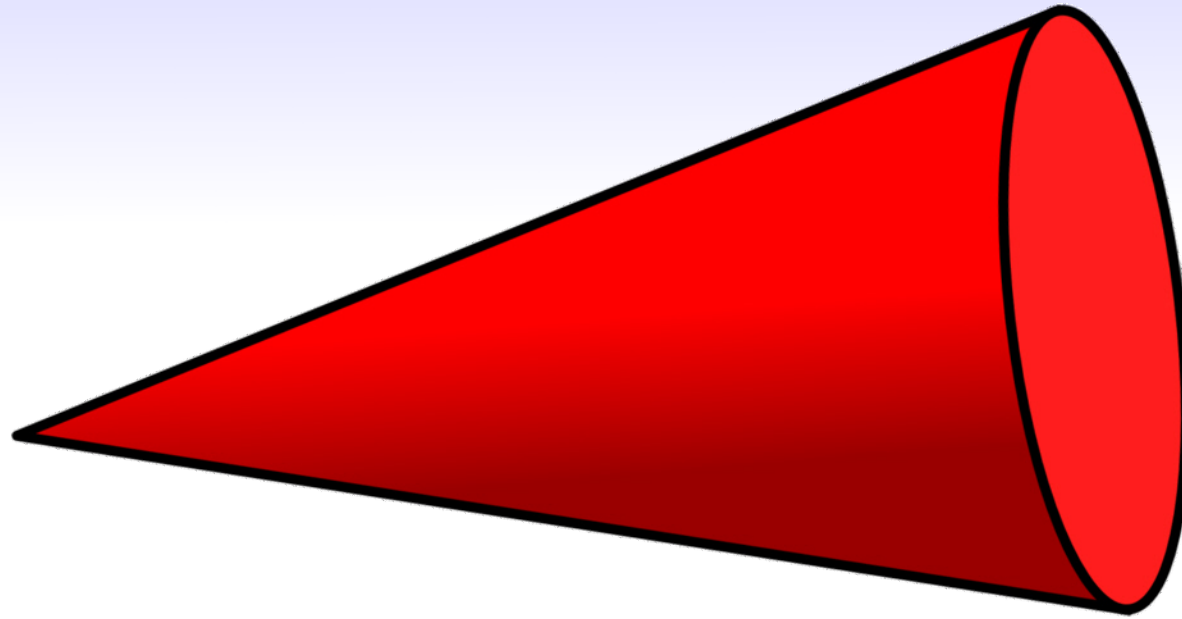

The side of the **cylinder** goes...

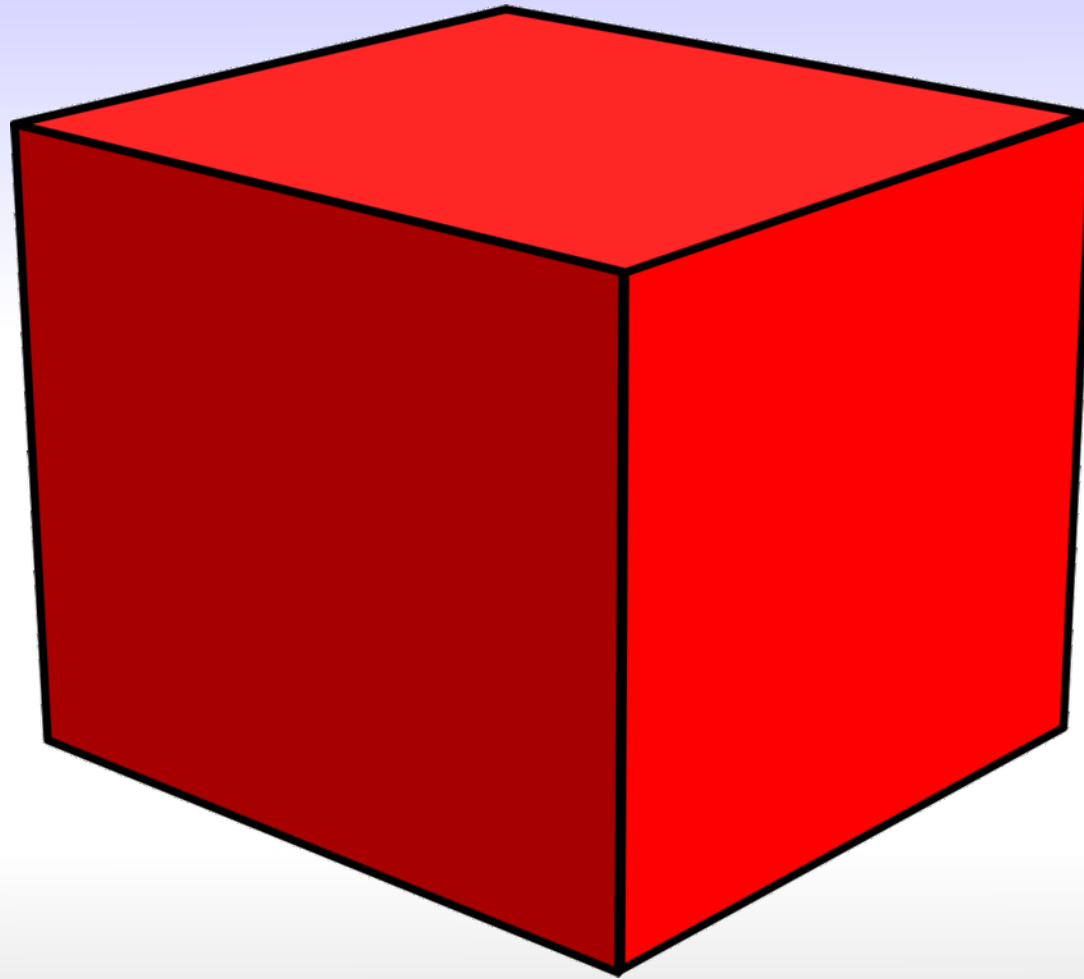

The side of the **pyramid** goes...

The side of the **triangular prism** goes...

The side of the **cone** goes...

The side of the **cube** goes...
