RE: Stanislaus State University STARS Report Submission 2024

Dear AASHE Staff and STARS Steering Committee,

On behalf of California State University, Stanislaus, I am pleased to submit our second STARS report for your review. This months-long process of comprehensive data collection, evaluation, and analysis has been a collaborative effort across all departments – a testament to our Warrior spirit and pride.

Since our last submission, we have seen a notable improvement and increase in our reporting score resulting in provisional Gold Rating. This is a testament to our campus-wide commitment and ongoing efforts to be a sustainable campus in which we can all be proud.

As the Vice President of Business and Finance of California State University, Stanislaus, I affirm that the information in this report has been thoroughly reviewed for accuracy. I thank the many faculty, students, and staff that were involved in collecting and providing information without which this STARS submission would not have been possible.

Sincerely,

Rose McAuliffe
Vice President of Business and Finance
California State University, Stanislaus
