The illustration shows a vertical number '1' constructed from a stack of five pebbles: a yellow one at the top, followed by an orange one, a grey one, a white one, and a black one at the bottom. Surrounding this central stack are several other individual pebbles in various colors and shapes, including brown, grey, orange, and black, scattered across the white background.

Make your numbers with pebbles on the ground.

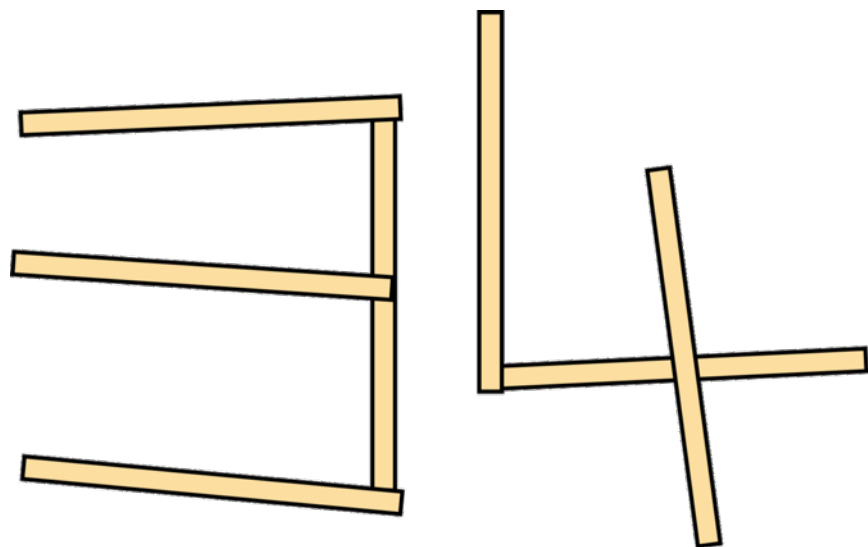

The illustration shows a number '1' formed by a stack of five bean bags. From top to bottom, the colors are blue, green, red, yellow, and blue. The bean bags are arranged in a slightly irregular, wavy pattern to form the shape of the digit '1'. The background is white.

Make your numbers with bean bags.
