

ECO-CUB DEPARTMENT CERTIFICATION

Congratulations to **Culinary Arts** for being the first department to complete the ECO-CUB Department Certification, and achieve **GREEN**, the highest level!

If your department would like to participate, contact David Liebman at dliebman@santarosa.edu

ECO-CUB Certified Department

WINTER BREAK SHUTDOWN

Due to efforts by SRJC faculty, staff, and students, we saved 1,344 kWh of electricity daily over the previous two-year average, enough electricity to reduce CO₂e emissions by 806 pounds PER DAY! That's the same as commuting by car 900 miles round trip every single time you drive to work.

Thank you to all who went above and beyond to make this happen. We'd like to give a special shout out to Race Building for unplugging vending machines, and Library staff for emptying their full-size refrigerator!

Be on the lookout for the Green Hand in the future!
