

# Drive your style.

**3M Films help you express yourself —  
and protect your vehicle.**

# Bring more color into your life.

Restyle your vehicle without the expense — or commitment — of a new paint job. 3M™ Wrap Films give you a beautiful and durable alternative to paint. With 100-plus colors to select from, there are plenty of ways to design a look that's all you.

#### Express your style in a one-of-a-kind way.

Choose colors, textures and finishes you can't get with paint.

#### Get a preview.

A proprietary digital visualization tool, the Restyling Studio at [3M.com/RestylingStudio](https://3M.com/RestylingStudio) helps you see what your vehicle might look like newly wrapped or tinted with automotive window tint.

#### Give yourself some flexibility.

Styles change — and your wrap job can too. A 3M recommended restyler can easily remove 3M™ Wrap Films.

#### Enhance resale value.

Wrap film won't damage paint.

## Sweat the details.

Make sure your restyle is in good hands. A 3M recommended restyler can bring your vision for your vehicle to life. High-quality 3M™ Wrap Film stretches and conforms to hug the curves, take corners and give you the confidence of a job done right.

- **Durability.** High-quality films provide a durable finish that lasts up to seven years.
- **Reliability.** Your 3M recommended restyler and the latest installation techniques help ensure proper adhesion and a smooth, beautiful appearance.
- **Peace of mind.** A product from 3M, a name you know and trust, paired with the most comprehensive warranty in the industry — up to seven years on vertical surfaces — give you the confidence that you're protected.

#### How do I wrap my vehicle?

Visit a 3M recommended restyler. Locate one at [3M.com/find-a-restyler](https://3M.com/find-a-restyler).

Choose from 3M's portfolio of over 100 colors, textures and finishes.

The restyler will prep your car and install the film over your existing paint. The wrap film will adhere to your car without damaging the original paint job.\*

The restyler will tell you how to care for your vehicle wrap.

Drive away in your newly restyled vehicle — and make a statement wherever you go.

\*To ensure a quality wrap job, paint should be in good condition. If you have questions about the suitability of wrap film for your vehicle, consult a 3M recommended restyler.

Wrap Film  
Series 2080

# A new way to wrap.

## Introducing 3M™ Wrap Film Series 2080

You've always been one to make the bold choice. Align yourself with a leader. 3M have reinvented their Wrap Film Series with features that will leave your competition in the dust.

# Create a sensation.

### Don't follow. Lead the way.

A Protective Film Layer on gloss colors.

Stays on during installation then is removed quickly, easily and cleanly after install to reduce surface impressions and scratches for a beautiful finish and improved productivity.

- Performs well with Knifeless Tape
- Protective layer is recyclable
- Patent pending: cannot be replicated by competitors

### Wrap smarter not harder.

Provide a better fit around curves and in channels for sleek appearance and easier installation.

- Increased heat stretch performance and superior lifting resistance
- Best in class conformability based on internal testing

### An improved warranty.

Greater confidence for the installer and better support for end customers.

- 1080:**  
3yr vertical / 1yr horizontal
- 2080:**  
7yr vertical / 2yr horizontal

\* Warranty varies by zone. Warranty information is not valid for Gloss Silver Chrome GC451.

# It's a wrap.

Backed by 3M technical support, training and certification programs that help you and your staff keep up with the latest techniques.

New technology and innovation to help installers wrap smarter, not harder.

Contact your local Spicers representative for more information.

3M Films help you express yourself — and protect your vehicle.

# Stay out of the sun.

Protect the interior of your car — and the people who ride in it — from damaging light, heat and glare.\* 3M™ Automotive Window Film Crystalline Series rejects more heat than many dark films without interfering with visibility or cellular signals, making it the superior choice for comfort, style, safety and electronic communication. Choose a darker tint to change the appearance of your vehicle or a lighter tint if you want to maintain its appearance.

