

From start to finish

It's a race to create
what others can't

Tips to being
successful on the track
from idea to product.

Quality

1

Isolate ...
Chemistry vs
Process

2

Techniques ...
Manual vs
Automation

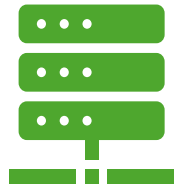

3

Sort defects
Visual vs
Measurable

Cost

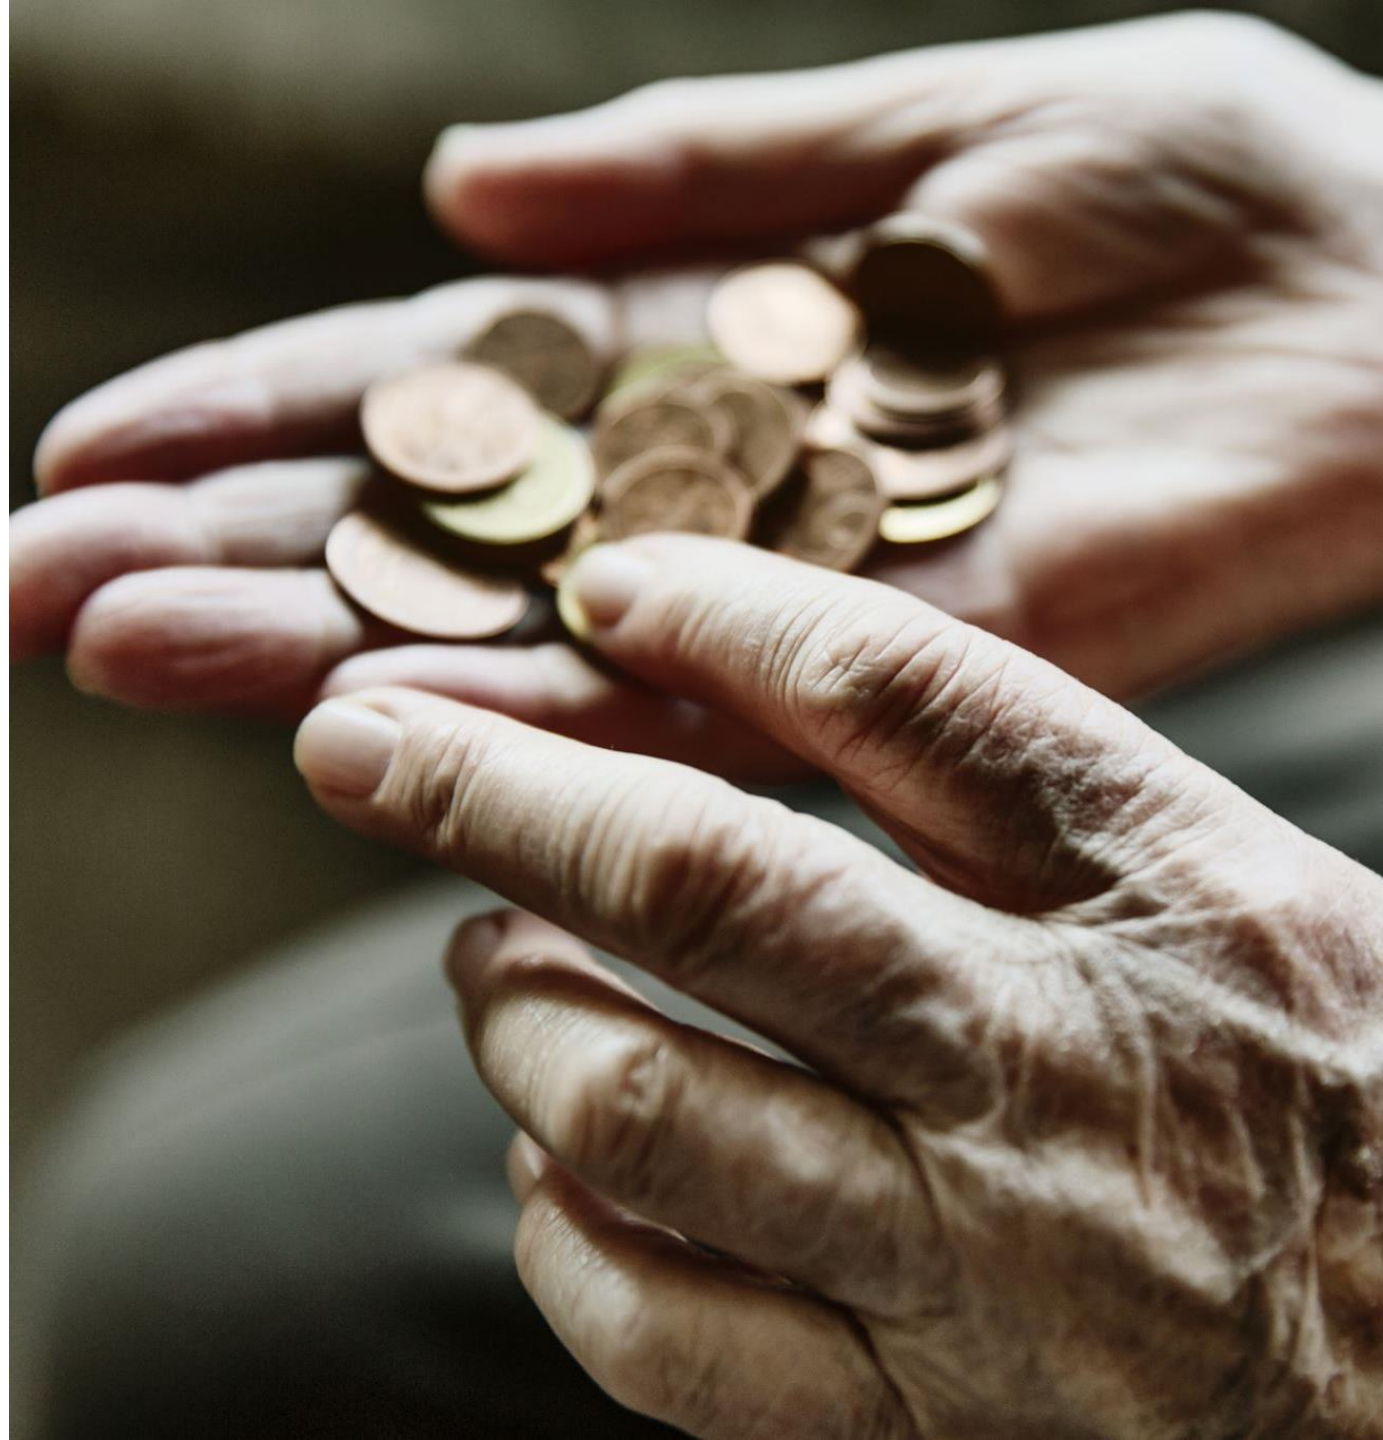

Keep *cheap and easy*
on-hand AT ALL TIMES

Multi-source
up front

Identify primary
in-house components

Time

of days
Goal-to-Goal

Accept
defects and
track
