A vibrant space-themed background featuring a dark blue starry sky. In the foreground, there are several stylized celestial bodies: a yellow and orange striped planet with a ring system on the left, a light blue planet with a ring system in the center, and a solid blue planet on the right. A bright orange comet streaks across the top left. The word "inits" is written in large, white, rounded letters with a thick black outline, positioned across the middle of the scene.