- Allows visible light into your vehicle while keeping heat out so you can stay cool and see clearly.
- Advanced nanotechnology combines over 200 layers in a film thinner than a Post-it® Note to block up to 99% of ultraviolet (UV) light and provide a total sun protection factor (SPF) of 1,000 for you and your passengers.
- Offers the highest protection available, rejecting up to 60% of solar energy and up to 97% of heat-producing infrared rays.
- Choose from six different tint or visible light transmission (VLT) levels.
- Non-metallized window film lets you stay connected to mobile devices, GPS or satellite radio reception without interference.

3M Crystalline Series window films are easy to install, durable, virtually maintenance-free and backed by a limited lifetime warranty for your peace of mind.

Learn more at [3M.com/windowfilm](https://www.3m.com/windowfilm)

\*Auto tint laws vary by state or province. Please check your local laws or ask your dealer/installer for films that meet your local tint laws.

## From sun protection to security.

3M offers a range of films to meet your needs. Use this selection guide to find the right window film for you.

# Keep your nose clean.

3M™ Wrap Overlaminate  
Introducing 3M™ Wrap Overlaminate Series 8900

## Designed to take your wraps over the top.

Don't live in fear of flying rocks. Scotchgard™ Paint Protection Films help prevent damage to your vehicle from chips, scratches, stains and the elements — without changing the way your vehicle looks.

- Professionally installed
- Boost resale value
- Tough, durable and maintenance-free
- Resistant to yellowing
- Backed by a 10-year warranty\*

See how your car might look in a color, texture and finish you choose: [3M.com/Restyling](https://3M.com/Restyling).

Find a 3M recommended restyler: [3M.com/find-a-restyler](https://3M.com/find-a-restyler).

**Give yourself some flexibility.**

Styles change — and your wrap job can too. A 3M recommended restyler can easily remove 3M™ Wrap Films.

\*Warranty provides 10 years of coverage from the date of installation against defects, yellowing, bubbling and cracking.

## Introducing the overlaminates that increase your wow factor.

3M™ Wrap Overlaminate Series 8900 lets you create combinations of colours and textures like never before. Now you can turn your vehicle into a custom, rolling showstopper. When you combine these transparent, specialty overlaminates with coloured or printed films, your design options are endless.

Create the textures you want in any colour. Design head-turning vehicle wraps and stunning accents. It's time to go above and beyond.

Speciality Overlaminate Name	Product Number	Colour	Film Thickness	Liner	Dimensions

3M™ Knifeless Tapes

# Changing the installation experience.

Make the installation experience easier with 3M™ Knifeless Tape. Easily cut through any graphic film with sharp and clean lines - no matter the design!

## Knifeless Tape Usage Guide

	Finish Line	Design Line	Perf Line	Bridge Line	Tri Line (6mm)	Tri Line (9mm)
3M Wrap Film Series	✓	✓		✓	✓	✓
Non-PVC & Laminated Films	✓			✓		
Reflective Film	✓			✓		
Perforated Window Film			✓			
Chrome Wrap Film				✓		

## Cuts like a knife. Only better.

Get a line on the lineup of tapes that lets you do more.

Knifeless Tapes were inspired by the idea of never having to worry about surface damage when cutting any graphic film. Designed by graphics installers for graphics installers, Knifeless Tape gives new installers the opportunity to start trimming sooner, gaining confidence. And it takes experienced installers to the next level — increasing their speed and unleashing their creativity. What could be better than that?

[3M.com/knifelesstape](http://3M.com/knifelesstape)

### 3M™ Finish Line Knifeless Tape KTS-FL1

Our #1 product set the new industry standard for finishing vehicle graphic installations without a blade.

- Easily cuts most vinyl wrap films
- Patented design turns easily in any direction to follow contours and curves
- For single or multiple vinyl layer applications

Follow contours and curves on any part of the vehicle.

