I can tell a story that starts with
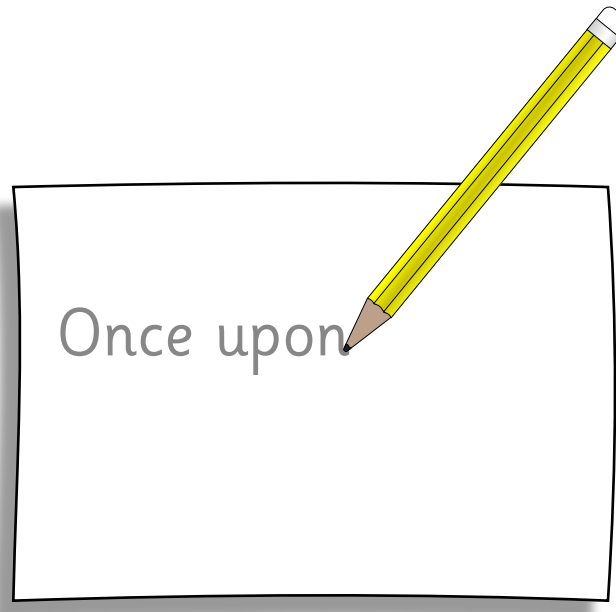

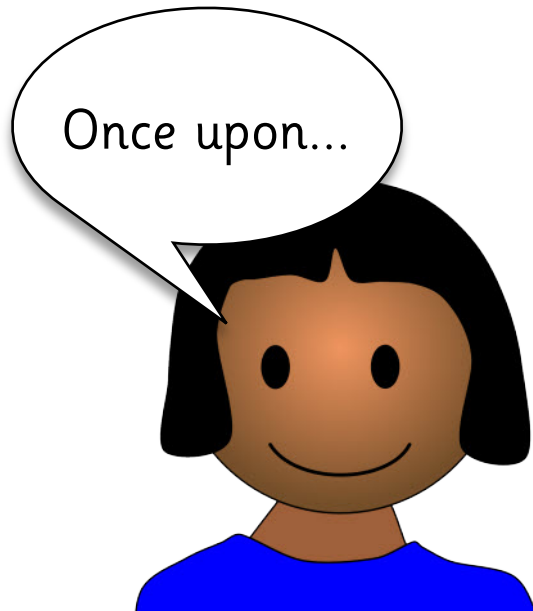

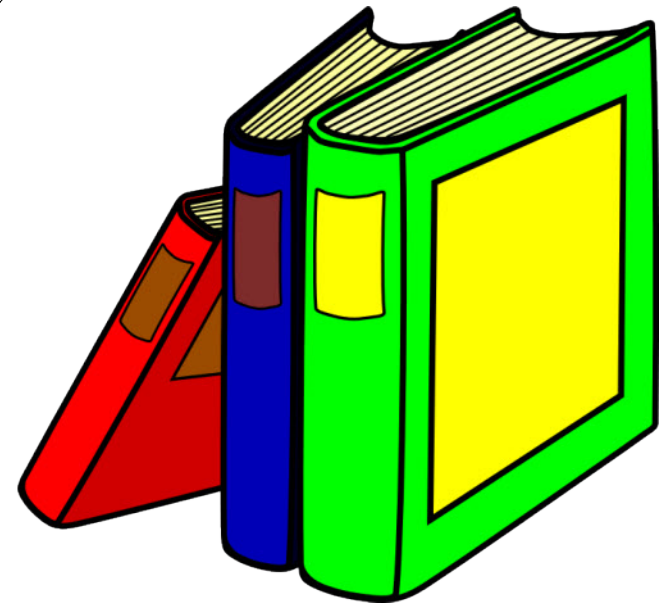

Once upon a time...

Once upon...

Once upon

I can tell a story that starts with

A long time ago...

A long time...

