#### **Head Coach** Shirley Schoof Shirley Schoof Shirley Schoof Barbara Longstreth Barbara Longstreth Barbara Longstreth Barbara Longstreth Onnie Killefer Onnie Killefer Onnie Killefer Onnie Killefer Sheryl Johnson Lesley Irvine Tara Danielson Tara Danielson Tara Danielson

Sara Hallock, a two-time All-American and two-time NorPac Player of the Year, finished third in the nation in scoring with 25 goals during her senior campaign in 1993.

Nancy White was a two-time AIAW All-American and member of the 1980 U.S. Olympic Team.

A two-time NFHCA First Team All-American (2011, 2012), Becky Dru totaled 54 goals, 36 assists, 144 points, 311 shots and 15 game-winning goals in 87 career games.

# **Varsity Turf**

The Stanford field hockey program begins its 16th season on the Varsity Turf in 2013. The facility was made possible by numerous donations, including generous contributions by the Levinson Family.

A new synthetic turf playing field was installed prior to the 2013 season, significantly enhancing the overall playing experience for the student-athlete. Partnering with AstroTurf, the latest project represents the third AstroTurf field on The Farm, following up recent practice field renovations for football and soccer.

With a seating capacity of 500 and measuring over 111,000 square feet, the Varsity Turf field features the AstroTurf System 90 product, which combines the traditional knitted nylon top cloth with a 3/8 inch Armacell pad. AstroTurf fields have long been regarded as the unequivocal standard for field hockey performance and are the preferred surface by coaches and players for their playability, durability and low maintenance.

The playing surface upgrade is the latest enhancement to a facility that, once upcoming modifications are complete, will rank among the finest in the country.

The 2009 campaign featured the addition of lights to the facility. Stanford defeated Northeastern 1-0 on Sept. 4 in the first-ever night game in school history, kicking off the first of three contests played under the lights. Four towers (90-foot poles) containing 30 1500-watt metal Halide Fixtures light the playing field. The poles feature the Total Light Control (TLC) visors, which efficiently direct light onto the playing surface while reducing the off-site glare to surrounding areas.

The Varsity Turf has served as the host site for the NorPac Conference Championship on five different occasions (1999, 2002, 2007, 2009, 2011).

In 2007, Stanford captured the NorPac Tournament crown with a 3-1 victory over California. Three days later, the Cardinal hosted a postseason contest for the first time in school history, blanking Lock Haven 1-0 in an NCAA Tournament Play-In game at the Varsity Turf.

In January of 2004, the facility hosted a pair of international field hockey series featuring the U.S. National Team in its preparation for 2004 Olympic qualifying matches. The Varsity Turf has also hosted the Sony Field Hockey Challenge, a two-day tournament bringing together a blend of collegiate and international competition, for three straight seasons.