### 3M™ Design Line Knifeless Tape KTS-DL1

Flexible tape and filament are engineered to easily create highly contoured designs and leave a sharp, clean edge.

- Create striping, accents and designs that rival using a knife or plotter
- Patented design stretches slightly and turns easily in any direction for one-of-a-kind works of art
- Tape can be broken with hands for faster application
- For single layer vinyl applications

Create unique accents and designs.

### 3M™ Perf Line Knifeless Tape KTS-PERF1

Easily cut a uniform margin between window graphic and rubber molding.

- Use to cut laminated, perforated window films and create a uniform relief cut along rubber molding before applying edge-sealing tape
- Can be used to bridge tight gaps and trimming

Create a uniform relief cut between window graphic and rubber molding.

### 3M™ Bridge Line Knifeless Tape KTS-BL1

Create evenly cut graphics bridging from one panel to the next for a professional finish.

- Use to achieve clean and uniform cuts in wide gaps between doors, fenders and rubber moldings
- For single or multiple vinyl layer applications

Evenly cut in gaps between car panels.

### 3M™ Tri Line Knifeless Tape KTS-TL6 & KTS-TL9

Unique, triple-lined tape ensures accurate, consistent stripe width from one end of the vehicle to the other.

- Create pinstripes, gaps and butt seams that rival using a knife or plotter
- Create different widths using 6mm, 9mm or a combination of both
- Patented design stretches slightly and turns easily in any direction for one-of-a-kind works of art
- Tape can be broken with hands for faster application
- For single layer vinyl applications

Create consistent pinstripes using any wrap films.

# Once we have you covered, you're covered.

### Sun. Rain. Snow. Whatever the weather, 3M graphics will stand up to it.

As a world leader in weathering test standards, we use a combination of science, technology and innovation to ensure your finished graphic will perform for its intended life.

## 3M Basic Product Warranty

### Ready to go, out of the box.

Prepare to be amazed. No physical damage. No visual or adhesive defects. Just stunning graphics, guaranteed. Basically, anything that affects the functionality of our adhesive-backed graphic film is covered.

## 3M™ MCS™ Warranty

### The most comprehensive finished graphics warranty in the industry.

This one wins best in show. When you use finished graphics made with all 3M Graphics products and components, you're protected for virtually any application.

- Non-prorated warranty coverage
- Dedicated complaint resolution team
- Easy access to warranty period matrices
- Weathering tests that set the standard for evaluating the performance and life of a finished graphic

## Opaque colored films

Your color will stay your color for the life of the warranty.

- For everything from large fleet markings to small cut letters on signs or store fronts
- Lifetime Warranty\* for tractors and trailers
- Extended Warranty for legibility (white or black films)

## Colored/textured wrap films

Same warranty for all film types makes it easy to understand and explain to customers.

- Solid-color vehicle detailing for personal and commercial use
- Exceptional Horizontal Warranty\*
- Ready to install — no graphics protection or printing needed

# Training and testing

Learn up-to-date installation techniques, industry best practices and 3M-specific solutions. 3M offers best-in-class graphics installation training and testing programs across the country.

## Select Partners

Our national network of 3M Select Partners are loyal 3M partners who can help you create and execute your graphics, architectural and window films solutions. All partners must pass 3M's thorough auditing process to achieve this elite status and are recognised by 3M as leaders in the graphics, architectural and window film industries. To hire a company for your graphics, architectural and window films projects, please contact a 3M Select Partner.

## Installer Training & Testing

Get personal, hands-on training from 3M Graphics Authorised Trainers. Practice your skills, including vehicle graphics, Architectural and Window Films, smooth and textured walls and floor graphics. The low student-to-trainer ratio of this advanced training will help improve your installation knowledge and skills. This is available to our 3M Select Network or 3M Preferred Graphics Installers.

### Find out more

To find your local 3M Select Partner, 3M Preferred Graphics installer, or for training and support contact your local Spicers representative.