A long time
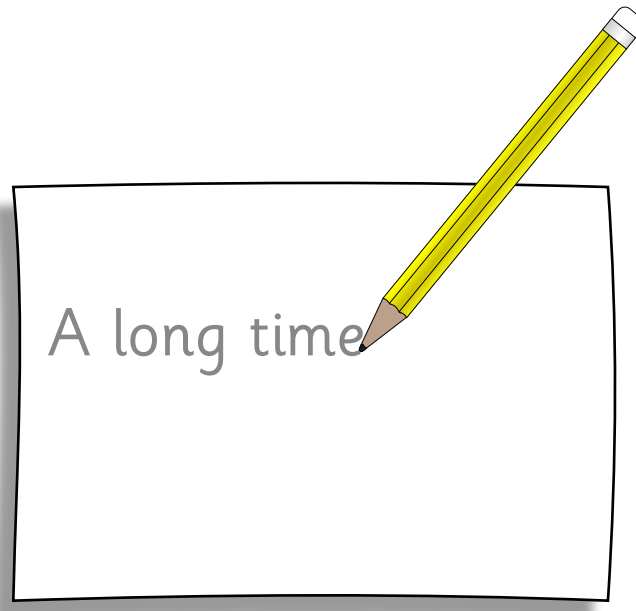

I can tell a story that starts with
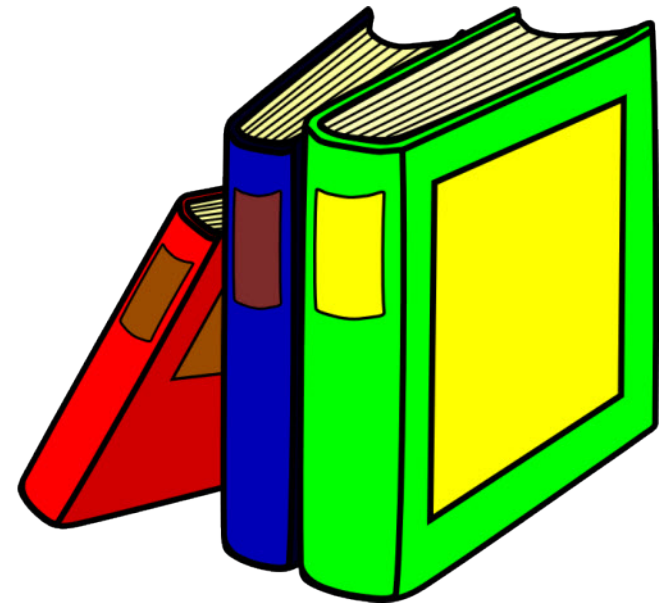

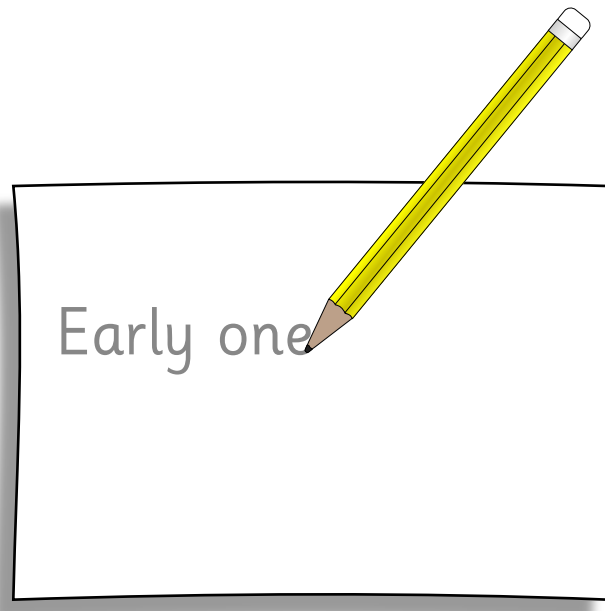

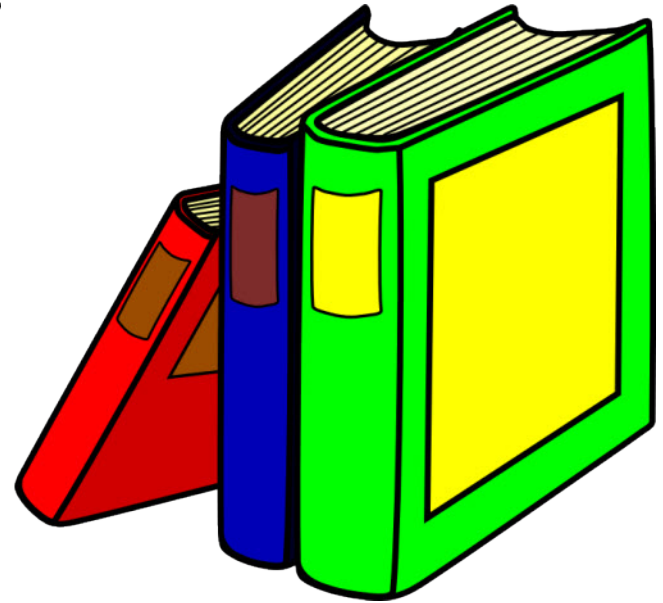

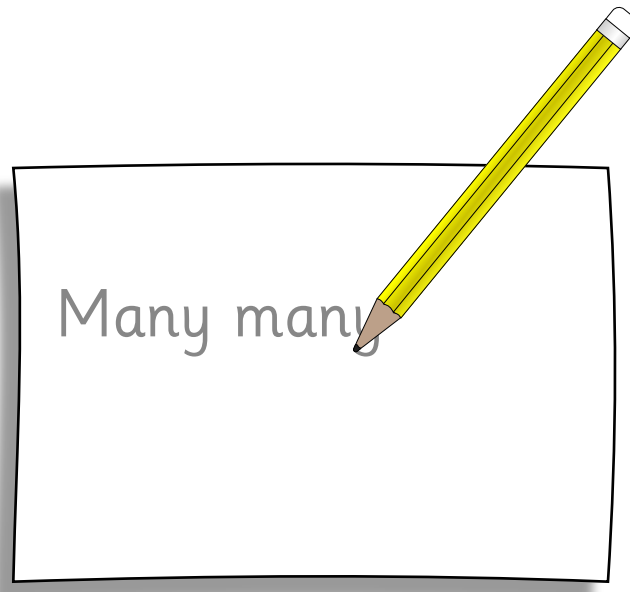

