Once upon a time...

A long time ago...

In a land far away...

Back in the mists of time...

Before the beginning of time...

Did you ever hear the story of...?

Far away and just as long ago...

I want to tell you a story all about...

In a land that time forgot...

The story begins with...

It was long ago and...

Once upon a dream...

Many years ago...

Now here's a story I have heard tell...

Once there was...

Deep in the damp, dark forest...

In a gloomy cave...

On a lonely mountain...

In a cottage in the woods...

In the highest tower...

In the darkest dungeon...

This is a tale about...