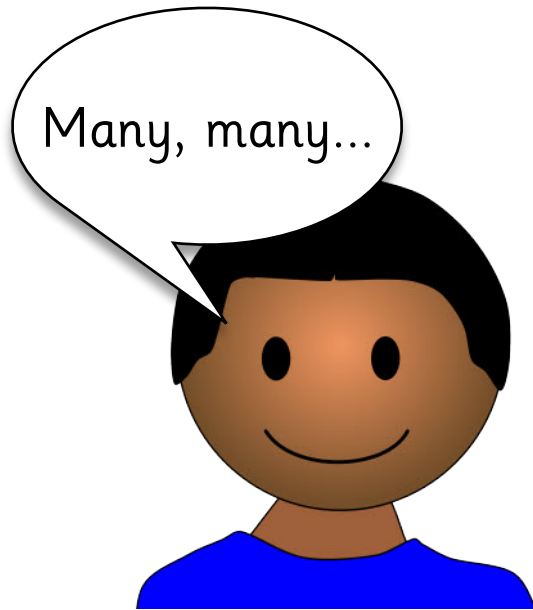

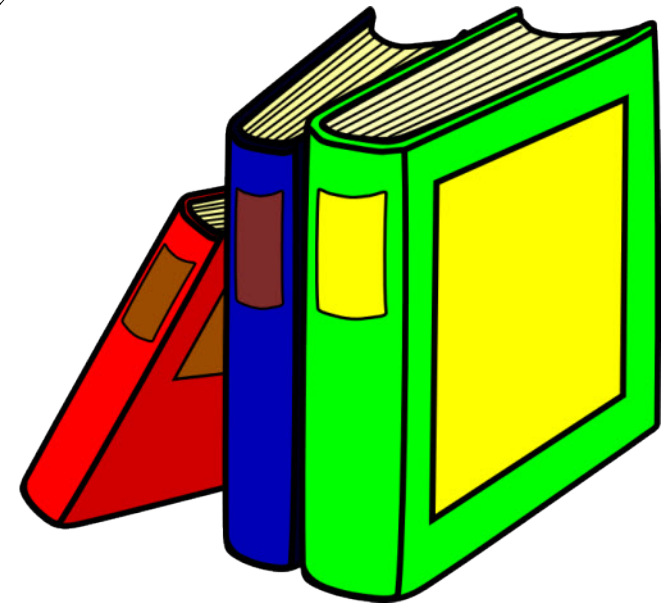

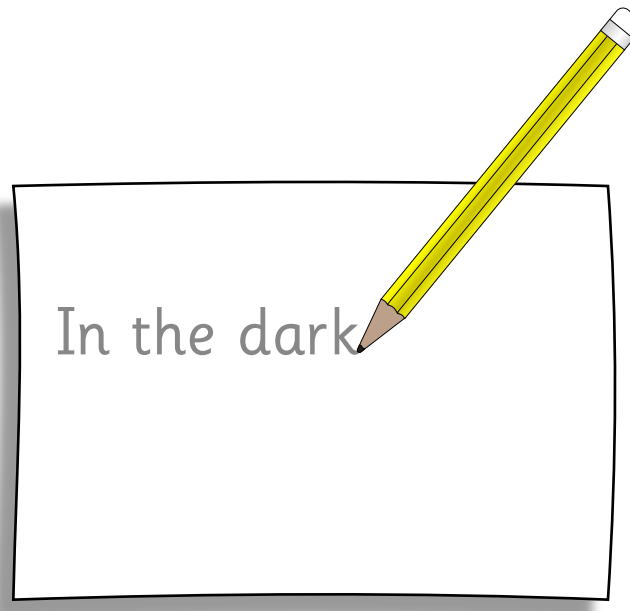

Early one morning...

Early one...

Early one

I can tell a story that starts with

Many, many years ago...

I can tell a story that starts with
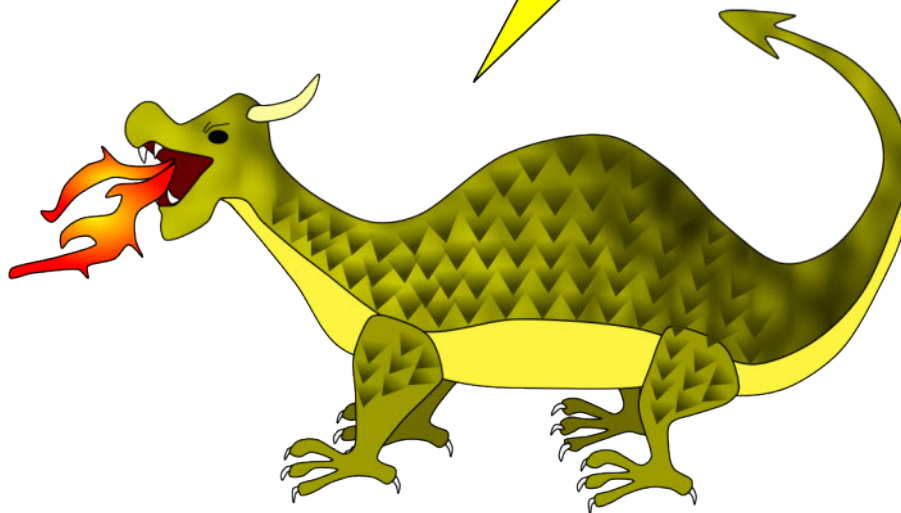

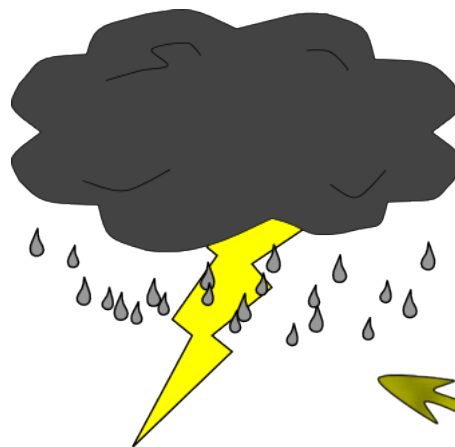

In the dark of the night...

In the dark...

In the dark

Can you tell a scary story?

Can you tell a story with a **happy** ending?

Can you tell a sad story?
